REPORT TO: POLICY & RESOURCES COMMITTEE - 23 AUGUST 2010

REPORT ON: REVENUE MONITORING 2010/2011

REPORT BY: DIRECTOR OF FINANCE

REPORT NO: 403-2010

1 PURPOSE OF REPORT

1.1 To provide Elected Members with an analysis of the 2010/2011 Projected Revenue Outturn as at 30 June 2010 monitored against the adjusted 2010/2011 Revenue Budget.

2 **RECOMMENDATIONS**

- 2.1 It is recommended that the Elected Members:
 - a note that the overall General Fund 2010/2011 Projected Revenue Outturn as at 30 June 2010 shows an overspend of £404,000 against the adjusted 2010/2011 Revenue Budget.
 - b note that the Housing Revenue Account as at 30 June 2010 is projecting an overspend of £236,000 against the adjusted HRA 2010/2011 Revenue Budget.
 - c agree that the Director of Finance will take every reasonable action to ensure that the 2010/2011 Revenue expenditure is below or in line with the adjusted Revenue Budget.
 - d instruct the Director of Finance in conjunction with all Chief Officers of the Council to continue to monitor the Council's 2010/2011 Projected Revenue Outturn.

3 FINANCIAL IMPLICATIONS (see Appendix A)

- 3.1 The overall projected 2010/2011 General Fund Revenue outturn position for the City Council shows an overspend of £404,000 based on the financial information available at 30 June 2010. A system of perpetual detailed monitoring will continue to take place up to 31 March 2011 with the objective of the Council achieving a final outturn which is below or in line with the adjusted 2010/2011 Revenue Budget.
- 3.2 The Housing Revenue Account outturn position for 2010/2011 is currently projecting an overspend of £236,000 based on the financial information available for the period to 30 June 2010. A system of perpetual detailed monitoring will continue to take place up to 31 March 2011 with the objective of the HRA achieving a final outturn which is below or in line with the adjusted 2010/2011 HRA Revenue Budget.

4 BACKGROUND

- 4.1 Following approval of the Council's 2010/2011 Revenue Budget by the Special Policy and Resources Committee on 11 February 2010 this report is now submitted in order to monitor the 2010/2011 Projected Revenue Outturn position as at 30 June 2010, against the adjusted 2010/2011 Revenue Budget.
- 4.2 This report provides a detailed breakdown of departmental revenue monitoring information along with explanations of material variances against adjusted budgets. Where departments are projecting a significant under or overspend against adjusted budget, additional details have been provided. Where departmental expenditure is on target and no material variances are anticipated, additional information has not been provided.

5 RISK ASSESSMENT

- In preparing the Council's 2010/2011 Revenue Budget, the Director of Finance considered the key strategic, operational and financial risks faced by the Council over this period (please refer to report 82-2010, approved by Special Policy & Resources Committee on 11 February 2010, for further details). In order to alleviate the impact these risks may have should they occur, a number of general risk mitigation factors are utilised by the Council. These include the:
 - system of perpetual detailed monthly budget monitoring carried out by departments
 - general contingency provision set aside to meet any unforeseen expenditure
 - level of general fund balances available to meet any unforeseen expenditure
 - level of other cash backed reserves available to meet any unforeseen expenditure
 - possibility of identifying further budget savings and efficiencies during the year, if required.
- 5.2 The key risks in 2010/2011 have now been assessed both in terms of the probability of whether they will occur and the severity of their impact on the Council should they indeed happen. These risks have been ranked as either zero, low, medium or high. Details of this risk assessment, together with other relevant information including any proposed actions taken by the Council to mitigate these risks, are included in Appendix D to this report.

6 GENERAL FUND SERVICES - MONITORING POSITION AS AT 30 JUNE 2010

6.1 The forecast position as at 30 June 2010 for General Fund services is summarised below:

| | Adjusted Budget 2010/11 £000 | Forecast 2010/11 £000 | Variance £000 | |
|--------------------|------------------------------|-----------------------------|------------------|--|
| Total Expenditure | 359,247 | 359,651 | 404 | |
| Total Income | (359,247) | (359,247) | | |
| Forecast Overspend | | <u>404</u> | 404 | |

The forecast position as at 30 June 2010 is shown in more detail in the appendices to this report, as follows:

Appendix A shows the variances between budget and projected outturn for each department/service of the Council.

Appendix B provides detailed explanations for the variances against budget that are shown in Appendix A.

Appendix C lists the budget adjustments that have been undertaken to date. These adjustments include funding transfers and the transfer of budgets between budget headings within the Revenue Budget, allocations from Contingencies and also unspent budgets that have been carried forward from the previous financial year.

Appendix D lists the key strategic, operational and financial risks being faced by the Council. These risks have been assessed and ranked accordingly both in terms of the probability of whether they will occur and the severity of their impact on the Council should they indeed happen. Any changes to the assessment from the previous reporting period, together with any additional comments included, are highlighted in bold type.

The following paragraphs summarise the <u>main</u> areas of variance by department along with appropriate explanations. It should be emphasised that this report identifies projections based on the first three months of the financial year to 30 June 2010. The figures are therefore indicative at this stage and are used by the Chief Executive, Director of Finance and Chief Officers to identify variances against budget and enable corrective action to be taken as appropriate.

Departmental Commentary

6.3 Social Work (£466,000 overspend)

The majority of this overspend is within Childrens Services, where family placements are expected to be greater than budgeted due to the increased number of children requiring permanent substitute care away from their birth parents. This variance will be partly offset by savings that are projected mainly due to slippage in staff costs across the department.

6.4 Education (£272,000 overspend)

This reflects an anticipated overspend in third party payments where the department are projecting an overspend for their share of the residential and secure placements budget.

6.5 <u>Finance General (£50,000 underspend)</u>

The above variance reflects savings in staff costs that are anticipated mainly due to delays in filling staff vacancies. This underspend will be partly offset by an estimated shortfall in various income streams received by the department.

6.6 Environmental Health & Trading Standards (£134,000 underspend)

These projected savings mainly relate to staff costs due the current level of unfilled vacancies within the department.

6.7 <u>Finance Revenues (£150,000 underspend)</u>

This mainly reflects additional grant income anticipated by the department together with a projected underspend in supplies and services for computer maintenance costs.

7 HOUSING REVENUE ACCOUNT - MONITORING POSITION AS AT 30 JUNE 2010

7.1 The forecast position as at 30 June 2010 for the HRA is summarised below:

| | Adjusted Budget 2010/11 £000 | Forecast 2010/11 £000 | Variance £000 | | |
|-----------------------------------|------------------------------|-----------------------------|------------------|--|--|
| Total Expenditure Total Income | 50,417 (<u>50,417)</u> | 50,750 <u>(50,514)</u> | 333 _(97) | | |
| Forecast Overspend | <u> </u> | 236 | <u>236</u> | | |

7.2 Expenditure on repairs and relets is projected to be greater than budget due to the level of work that has been required on properties together with increased lost rents and bad debts

following an rise in the number of void properties. In addition, the department are also projecting greater than budgeted expenditure in stair lighting costs reflecting increases in the price of electricity. These variances will be partly offset by various underspends and additional income that are projected by the department. The overall impact is a net overspend of £236,000 against the adjusted HRA 2009/2010 Revenue Budget. The department will continue to monitor these areas with the objective of achieving a final outturn which is in line with the budget.

8 CONCLUSION

As in previous years, the Director of Finance will work with all Chief Officers of the Council to monitor the Council's 2010/2011 Revenue Budget and, through prudent budget management, take every reasonable action to achieve an outturn position below or in line with the approved 2010/2011 Revenue Budget.

9 POLICY IMPLICATIONS

This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-Poverty, Equality Impact Assessment and Risk Management.

There are no major issues.

10 **CONSULTATIONS**

The Chief Executive, Depute Chief Executive (Support Services) and all other Chief Officers have been consulted in the calculation of projected outturns included in this report, insofar as they apply to their own individual department.

11 BACKGROUND PAPERS

None.

MARJORY M STEWART DIRECTOR OF FINANCE

REASONS FOR 2010/2011 CONTROLLABLE PROJECTED REVENUE OUTTURN VARIANCES (Excludes Capital Charges, Central Support Services & Office Recharges) AT 30 JUNE 2010

| Reason / Basis of Over/(Under)spend | Reflects projected savings mainly due to staff slippage. | Increased number of children requiring permanent substitute care away from their birth parents. | Education Department share of projected overspend on residential and secure placements budget. | Staff costs are projected to be underspent mainly due to various unfilled vacancies. | Reflects shortfall in income for property enquiries, payroll recharges to other bodies and from Joint Boards for internal audit services. | Staff costs are projected to be underspent mainly due to various unfilled vacancies | Income generated from introduction of smoking prevention enforcement service at Ninewells Hospital. | Reflects projected savings following non-filling of posts vacated due to early retirements. | Reflects shortfall in chargeable income from pest control activities. | Projected underspend due to unfilled vacancies and maternity leave. | Reflects projected underspend due to computer maintenance costs being less than anticipated. | Mainly reflects additional administration grant from Department of Works & Pensions. | Reflects increase in the level of relets that is currently required to be carried out through the DCS/Housing Partnership. Within this area gas maintenance and security screen expenditure is also causing particular concern. | Mainly this relates to an increase in lost rents as a result of a greater number of void properties than budgeted. Work is being carried out to improve this situation. | Mainly reflects increased price of electricity charges. | Mainly this is due to an anticipated reduction in repairs and furnishings expenditure. | |

|---|--------------|---------------------|--|--|--|--|--|
| Risks - Revenue | Original | Revised | Risk Management / Comment | | | | |
| General Inflation General price inflation may be greater than anticipated. | Low | Low | Corporate Procurement strategy in place including access to nationally tendered contracts for goods and services. In addition, fixed price contracts agreed for major commodities i.e. gas and electricity. | | | | |
| Pay Awards Pay awards settlements may be greater than anticipated. | Low/ Med | Low/ M ed | Existing Chief Officials and Teachers pay award agreed to 31 March 2011 therefore not considered as risk for the current financial year. Negiotiations relating to pay award effective from 1 April 2010 for LG Employees are ongoing. | | | | |
| Single Status The provision for the costs associated with implementing Single Status may be insufficient. | Low | Low | Departmental budgets increased to cover incremental progression through the new grades. | | | | |
| Equal Pay Claims A provision may be required for the cost of equal pay claims. | Low | Low | Relatively few cases being taken through the Employment Tribunal process. | | | | |
| Capital Financing Costs Level of interest rates paid will be greater than anticipated. | Low/ Med | Low/ Med | Treasury Mgmt Strategy. Limited exposure to variable rate funding. | | | | |
| Interest on Revenue Balances Level of interest rates will be lower than anticipated. | Med/ High | Med/ High | Treasury Mgmt Strategy. Reduction in income will be offset by lower temporary borrowing costs. | | | | |
| Savings Failure to achieve agreed level of savings & efficiencies. | Low/ Med | Low/ Med | General risk mitigation factors (ref para 5.1), in particular, regular monitoring by departments to ensure savings targets are met. | | | | |
| Emerging Cost Pressures The possibility of new cost pressures or responsibilities emerging during the course of the financial year. | Low/ Med | Low/ Med | General risk mitigation factors (ref para 5.1), in particular, regular monitoring by departments to ensure cost pressures are identified early and corrective action can be taken as necessary. | | | | |
| Chargeable income The uncertainty that the level of chargeable income budgeted will be received. | Med/ High | High | General risk mitigation factors (ref para 5.1), in particular, regular monitoring by departments to ensure any shortfalls are identified as early as possible and corrective action can be taken as necessary. | | | | |
| Council Tax Collection Provision for non-collection of Council Tax (3.2%) may not be adequate. | Low | Low | Provision set takes cognisance of amounts collected for previous financial years. Non-payers subject to established income recovery procedures. | | | | |
| New Accounting Standards The impact of adopting International Financial Reporting Standards (IFRS). | Low | | Any significant financial impacts are likely to be mitigated by government legislation. | | | | |
