

FACTSHEET 25

Additional Year of Pre-School Education For Children Who Are Eligible To Start Primary School

Children normally start primary school when they are aged between 4½ and 5½. Parents of children who are 4½ - 5 may wish to defer their child's entry to Primary One for a further year. However only those children whose birthdays fall in January or February are guaranteed funding for a further year of part-time pre-school education. Places may also be available for children with September to December birthdays but this is at the discretion of the Council.

If your child's 4th birthday falls between September and February and you wish to apply for an additional year of pre-school education for your child, you should discuss this with the Head Teacher of your child's nursery. The nursery can provide you with more detailed information and will ask you to complete an Application Form.

Your local nursery can provide you with all the information you need. If you require a list of nursery schools and classes in Dundee go to www.scottishfamilies.gov.uk, email Dundee Children And Families Information Service on cis@dundeecity.gov.uk or telephone 01382 433900. **Information is available on the local pages of the national website where alongside details about childcare services you can also access further advice, groups and other services available for families locally and nationally**
