

DUNDEE CITY COUNCIL

REPORT TO: Policy and Resources Committee - 22 August 2011

REPORT ON: Dundee Community Safety Partnership Annual Report 2010 - 2011

REPORT BY: Director, Leisure and Communities

REPORT NO: 361- 2011

1.0 PURPOSE OF REPORT

- 1.1 To present the Dundee Community Safety Partnership Annual Report 2010 - 2011 to members.

2.0 RECOMMENDATIONS

- 2.1 Elected members note and approve the contents of the report.

3.0 FINANCIAL IMPLICATIONS

- 3.1 None.

4.0 BACKGROUND

- 4.1 The Dundee Community Safety Partnership Annual Report 2010 - 2011 reports progress of the Community Safety Strategy 2009 - 2012 agreed by Committee on 27 April 2009. Report No. 205-2009 refers.

- 4.2 The key achievements outlined within the report include the continuation of the downward trend of the last six years and that further reductions are reported in:

- Youth related calls
- Shop lifting
- Theft
- Domestic dwelling housebreaking
- Drug offences
- Serious assaults
- Motorcycle nuisance calls
- Secondary fires

In addition, there continues to be reasonably high levels of satisfaction among people in relation to those who do not let fear of crime affect their daily living or who perceive antisocial behaviour to be an infrequent occurrence in their neighbourhood.

- 4.3 Dundee Community Safety Partnership has responsibility for the Community Safety section of Dundee's Single Outcome Agreement. The key achievements highlighted in 4.2 demonstrate continuing significant progress towards achieving Dundee's vision of a City where "Our communities will be safe and feel safe".

5.0 POLICY IMPLICATIONS

- 5.1 This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-poverty, Equality Impact Assessment and Risk Management.

There are no major issues.

An Equality Impact Assessment has been carried out and will be made available on the Council website: <http://www.dundee.gov.uk/equanddiv/equimpact/>

6.0 CONSULTATION

- 6.1 The Chief Executive, Depute Chief Executive (Support Services) and Director of Finance, Chief Constable and Chief Fire Officer have been consulted on this report and are in agreement with its contents have been consulted on this report.

7.0 BACKGROUND PAPERS

- 7.1 The following background papers as defined by Section 50D of the Local Government (Scotland) Act 1973 were relied on to a material extent in preparing the above report.

- 8.0 CSP Report to Dundee Partnership on Single Outcome Agreement

1.0 Co-Chairperson Report

During the period 1 April 2010 - 31 March 2011 Dundee Community Safety Partnership has operated within the context of financial constraint and the spectre of downsizing for many of its partners. In spite of the challenges this has presented, we continually strive to maximise our resources and provide an effective service to those who live and work in Dundee.

The Community Safety Partnership, on behalf of the Dundee Partnership drives forward the Community Safety theme of the Dundee Community Plan and the Single Outcome Agreement.

The development of our new Strategic Assessment will also allow us to refocus our priorities for the coming year and reflect these in our action plan for 2011 - 2012.

Dundee Community Safety Partnership continues to be highly regarded nationally and staff from our various partner agencies are representing our interests in various national forms.

It is testament to the hard work and innovative approaches by partners within the current financial climate that we see the continuation of the downward trend of the last six years and that further reductions are reported in:

- Youth related calls
- Shoplifting
- Theft
- Domestic dwelling housebreaking
- Drug offences
- Serious assaults
- Motorcycle nuisance calls
- Secondary fires

In addition, there continues to be reasonably high levels of satisfaction among people in relation to those who do not let fear of crime affect their daily living or who perceive antisocial behaviour to be an infrequent occurrence in their neighbourhood.

Once more, additional funding was made available by the Scottish Government to contribute to our Centre Safe campaign over the festive period resulting in fewer crimes and excellent partnership work to ensure festive revellers were able to enjoy themselves in safety.

We continue to face challenges but are determined to carry on with our efforts to deliver high quality services and reassurance for those who live and work in the City to ensure Dundee remains a safe place in which to live, work and visit.

We commend this annual report to which demonstrates the continued improvements to the safety of our City and for its citizens.

Neil Gunn
Co Chair

Gavin Robertson
Co-Chair

2.0 Note of AGM - September 2010

At a MEETING of the **DUNDEE COMMUNITY SAFETY PARTNERSHIP** held at Dundee on 16th September, 2010.

Present:-

Neil GUNN, Leisure and Communities Department

Rena SMITH, Dundee Federation of Tenants' Association
Sue WILLIAMSON, Dundee Community Mediation
Christine LOWDEN, Dundee Voluntary Action
Andy HERMISTON, Tayside Fire and Rescue
Helen NISBETT, Procurator Fiscal, Dundee
Gavin ROBERTSON, Tayside Police
Bryan KNIGHT, Tayside Police
Garry BROWN, Tayside Fire and Rescue
Kenny REGAN, Tayside Fire and Rescue
John GILRUTH, Fintry Community Safety Panel
Morag BEATTIE, Duncan/Best Bar None
Wendy STRATHEARN, Victim Support
Chris WRIGHT, Youth Justice Co-ordinator
Kathryn SHARP, Dundee Violence against Women Partnership
Glyn LLOYD, Social Work Department
Paul RAEPPER, Waste Management Department

Apologies:-

Apologies for absence had been received from Graeme McKenzie, Fiona Reekie, Chris Muir, Gary McKenzie and Stella Carrington.

I MINUTE OF MEETING OF ANNUAL GENERAL MEETING OF 24TH SEPTEMBER, 2009.

The minute of the above meeting was approved.

II CO-CHAIRPERSON'S REPORT

Neil Gunn, Co-Chair, welcomed everyone to the Annual General Meeting stating that it had been another very successful year for the Partnership and outlined the following key points:-

(i) KEY ACHIEVEMENTS

11% reduction in recorded crime.
25% reduction in serious assaults and robberies.
34% reduction in people charged with carrying offensive weapons.
29% reduction in youths causing annoyance calls.
11% reduction in vandalism.

11% increase in those perceiving crime as decreased in their neighbourhoods.
Reduction in secondary fires - particularly on bonfire night.

(ii) DEVELOPMENT OF SUB-GROUPS

- Strategic Information, Monitoring and Evaluation Group
- Youth Intervention Group
- Road Safety Forum
- Hate Incident Multi Agency Panel
- Home Safety Sub-Group
- Technology Safety Working Group

Operating alongside other working groups such as Operation Group, People Litter Group, ASB Fire Group, Dundee Violence against Women Partnership, Community Safety Network.

These groups are running and it is thanks to the input from the people on these groups that the DCSP has had the success it has had over the last twelve months.

(iii) OTHER NOTABLE ACHIEVEMENTS - EVENTS

- Police Community Engagement Team, Lochee Youth Involvement Group, Mid/Lin, City Centre
- Duncan/Best Bar None
- Safe Retail Scheme Pilot
- Mobile Resource Vehicle
- Continued good work of the Vice-Versa Project
- Quality of Community Intelligence Reports

(iv) DCSP MEETINGS

- Good turnouts at all meetings
- Covered a really interesting range of topics - Counter terrorism, prostitution, drugs/alcohol, child protection, road safety, fire raising and youth diversionary activities.

III PRESENTATION OF ACCOUNTS 2010-2011

(i) FUNDING REPORTS - SMALL GRANTS

It was noted that various initiatives had been able to be supported such as Dundee Voluntary Action, CYPPC/CSP Peer Education, St Mary's and Brackens Community Safety Group, Violence Against Women Partnership, Peer Education Project, DCC Education Department and Mid Lin News Group.

(ii) LOCAL ACTION FUND

Members noted the Diversionary works which had been supported throughout the City. It was re-iterated that any underspends require to be reported immediately so funds can be re-allocated and feedback was requested by October, 2010.

(iii) **COMMUNITY SAFETY PARTNERSHIP AWARDS**

A number of initiatives had been able to be supported i.e. Hilltown Music Project, Youth Mobile Resource Unit, The Shore Diversionary Youth Work and East, West and Central Diversionary Youth Work.

Thereafter the Partnership approved the accounts as submitted.

IV PERFORMANCE REPORT - CRIME STATISTICS FIVE YEAR TRENDS

The following points were noted from the presentation by Gavin Robertson, Tayside Police and Co-Chair of the Partnership:-

- Group 1-4 Crimes 2005-2010 - Continuous drop until 2010 where effects of the recession kicking in
- Highlighted contribution of DUNCAN, BEST BAR NONE and Dundee Licensing Forum
- Multi-Agency Assessment Team - Deal effectively with crimes of a sexual nature
- Domestic Abuse Allegations - treated as seriously as other crimes
- Vandalism - downward trend
- LCPP'S - Communities more proactive
- DCC Graffiti Project
- Relevant enquiry procedure adopted by Tayside Police
- Youth related calls - downward trend
- Mobile Resource Vehicle - has to be justified
- Secondary fires - dealt with through partnership working, Education and Fire Related Issues Sub-Group
- Domestic Dwelling Homebreaking - major priority
- Publication of Crime Prevention Booklet
- High re-offending rates in Dundee
- Shoplifting - Upward trend (Organised Crime)

Gavin was thanked for his presentation and re-iterated that the Partnership was working well.

V DUNDEE COMMUNITY SAFETY PARTNERSHIP REPORTS

(i) **DUNDEE VIOLENCE AGAINST WOMEN PARTNERSHIP**

Key focus	•	Street prostitution
	•	Women's personal safety issues
	•	Domestic violence
	•	Upward trend in reported crime - women more confident in reporting crimes
	•	Vice Versa project
	•	Received award for partnership working
	•	Sixty four referrals from Tayside Police
	•	Script read from service user

(ii) **YOUTH INTERVENTION GROUP**

The following was noted relative to the above:-

- Helping to reduce youth crime;

- % charged with a crime had fallen sharply;
- Attention to "Hot Spot" areas - shops, parks, etc;
- Methods of working, i.e. engagement in the community;
- Lack of access to PPP schools.

(iii) TECHNOLOGY SAFETY GROUP

It was noted that there was good partnership working within this group and that an action plan was being formulated.

Work had been undertaken in primary schools and Tayside Police has been working with secondary schools with emphasis on how new technology affects young people's lives and how they should use it safely and securely.

(iv) FIRE RELATED ANTI-SOCIAL BEHAVIOUR GROUP

It was noted that this group had been running for a number of years and meets monthly, with a lot of information sharing taking place. There had been almost one thousand less fires over the last four years and this was a notable achievement.

Day camps for those with issues around fire raising are held at Kingsway Fire Station. With regard to home fire safety outcomes, a report had been submitted to Tayside Fire and Rescue Management which showed that the outcome target of 11,000 visits for 2009-2010 had been achieved. Of the 11,100 visits undertaken 6,000 were in Dundee, where 60% were in areas where risk of fire deaths remained constant.

(v) HOME SAFETY GROUP/SAFE TAYSIDERS

It was reported that a lot of collective work had been undertaken by the Home Safety Group and Safe Taysiders. A lot of multi-agency working had taken place in relation to Safe Taysiders.

The Home Safety Group were rolling out a programme providing smoke alarms to deaf people and a seminar had been arranged targeting bogus callers, junk mail, e-mail and cold calls.

(vi) ROAD SAFETY FORUM

The Road Safety Forum had been set up to review road safety overall in Dundee. To measure the success of this group specific targets would be met over the period 2010-2020. The forum meets quarterly and have considered terms of reference, target priorities and membership.

Ongoing work includes education, enforcement and a "Safe Drive - Stay Alive" programme to be targeted at S5 pupils.

(vii) COMMUNITY SAFETY NETWORK

It was reported that Voluntary and Community Organisations had been involved in promoting personal security etc and people were generally happier with the communities they live in.

Work was ongoing to increase and improve community partnership.

(viii) STRATEGIC INFORMATION MONITORING AND EVALUATION GROUP

The group are responsible for collating information and are working towards provision of more cohesive information, information management and a monitoring framework.

VI DUNDEE COMMUNITY SAFETY PARTNERSHIP STRATEGIC ASSESSMENT

The Strategic Assessment for the Dundee Community Safety Partnership provided an analytical overview that allowed evaluation of the community safety issues and identified priority areas across Dundee. The strategic assessment takes into consideration Policing priorities, the local and Scottish Government objectives and Single Outcome Agreement, and the Community Safety Partner's priorities.

The strategic assessment aims to provide an accurate picture of current and emerging trends which would allow the partnership to effectively direct resources based on the needs identified. By identifying and prioritising key areas that have a significant impact upon communities throughout Dundee it would provide strategic direction for the partnership.

VIII THE WORKINGS OF THE LEGAL SYSTEM IN DUNDEE AND ITS IMPACT ON COMMUNITIES

An interactive exercise relative to the above was well received.

NEIL GUNN, Co-Chair.

ACTION PLAN REPORTING TEMPLATE

<u>Project Description</u>	Drugs
To tackle dealing of controlled drugs	
<u>Outputs Delivered</u>	
Enforcement - Daily business for Tayside Police - increased stop and search activity and warrant executions delivered	
Education - Alcohol Drugs Partnership Action Plan in place Community Safety Police Officers provide drugs educational input to secondary age pupils, and bespoke talks to groups.	
Prevention - Alcohol Drugs Partnership Action Plan in place Partner agencies delivering overdose prevention training, Naxolone programme developing Alcohol Drugs Partnership overdose prevention sub group in operation Needle disposal community safety partnership sub group in place	
Analysis - Community and crime analysts identify hotspots for dealing, needle disposal and drug related robberies. This evidences Police and partnership tactical responses	
Intelligence Gathering - Ditch a Dealer leaflets distributed at hotspots, Crimestoppers number advertised, Scottish Intelligence Database reviewed and intelligence action file created for enforcement.	
Identify Children at Risk through Drug Abuse - Child concern reports submitted by officers attending drug incidents where dependant children are involved	
Target Drug Users at most Risk of Overdose - Partner agencies delivering overdose prevention training. Naxolone programme developing, Alcohol Drugs Partnership Overdose Prevention sub group in operation.	
Targeted deployment of Police Community Engagement Team	
Operational policing to hotspot areas	
Operation Perdition	
<u>Outcomes Achieved</u>	
Increase amount of drugs and cash seized A total of £131,581 was seized in 25 separate cases	
Reduction in availability of controlled drugs - difficult to measure Central Division Crime Management recorded that 151 drug search warrants were executed. Drugs branch executed 282 warrants - but not all specific to Central Division	

Raise number of child referrals re drug abuse

There were 4,421 child concerns reports submitted this year

Approximately 200 have a drug related marker -however this is not necessarily due to drug abuse by the child

Reduce number of drug overdoses

There were 109 heroin overdoses recorded on CAPTOR, 17 were fatal during 1/4/2010 - 31/03/2011

Co-ordinated and intensive tackling of drug issues in areas where Community Engagement Team is deployed based on intelligence

The Community Engagement Team has been deployed in Lochee and Hilltown area where it has tackled on and off street drug dealing. This has also involved visiting areas where dealing is ongoing and drug litter is a problem. Needles are uplifted, posters put up and ditch a dealer leaflets distributed

Increase detection rates

There were 171 cases of drug dealing detected

There were 1056 cases of possession of drugs made known

Supporting Evidence

Statistical evidence as per Performance measurement

ACTION PLAN REPORTING TEMPLATE**Project Description** **Group 1 - 4 Crimes**

Reduce group 1 - 4 crimes

Outputs Delivered

- Targeted pro-active policing in hotspot areas
- Effective information sharing via Community Wardens/Street Ambassadors/DUNCAN
- Crime Prevention Initiatives - prevention consideration given to all problems identified by analysts products
- Increased stop-search activity by Police - evidenced in Tactical Assessments
- Persistent offenders scheme - now in place
- Lockdown Initiatives - lockdown is now business as usual for Tayside Police in hotspot areas
- Targeted deployment of Community Engagement Team - deployed City Centre/Linlathen/Lochee/based in analysts identification of Crime/Antisocial Behaviour hotspots

Outcomes Achieved

Group 1 - 4 statistics - stats available

Sustainable detection rates - stat available

Stop and Search of known criminals - figures evidences in monthly Police Tactical Document

Better public awareness - difficult to measure

11,108 youths involved in Diversionary activities

Reduced crime levels in areas where Community Engagement Team deployed - deployment review documents indicate positive results in all deployments

Supporting Evidence

Year on year reduction of group 1 - 4 crimes against three year baseline 2006 - 2009

The three year average is 12,166

The crimes made known total for 2010 - 2011 is 10,391

Detection rates - currently 42.6% - within 4.4% of **BEST EVER** detection rate achieved

Police Tactical Document illustrates increased stop/search activity by Police Officers in section areas

STOP SEARCH ACTIVITY - 2855 recorded negative searches

EXTRACT - The figures for each section include both positive and negative searches. An overall increase has been seen in February with the total reaching 478 searches, 50 (approx 10.5%) resulted in recovery of drugs. The remaining 89.5% were negative but provided good disruption activity.

Variety of analytical documents produced - e.g. robbery profiles/tactical assessments which evidence Community Engagement Team deployment

ACTION PLAN REPORTING TEMPLATE

<u>Project Description</u>	Violence Reduction
Violence reduction and prevention	
<u>Outputs Delivered</u>	
CENTRESAFE policing operation - high profile policing in City Centre at times of high demand and expanded to FERRY SAFE	
Stop search of known weapon carriers - increased activity throughout the year, evidenced in monthly TCG	
Licensee briefings - continued education and training of door stewards to ensure SIA compliance	
Robust investigation of those robberies suspected of being reported for benefit loans - daily Police business robbery response plan in place	
Pro-active search initiative between Police and licensees in the night time economy - use of wands/dogs - regular feature of CENTRESAFE activity	
Regular visits to licensed premises by Police Officers - occurring City wide	
Festive period Safer Street Initiative - partnership response in place and evaluated	
Tayside Police will link in with Violence Reduction Campaign to promote this objective - new business	
Ongoing promotion of DUNCAN evening economy to encourage best practice throughout the licensed trade	
Approximately 170 licensed premises are invited to participate in Best Bar None throughout the whole of Dundee each year. This includes approximately 15 in Broughty Ferry, 40 City Centre and the rest in the peripheral of the City Centre and the rest of the communities/schemes.	
To try and assist this, local pubwatch schemes are trying to be introduced throughout all communities. This will need the assistance of community police officers	
Pubs and clubs throughout Dundee have been offered free samples of polycarbonate glassware in the anticipation they will gradually restock with at least some poly glasses	
To move the polycarbonate initiative even further by the introduction of plastic bottles	
<u>Outcomes Achieved</u>	
Reduction in serious assaults and robberies. Second half of year has shown an incline in robberies and assaults.	

Detection rates for robbery have increased to 55% for the cumulative year. This is 3% short of reaching the baseline target and 9.5% from reaching the best ever target. 3 detections are required to reach baseline.

Detection rate for Violent crime has increased to 73.3%, this is a mere 0.7% short of the baseline target.

Fewer serious injuries sustained in pubs and clubs

Serious assaults have reduced

Fewer people will carry weapons - difficult to measure

Door Stewards will be better able to prevent incidents in pubs and clubs

Reduction in availability of illegal drugs

Licensees will be more aware of their responsibilities to reduce incidents within licensed premises and how this will be achieved

Monthly meetings with DUNCAN evening economy members both in the City Centre and Broughty Ferry

34 premises accredited to Best Bar None 2010 - 2011

First community pubwatch pilot has begun in the Ardler/St Mary's area. Discussion to further expand this will be through discussions with Sgt Main/Inspector Duncan. This can, perhaps, be on the agenda at the new licensing meeting that Sgt Main is in the process of organising

Supporting Evidence

Crime statistics re volume of crime

Number of persons found with knives

171 persons were detected in possession of knives

Best Bar None take-up

Festive Safer Street evaluation submitted - report available

Baseline

Year on year reduction in serious assaults and robberies (3 year average)

Analytical information showing trends

CENTRESAFE - year on year reduction on serious and petty assaults within the City Centre area and associated with the night time economy

Serious assaults reduced

Minor assaults reported increased - potentially a positive result

ACTION PLAN REPORTING TEMPLATE

Project Description **Local Community Planning Partnerships**

Closer links between the Dundee Community Safety Partnership and Local Community Planning Partnerships

Outputs Delivered

More effective partnership working to tackle key Community Safety issues affecting local communities

Monthly Operational Community Safety Partnership meetings

Available resources will be more effectively targeted

Monthly Operational Community Safety Partnership meetings

Local people will see evidence of local Community Safety issues being addressed

Community Safety Partnership Strategy being developed**Reporting on local community plans imminent**

Closer co-ordination between Community Safety Partnership and Local Community Planning Partnerships currently being developed as new Local Community Planning Partnerships are being developed

Work undertaken by those on Community Payback Orders will reflect community needs

Outcomes Achieved

Preparation of Local Community Planning Partnership Tactical Assessment agreed for each round of Local Community Planning Partnership meetings

Local Community Planning Partnership business will be informed by Tactical Assessment.

ACTION PLAN REPORTING TEMPLATE**Project Description** **Partnership Working**

To enhance partnership working and align available resources to tackle key community safety issues

Outputs Delivered

- Community Safety Partnership group co0ordination of partner action to deliver Community Safety Partnership Action
- Promote training opportunities
- Support Community Safety Network
- THE BUS now operational targeting hotspots
- 20 significant partners contributing to Strategic Assessment update

Outcomes Achieved

- Community Safety Workers promote training of internet/technology safety to key partners
- Technology Safety Action Plan highlights need to train key Education staff to enable technology safety to be delivered in a more co-ordinated way to schools
- Community Safety Workers attend 4 meetings a year to provide advice and support where required
- Partners collaborating to maximise use of THE BUS
- Strategic Assessment highlighting partnership priorities

Supporting Evidence

- Operational group minutes
- Strategic Assessment

Survey results - public perception of level of service - improved

Young people will influence strategies

Increase in vandalism detection

Vandalism detection rate currently at best ever rate achieved

More comprehensive solutions will be developed to tackle issues

Community Safety Partnership Action Plan in place, Focus on Alcohol Action Plan commencing, monthly Community Safety Partnership Operational meeting is intelligence led, Youth Intervention Group in place

Supporting Evidence

Vandalism Detection Rates:

The vandalism detection rate is currently 27.73% - at or about the highest level ever

YCA Numbers:

5706 calls on CAPTOR for year

Survey Results:

Q. To what extent do you agree that the Police, Council and Partner Agencies are dealing with antisocial behaviour and crime issues that matter in your neighbourhood?

Strongly agree	17.1
Tend to agree	51.4
Tend to disagree	21.8
Strongly disagree	9.7

ACTION PLAN REPORTING TEMPLATE**Project Description** **Diversiónary Activities**

Improved co-ordination of diversionary activity targeting hotspot areas and specific individuals regularly engaged in antisocial behaviour or criminal activity

Outputs Delivered

- THE BUS (Mobile Youth Resource Vehicle) operational
- 47 deployments involving partners
- 11,098 targeted diversionary opportunities for young people across several local Action Funded Projects

Outcomes Achieved

- Young people involved in less antisocial behaviour
- Young people have better understanding of the impact that antisocial behaviour has on their community
- Young people are better informed about alcohol and substance misuse
- Young people make positive decisions and lifestyle choices

Supporting Evidence

- THE BUS and Local Action Funded Project files and statistics
- Reduction in Youth Causing Annoyance and other antisocial behaviour related calls
- Community Intelligence Unit statistics

<u>Project Description</u> Firesetting
To target young fire setters
<u>Outputs Delivered</u>
➤ 53 fire setters targeted and involved in Tayside Fire and Rescue Service Firesetters Programme
<u>Outcomes Achieved</u>
➤ Secondary fires reduced from 1038 (2009-2010) to 937 (2010-2011)
➤ Increased awareness of dangers of fire setting amongst young people
<u>Supporting Evidence</u>
➤ Tayside Fire and Rescue Service statistics

ACTION PLAN REPORTING TEMPLATE**Project Description** **Dundee Violence Against Women Partnership**

To support the work of Dundee Violence Against Women Partnership in tackling domestic abuse, sexual violence and prostitution.

The Dundee Violence Against Women Partnership is a multi-agency group working to tackle all forms of violence against women. Working in partnership with organisations, communities and individuals across Dundee we strive to raise awareness of violence against women and facilitate the development of approaches that support women, children and young people, challenge perpetrators and work towards the prevention of violence against women over the long-term.

The Violence Against Women Partnership represents violence against women issues at Community Safety meetings. We represent agencies from across the statutory and voluntary sector, including specialist violence against women services.

Outputs Delivered

There has been a year on year increase in the number of women, children and young people affected by violence against women engaging with appropriate support services. This includes the introduction of new services for women involved in street prostitution.

Enforcement activity in relation to perpetrators is led by Tayside Police. This would cover any policing activity relating to perpetrators of domestic abuse and sexual offences, kerb crawlers, those involved in crimes associated with trafficking etc. Enforcement activity is part of Tayside Police's day to day operational activity, but there have been specific additional initiatives/periods of action in relation to kerb-crawlers and in relation to perpetrators of domestic abuse. For example, Operation Linchpin II took place in December 2010/January 2011 focussing on perpetrators of domestic abuse (building on Lynchpin I that took place over the same period in 2009/2010).

Tayside Police have continued to address community concerns regarding prostitution. This has included the enforcement activity outlined above in relation to kerb crawlers. Significant resources have also been invested in responding to individual complainers and supporting them to access other advice and information services.

Outcomes Achieved

There continues to be a good level of multi agency commitment to addressing prostitution issues in Dundee. Tayside Police have shown particular commitment to working in partnership with Women's Rape and Sexual Abuse Centre (WRASAC) to address the needs of women involved in prostitution. Dundee City Council have recently invested further funding in the Vice Versa service to sustain this for the 2011/2012 period and referral sources for the service continue to widen beyond core police referrals.

New care pathways for drug treatment services for women involved in prostitution have been agreed through the Alcohol Drug Partnership. These are currently being implemented and will require to be monitored throughout 2011/2012 to ensure they are effective.

The commitment to multi agency working to address the needs of women involved in prostitution has resulted in a number of women making significant positive changes (see below)

Supporting Evidence

Tayside Police enforcement activity relating to kerb crawling in 2010/2011 shows

- there was a 30% decrease in the number of males charged with soliciting services of a person engaged in prostitution in comparison to 2009/2010
- A decrease in the number of sexual offences that were detected (fall from 78% in 2009/2010 to 70% in 2010/2011)
- An increase in the number of sexual offences that were detected which were reported to the Procurator Fiscal (72% in 2009/2010 to 83% in 2010/2011)

For the period 2010/2011 the Women's Rape and Sexual Abuse Centre reports

- 41% increase in number of new women engaging with WRASAC services in comparison with 2009/2010
- 37% increase in the total number of women engaged over the year in comparison to 2009/2010
- 82% increase in the number of support sessions offered in comparison to 2009/2010, with a 176% increase in the number delivered/completed

For the period 1 April 2010 - 31 December 2010 Dundee Women's Aid reports

- 8% increase in the number of women accessing DWA core services in comparison with the same period in 2009
- 12% increase in the number of children and young people accessing DWA services in comparison with the same period in 2009
- 64% increase in the number of individual contacts with women in comparison with the same period in 2009
- 8% increase in the number of women admitted to refuge in comparison with the same period in 2009
- 18% increase in the number of children and young people admitted to refuge in comparison with the same period in 2009

For the period 1 June 2009 - 31 December 2010 the Vice Versa service supported 23 women for whom outcome information is available

- 11 were referred to mainstream services
- 13 made progress in relation to reducing their use of illicit drugs
- 10 improved their physical health and 7 their emotional wellbeing
- 10 reduced involvement in offending
- 11 increased their safety

ACTION PLAN REPORTING TEMPLATE

Project Description **Home Safety and Accident Prevention**

To address home safety and accident prevention targeting pre school children and the elderly

Outputs Delivered

- Contacts established with key personnel in National Health Service to co-ordinate data sharing protocol for future Accident and Emergency stats
- Established regular links with risk assessment training for home carers and fire officers
- Home Safety and Celebrate Age Network co-ordinator and other partners presently working on establishing strategy/protocol (June - July 2011)
- Home Safety Officer involved in ongoing preventative work in communities locally and nationally

Outcomes Achieved

- Key personnel identified for partnership working
- Data requirement identified

Supporting Evidence

- Still not available as baseline not established due to difficulties accessing quality statistical data from National Health Service.

ACTION PLAN REPORTING TEMPLATE**Project Description** **Community Safety Partnership Profile**

To raise awareness of Dundee Community Safety Partnership and its work and to develop an effective media strategy

Outputs Delivered

- Media strategy developed
- Website presence established on Dundee Partnership Website

Outcomes Achieved

- Community Safety Partnership branding used by partners when issuing media releases
- Increased profile of Community Safety Partnership branding

Supporting Evidence

- Media Strategy
- Community Safety Partnership branded media release

ACTION PLAN REPORTING TEMPLATE**Project Description** **Community Capacity Building**

To support involvement of local people in Community Safety related issues

Outputs Delivered

- Local Community Planning Partnership tasking documents produced for each round of meetings
- Support to Community Safety Network, Celebrate Age Network, Local Community Safety Groups and various residents/tenants groups.
- Focussed events/talks on safety issues, supporting people to get involved in their local areas
- Partner attendance at meetings offering advice, information

Outcomes Achieved

- Local people actively involved and supporting a wide range of community safety issues
- Local people contributing to intelligence about those involved in criminality/antisocial behaviour
- Public perception of support increased

Supporting Evidence

- Tasking documents
- Group minutes and action plans
- Police Public Perception Survey
-

ACTION PLAN REPORTING TEMPLATE**Project Description** **Equalities**

To ensure Dundee Community Safety Partnership Action Plan complies with Equality and Diversity legislation

Outputs Delivered

- Fit for purpose review undertaken
- Partner agencies comply with their organisational guidelines
- Hate Incident Multi Agency Panel established

Outcomes Achieved

- Community Safety Partnership both complies with and actively promotes equalities
- Hate Incident Multi Agency Panel dealing with cases as required

Supporting Evidence

- Fit for purpose review documentation
- Partner agency guidelines
- Hate Incident Multi Agency Panel minutes

ACTION PLAN REPORTING TEMPLATE**Project Description** **Monitoring and Evaluation**

To refine monitoring and evaluation requirements in line with the Single Outcome Agreement

Outputs Delivered

- Discussions held with Corporate Planning to identify

Outcomes Achieved

- Strategic Information Monitoring and Evaluation Group identifying options for next Community Safety Partnership Action Plan 2012 - 2015

Supporting Evidence

- Meeting notes

<u>Project Description</u> Road Safety To increase Road Safety awareness and reduce road casualties
<u>Outputs Delivered</u> Formation of a Tayside Road Safety Forum Development of Community Safety Partnership Road Safety Strategy Targeted funding of Road Safety initiatives
<u>Outcomes Achieved</u> Tayside Road Safety Forum Operational Targeted funding of Road Safety initiatives e.g. Road Safety Banners targeting parking at schools Increased awareness of road safety issues Significant reduction in all categories of road traffic accidents over last six years - collisions, persons killed, persons seriously injured and persons slightly injured Targeted campaigns at high risk groups
<u>Supporting Evidence</u> Evidence of educational and awareness sessions delivered by partner agencies Statistical analysis of road safety casualties

ACTION PLAN REPORTING TEMPLATE**Project Description** **Hate Crime**

To enhance partnership working and align available resources to tackle Hate Crimes/Incidents

Outputs Delivered

Bring together key partners to agree priorities and develop a joint action plan to tackle hate crime

Establish joint protocols for Hate Crime Reporting

Raise awareness of public and staff as to what constitutes hate crime/incidents

Strategic, Operational and Pathfinder Group in place for Hate Incident Multi Agency Panel

Outcomes Achieved

Highlight key priorities, including a multi agency focus on Hate Crime

More effective partnership working

More voluntary sector input to tackle Hate Crime

The extent of under reporting of hate crimes/incidents now being identified and improving

Repeat victims will be identified

Repeat offenders will be identified

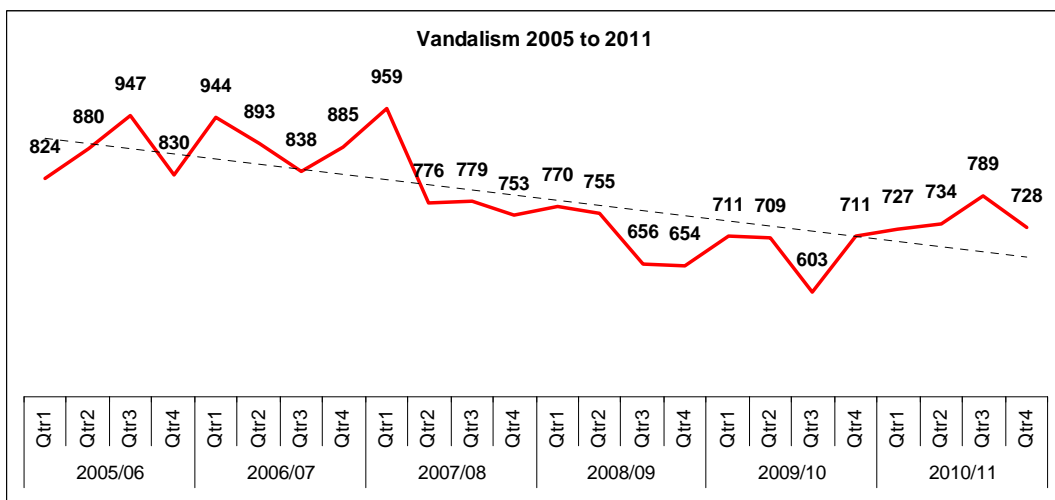

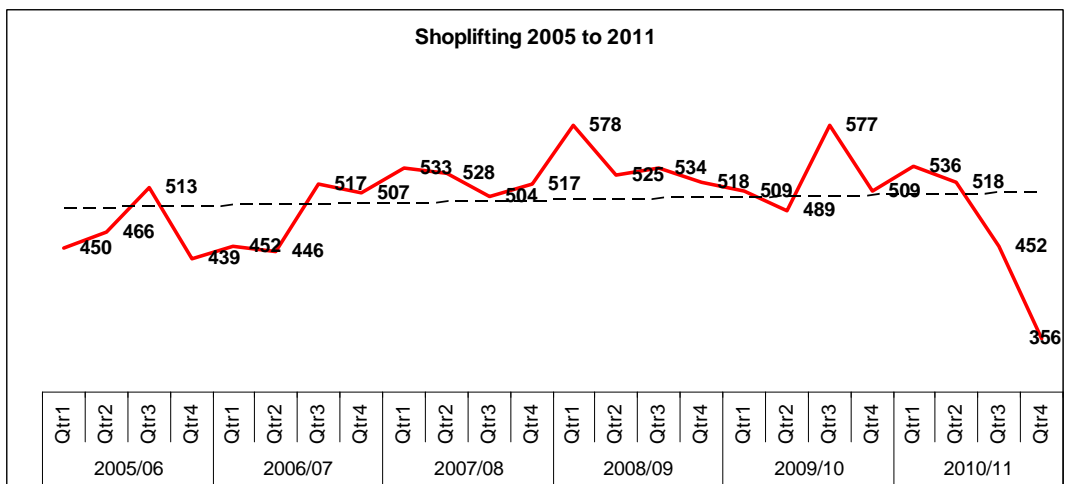

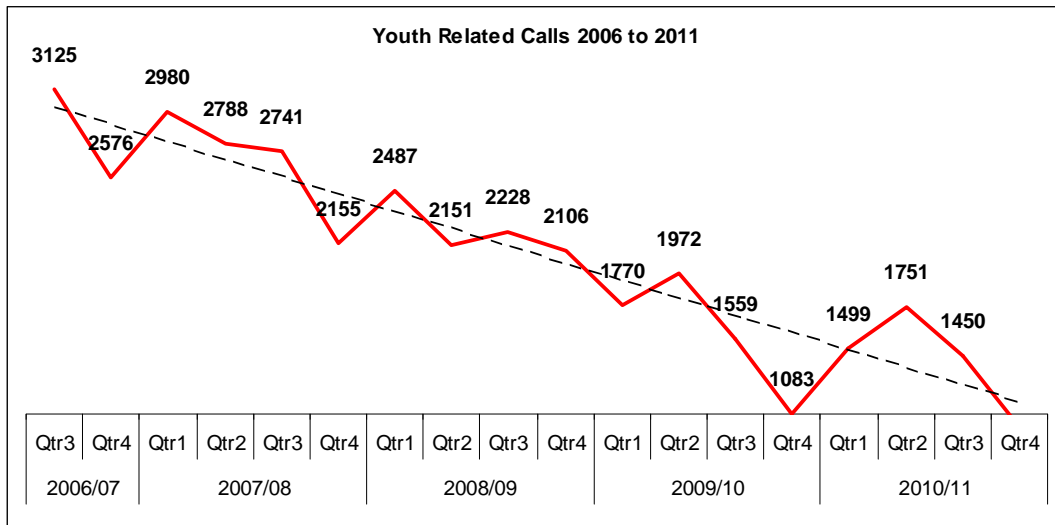

Development of monitoring and evaluation process

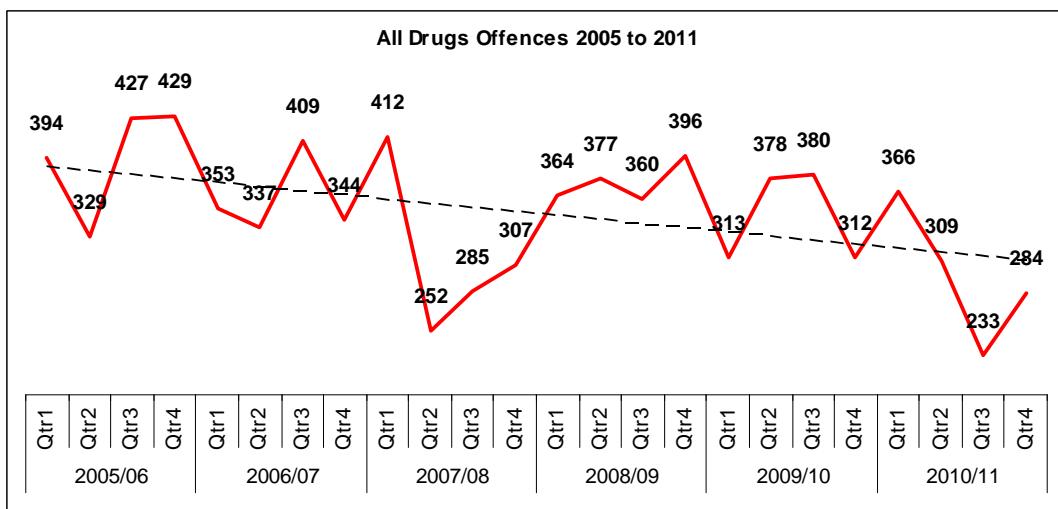

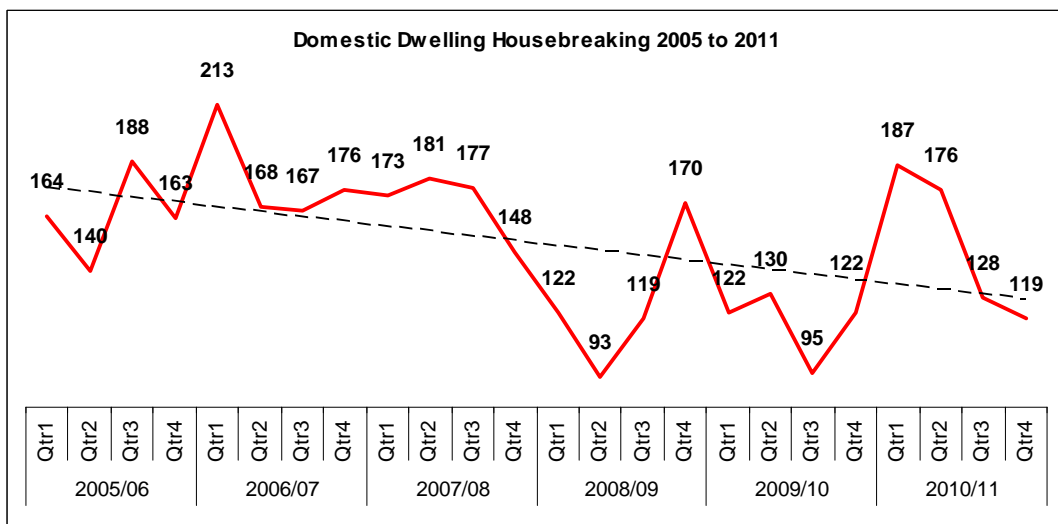

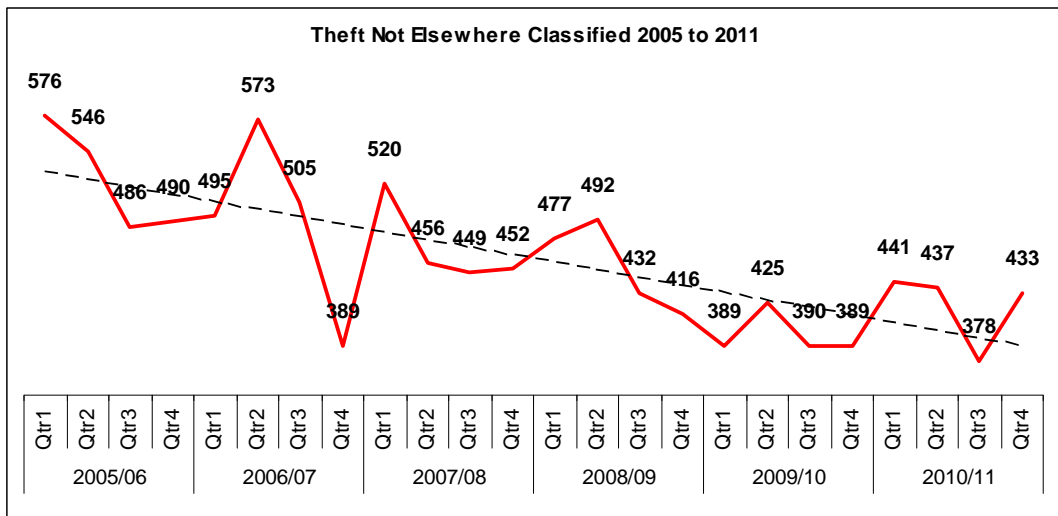

Supporting Evidence

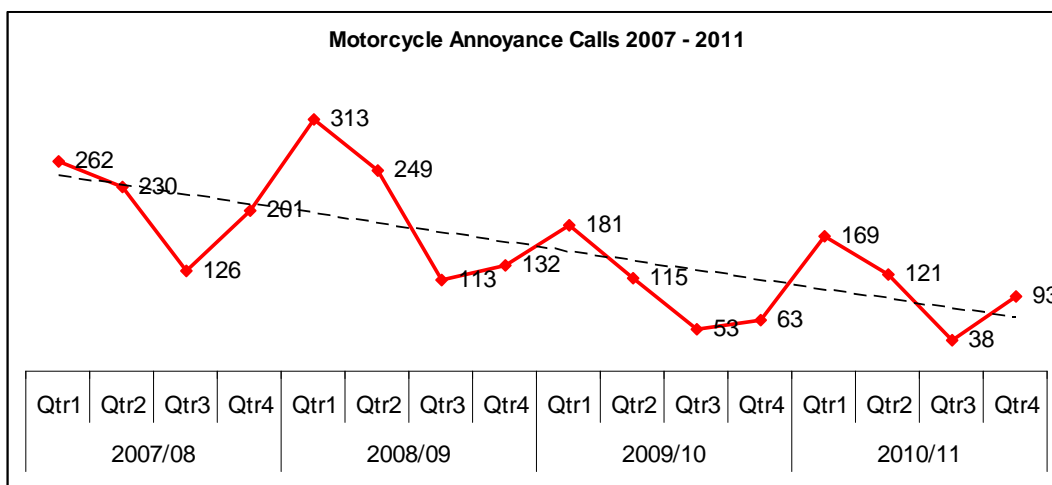

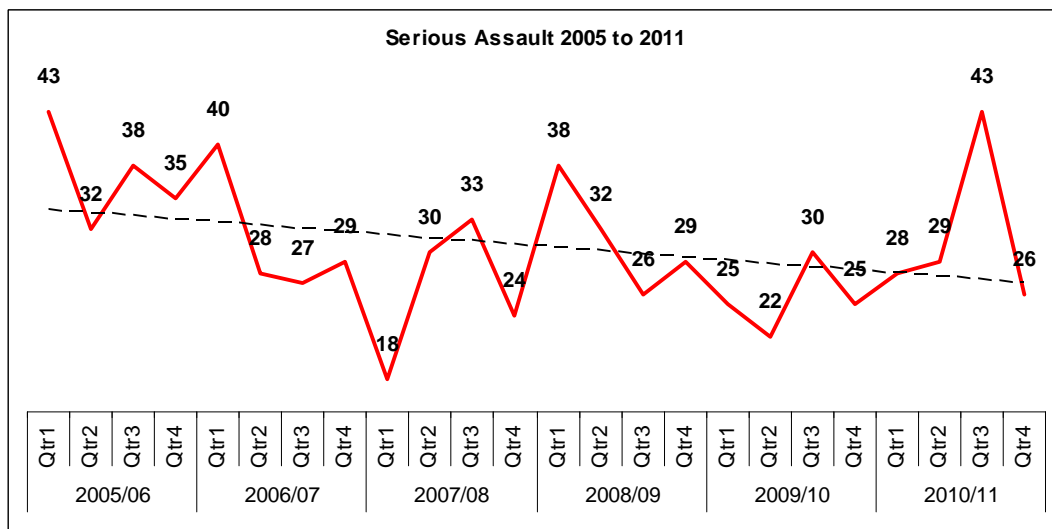

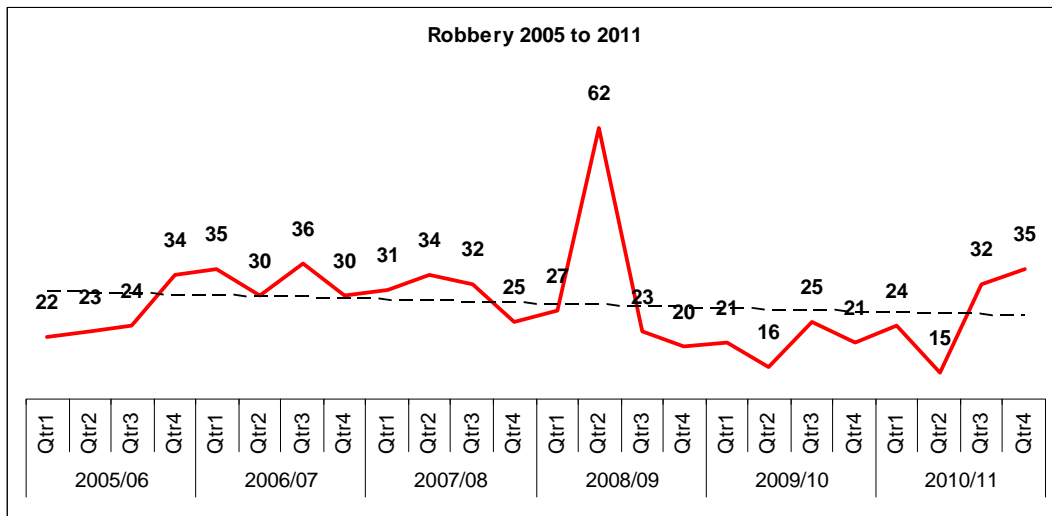

Hate Incident Multi Agency Panel meeting notes/case conferences

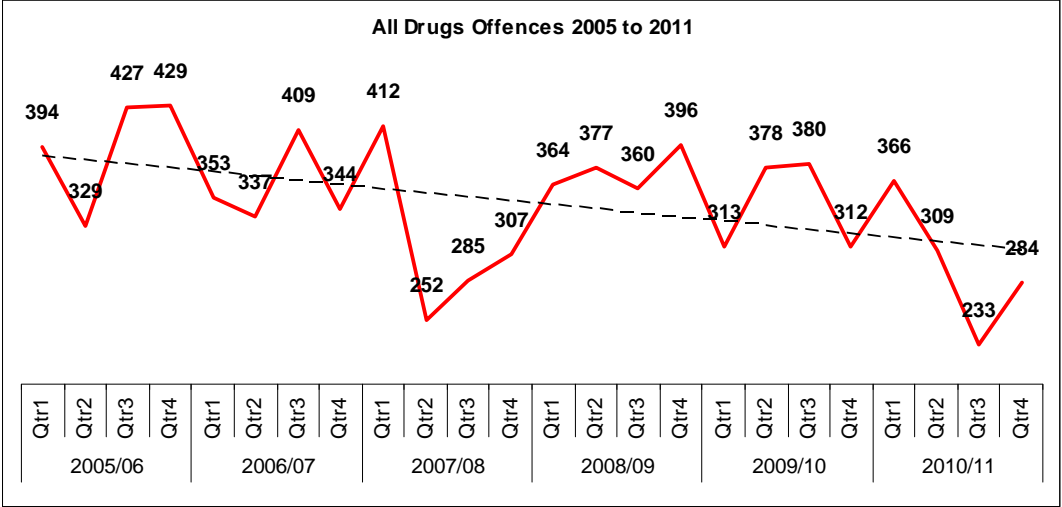

Evaluation framework

7.0 Community Intelligence Unit Statistics - Analysis of CSP Strategic Assessment Document

Single Outcome Agreement Annual Report 2010/11 - Community Safety Theme

Dundee Community Safety Partnership manages the Community Safety Theme on behalf of the Dundee Partnership, Building Stronger Communities Group. In particular, the Community Safety Partnership has responsibility for Dundee Outcome 7 - Our communities will be safe and feel safe.

Indicators: Progress and Conclusion

➤ Reduce Crime (Group 1 - 4)

The target was to reduce the three year average from a baseline of 12,029 to 11,066 by 2011.

We have exceeded this target and reached a figure of 10,378 for the three year average.

➤ Increase % of those who state that fear of crime has no effect on their quality of life (Dundee City Council Annual Consumer Survey)

Dundee Community Safety Partnership does not use the Dundee City Council Annual Consumer Survey as it has very limited Community Safety related questions included. The Community Safety Partnership uses the Police Public Perception Survey and the following questions are asked:

- Does fear of crime prevent you taking part in everyday activities?
92.5% respondents said No
- How safe do you feel walking alone during the day? After dark?
91.5% respondents said either very or fairly during the day
45.7% respondents said either very or fairly after dark
- To what extent do you agree Police, Council and partners are dealing with Antisocial Behaviour and Crime Issues that matter in your neighbourhood?
62.5% respondents said either strongly or tend to agree
- Taking everything into account, how do you rate your neighbourhood as a place to live?
80.7% respondents said either very or fairly safe

These are improved figure on last year.

Intermediate Outcomes

➤ Dundee has reduced levels of crime

As testament to the hard work and innovative approaches by partners within the current financial climate we have seen a continuation of the downward trend of the last six years with further reductions reported in :

- Youth related calls
- Shop lifting
- Theft
- Domestic dwelling housebreaking
- Drug offences
- Serious assaults
- Motorcycle nuisance calls
- Secondary fires

➤ Dundee has reduced fear of crime

As described earlier, figures based on the Police Public Perception Survey show improvements on the relevant questions.

It is evident that statistically our communities are safer than they have been and that the continued downward trend of the last six years in the number of offences is a welcome one. What is particularly welcome is the fact that people's perception of crime and fear of crime are improving. In welcoming the continuation of these trends, however, this is a recognition that all partners need to not only continue their previous efforts but continue to build on them.

NARRATIVE

i. What have we achieved?

Against all odds, we have continued to show reductions in crime over a sustained period of six years and to show that the impact of the fear of crime on people's lives is reducing. The Community Safety Partnership has continued to evolve and further develop its strong ethos of effective partnership working typified by a genuine desire and commitment to ensure resources are maximised effectively. Key to our success is in our ability to target resources on an intelligence led basis and to ensure that appropriate partners lead on specific issues with other partners contributing as required/requested by the lead. There are now over 20 partner organisations contributing to the overall intelligence picture allowing the Community Safety Partnership to have a truly partnership strategic assessment document and effective monthly and quarterly tactical documents informing partner input.

ii. What challenges are we facing?

Inevitably, the Community Safety Partnership is facing the same challenges as other public sector operations i.e. financial and organisational downsizing. It is difficult to predict the extent of the impact this will have but it has the potential to be significant. The impact of the recession on crime statistics may still yet manifest itself adversely and with fewer resources, the ability to continue the downward trend of the last six

years may well be compromised. The challenge to continue to reduce therefore, will be significant and we may well find ourselves working hard to sustain current levels.

iii. **How will we achieve more?**

The Community Safety Partnership is committed to continuing to improve its operational effectiveness. A move towards co-location of appropriate partners would assist this significantly if suitable premises can be found. This will assist partners to pursue their strategy of pro-active interventions at an early stage in any given situation which has proved to be successful over the last six years. Integral to the success of this strategy has been our ability to reserve enforcement as a last resort, preferring instead to encourage those involved to work with partners to achieve a successful outcome.

CASE STUDIES

Graffiti Group

A sub group was formed to tackle the increasing levels of high profile graffiti in the City. This was highlighted in particular by the high numbers of HARM and RESM tags across the City. The sub group is chaired by the Community Safety Warden Co-ordinator and includes representatives of what was Waste Management, Environmental Health and Trading Standards, Social Work, Community Payback and Police.

Intelligence on graffiti across the City is collected by partners, photographed and is collated by the Community Intelligence Unit. Work is undertaken to identify the perpetrators of these acts and action is taken to ensure that they are held to account for this.

A pilot was undertaken to select an area particularly badly affected by graffiti and target resourced over a concentrated time period to "blitz" the area. Partners identified Strathmartine Road as the first pilot area. Offenders on Community Payback Orders were concentrated on the area as was staff from the various Council departments who were able to use more potent chemicals. The Community Safety Partnership also commissioned monies to purchase paint for the purpose to be used by those on Community Payback Orders.

In addition, where the graffiti was on private property, Community Safety Wardens visited and encouraged owners to participate in the scheme by taking responsibility to either remove the graffiti or contribute to the overall scheme.

Due to the success of this initiative the next area to be tackled will be the City Centre. Some of the Community Safety Partnership commissioning monies may also be used to hire cherry picker vehicles to allow access to harder to reach graffiti.
