

# Fintry Finlathen Walk

Distance: 1.25 miles  
Time: 35 minutes  
Grade: 2

# Fintry Finlathen Walk

An easy walk on well made paths with some steps.

## Directions

From the Finmill Centre turn right following the road around to Findcastle Place and turn right. When you reach Fintry Road, turn left, and cross at the circle on to Fintry Crescent. Walk straight down the Crescent in to Fintryside. Take the steps on your right to the top of the viaduct.

Follow the path down and across the park until you reach a small bridge. Once crossed turn right and continue around the park until you reach a second bridge over the Dighty. Cross over – there is a short but steep incline as you exit the park. Cross over Fintry Road and proceed up Finavon St until you reach Fintry Drive. Turn right and right again at Finavon Terrace and then left after a few yards into Findcastle Street until you return to the Finmill Centre.

## Points of interest

- The viaduct is an aqueduct built in 1845 to carry fresh water.
- Keep an eye out for wildlife along the Dighty.

The Dundee Green Health Partnership is helping to make more use of Scotland's outdoors as Our Natural Health Service.
