Caird Park Golf Course is a pay-as-you-play course set in extensive parkland on the northern outskirts of the city and in the heart of “Carnoustie Country”. A reasonably easy start belies the difficulty of the middle section holes 7-13. The 243-yard 12th hole is a particular test while the back 9 criss-crosses the Gally Burn no less than four times.

Caird Park also boasts a nine hole course suited to beginners of the game.

Within the park there is a Nature Trail taking walkers around the park and ponds adjacent to the recently refurbished Mains Castle.
