

## **II CONTRACT FOR THE TREATMENT OF MIXED RECYCLING - METALS, PLASTICS AND CARTONS (AN33-2022)**

There was submitted Agenda Note AN33-2022 reporting that following the expiration of the existing contract for the treatment of mixed recycling: metals, plastics and cartons it was necessary to undertake a procurement exercise to secure a contractor to accept this material from October 2022.

The invitation to service this tender was issued via the Dynamic Purchasing System (DPS) Relating to The Treatment And Disposal Of Recyclable And Residual Waste (27-17): Lot 1 Treatment Of Co-Mingled Mixed Recyclate.

Following the tender closing date, evaluations were completed in July 2022. The bids were evaluated on service requirements, contract administration and pricing the rebate per tonne which included the haulage costs from Baldovie transfer station, Forties Road, Dundee.

Two bids were received, and following the subsequent evaluation of the bids, the table below demonstrated that Wyllie Recycling Limited, Perth were the most economically advantageous bidder to the Council.

| Bidder                          | Rebate per tonne | Haulage cost per tonne | Actual cost or rebate provided to the council per tonne | Contamination allowance |
|---------------------------------|------------------|------------------------|---|-------------------------|
| Cireco Scotland LLP, Glenrothes | £5.00            | £21.00                 | £16.00 (cost)   | 25%                     |
| Wyllie Recycling Limited, Perth | £204.00          | 0                      | £204.00 (rebate)  | 35%                     |

The Committee agreed that the contract be awarded to: - Wyllie Recycling Limited, Perth. The mixed recycling: metals, plastics and cartons would be reprocessed at Perth.

The contract would commence on 1st October, 2022 and would endure for one (1) year until 30th September, 2023. The Council may, at its sole discretion, extend the contract by one or more further periods of up to 1 year (up to a maximum of 2 x further 1-year periods).

The shorter duration period for this contract was to assess the impact on waste management collection services of the national Deposit Return Scheme, which was due to be introduced in August 2023.

The total value of the contract for the duration of the one year specified period was anticipated to result in an income of approximately £400,000 (£200,000 in 2022/2023 and £200,000 in 2023/2024).
