

Screening Determination: SEA Required – Section 8(1)

DUNDEE CITY COUNCIL SUSTAINABLE ENERGY AND CLIMATE ACTION PLAN

The Environmental Assessment (Scotland) Act 2005

Screening Determination under Section 8(1)

Section 8 (1) of the Environmental Assessment (Scotland) Act 2005 requires Local Authorities to determine if a plan is likely to have significant environmental effects.

Dundee City Council has determined, in consultation with Scottish Environment Protection Agency, Scottish Natural Heritage and Historic Scotland, that the Sustainable Energy and Climate Action Plan is likely to have significant effects and that a strategic environmental assessment is required. An Environmental Report will therefore be prepared alongside the Sustainable Energy and Climate Action Plan and will identify, describe and evaluate the likely significant effects on the environment of implementing the Sustainable Energy and Climate Action Plan.
