

DUNDEE CITY COUNCIL

**STATEMENT OF ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2007**

AUDITED

FOREWORD BY THE HEAD OF FINANCE

Introduction

This foreword is intended as a commentary on the City Council's financial position, as presented within the Statement of Accounts for the financial year 2006/2007.

Accounting Policies (see pages 7 to 11)

The Statement of Accounting Policies sets out the basis upon which the Financial Statements have been prepared, and explains the accounting treatment of both general and specific items.

Statement of Responsibilities for the Statement of Accounts (see page 12)

This statement sets out the main financial responsibilities of the Council and the Head of Finance.

The Accounting Statements (see pages 13 to 63)

Income & Expenditure Account:

sets out the budgeted and actual expenditure for all of the Council's services and also shows how the expenditure has been financed. Both expenditure and income are measured using essentially the same accounting conventions (ie UK Generally Accepted Accounting Practice or "UKGAAP") that a large, but unlisted, company would use in preparing its financial statements.

Statement of Movement on the General Fund Balance:

reconciles the surplus or deficit for the year on the Income & Expenditure Account to the amount required by statute and non-statutory proper accounting practice to be charged or credited to the General Fund Balance.

Statement of Total Recognised Gains and Losses:

brings together all the recognised gains and losses of the Council during the period, including those not reflected in the Income & Expenditure Account.

Balance Sheet:

is a combination of the General Fund, Housing Revenue Account, Consolidated Loans Fund, Insurance Funds and Statutory Trading Account Balance Sheets and represents the overall financial position of the Council at 31 March 2007. All inter-departmental balances have been eliminated upon consolidation.

Cash Flow Statement:

details the inflows and outflows of cash arising from revenue and capital transactions.

Council Tax Income Account:

details the gross and net income from Council Tax.

Non-Domestic Rate Income Account:

details the gross and net income from Non-Domestic Rates and the net contribution to the National Non-Domestic Rate Pool.

Housing Revenue Account: Income & Expenditure Account:

reflects the statutory requirement to separately account for local authority housing provision, as defined in the Housing (Scotland) Act 1987. It shows the major elements of housing revenue expenditure, and how these are met by rents, housing support grant and other income. Both expenditure and income are measured using essentially the same accounting conventions (ie UK General Accepted Accounting Practice or "UKGAAP") that a large, but unlisted, company would use in preparing its financial statements.

Statement of Movement on the Housing Revenue Account Balance:

reconciles the surplus or deficit for the year on the Housing Revenue Account Income & Expenditure Account to the amount required by statute and non-statutory proper accounting practice to be charged or credited to the Housing Revenue Account Balance. In 2006/2007, the Housing Revenue Account had a surplus of income over expenditure and £0.676m of this surplus was transferred to the Income & Expenditure Account and then appropriated to the Renewal and Repair Fund.

Group Accounts:

brings together Dundee City Council and its interests in entities which would be regarded as its subsidiaries or associates or joint ventures if the Council was subject to the Companies Act.

Superannuation Funds Accounts:

sets out the accounting policies, fund account and net assets statement for the two Superannuation Funds which the Council administers.

Common Good Fund and Charitable Trust Funds Accounts:

present a picture of the authority's stewardship of the assets under its control which do not form part of the other financial statements.

FOREWORD BY THE HEAD OF FINANCE

Notes to the Core Financial Statements and Other Various Accounts

are intended to give the reader further information which is not separately detailed in the financial statements.

Statement on the System of Internal Financial Control (see page 64)

This statement sets out the framework within which financial control is managed and reviewed. The main components of the system are listed, together with any significant weaknesses that have been identified and the remedial action taken.

Virement from Contingency/Fund Balances

The 2006/2007 Revenue Budget included a general contingency provision of £200,000 to allow for unforeseen items of expenditure arising during the course of the financial year together with a specific contingency of £1.0m to address additional costs arising from the Single Status Agreement. An amount of £77,000 was vired from these contingencies to offset additional expenditure incurred by departments. In addition, virements totalling £2.2m were made from General Fund Balances to fund departmental expenditure commitments that had been carried forward from 2005/2006. During the course of the financial year, the Council received additional new monies totalling £600,000 from the Scottish Executive to fund new initiatives, mainly in Social Work services.

The "Budgeted Net Expenditure/(Income)" column in the Income & Expenditure Account (see page 13 and note 13 on page 21), reflects the impact of the transfers from contingencies and from General Fund Balances together with the additional funding received from the Scottish Executive during the financial year. The budgeted net expenditure figures have also been adjusted to reflect amounts transferred from the Renewal & Repair Fund in order to fund expenditure within departments.

Revenue Budget

The 2006/2007 Revenue Budget was agreed at the meeting of the Special Finance Committee on 13 February 2006. The agreed position was effectively a "balanced" budget, with budgeted expenditure equal to budgeted income and no assumed transfer from accrued General Fund Balances. The Finance Committee received monthly revenue monitoring reports during 2006/2007 in order to keep elected members fully appraised as to the projected outturn position.

As noted above, the 2006 SORP contains significant changes to both the format and content of the 2006/2007 Statement of Accounts, including a new Income & Expenditure Account and Statement of Movement on the General Fund Balance. The following table reconciles the Revenue Budget approved by the Special Finance Committee on 13 February 2006 to the revised budget figures that are included in the aforementioned accounting statements shown on pages 13 and 14.

	Budgeted Net Expenditure/ (Income) £m
Approved Revenue Budget 13 February 2006	-

FOREWORD BY THE HEAD OF FINANCE

Revenue Expenditure

The Statement of Movement on the General Fund Balance (see page 14) shows an actual surplus for the year of £1.881m, against a budgeted deficit of £1.984m, ie this represents an overall net underspend of £3.865m against the 2006/2007 Revenue Budget. The main components of the net underspend are as follows:

	£m
Net Underspend on Council Services	(4.035)
Underspend on Contingencies	(1.123)
Equal Pay Costs	0.219
Reduced Contributions to Joint Boards	(0.266)
Additional Housing Benefits Subsidy Costs	0.763
Additional DCS Surpluses	(0.845)
Additional Local Taxation Income	(0.387)
Savings on Loan Charges	(0.990)
Contributions to Reserves	2.122
Additional CFCR Expenditure	1.131
Other Miscellaneous Net Underspends	<u>(0.454)</u>
	<u>(3.865)</u>

The net underspend of £4.035m on Council services was due to a number of under and overspends within departmental budgets, including underspends in Planning & Transportation, Social Work, Economic Development, Finance Revenues and Housing. Some of these underspends are as a result of planned efficiency initiatives. Given the size and diversity of the Council's Revenue Budget and the services that it provides, there can be a significant number of variances from budget in any given financial year. It should also be noted that, within the above underspends, expenditure commitments totalling £2.1m (including Education Devolved School Management balances) will be carried forward to 2007/2008.

General Fund Balances

The excess of income over expenditure for the financial year 2006/2007 was £1.881m. When added to the opening General Fund balance of £6.596m, this gives a General Fund balances figure of £8.477m at 31 March 2007. It is, however, estimated that there are expenditure commitments amounting to £1.605m outstanding at 31 March 2007. These have arisen due to underspends in 2006/2007 and these underspends will be carried forward to 2007/2008 and fully utilised in the new financial year. It was agreed that the sum of £1.300m be taken from balances in setting the 2007/2008 Council Tax. In addition, there are ear-marked balances within the General Fund of £0.511m and £0.648m in respect of the Devolved School Management Scheme and Car Parking respectively. When all of these items are taken into account, it is estimated that the Council has uncommitted General Fund balances of £4.413m as at 31 March 2007. This sum is not considered unreasonable for a local authority with an annual net cost of services of almost £300m, and given the financial risks and uncertainties currently facing the Council.

Principal Sources of Finance for Revenue Expenditure

The majority of the principal sources of finance, as detailed in the Income & Expenditure Account, are determined by Central Government and are as follows:

	£m
Revenue Support Grant	176.0
Contributions from National Non-Domestic Pool	<u>52.5</u>
	<u>228.5</u>

The remainder of the principal sources of finance are Council Tax which was set, billed and collected by the City Council and residual Community Charge (Poll Tax) not previously accounted for.

Prudential Code

The previous controls on local authority borrowing were abolished by the Local Government in Scotland Act 2003 and replaced (with effect from 1 April 2004) by a prudential regime, based mainly on self-regulation. A Prudential Code has been developed by CIPFA as a professional code of practice to support local authorities in taking decisions on capital investment. The Code seeks to ensure that capital investment programmes are affordable, that borrowing is within prudent and sustainable levels and that treasury management decisions are taken in accordance with professional good practice. The Code also sets out a range of prudential indicators that will demonstrate whether these objectives have been met. Compliance with the Code is required under the 2003 Act. The Council has complied with all aspects of the Prudential Code in 2006/2007.

Capital Expenditure & Borrowing Facilities

Gross capital expenditure in 2006/2007 was £61.8m, of which £21.4m was spent within the Housing Department Programmes. The remaining £40.4m was spent on the Council's other services including Education, Social Work, Planning & Transportation, Leisure & Communities, Waste Management and Economic Development. The £61.8m of capital expenditure was funded through borrowing (£28.4m), various types of capital receipts (£30.3m) and directly from the 2006/2007 Income & Expenditure Account (£3.1m).

FOREWORD BY THE HEAD OF FINANCE

Borrowing has the effect of increasing the Council's overall indebtedness and the level of principal repayments and loan interest charges each year. Capital expenditure met directly from the Income & Expenditure Account increases total net expenditure in that particular year but does not result in an increase in overall indebtedness. The Council uses these methods of funding capital expenditure as part of its long and short term capital financing strategy. The Council has several sources available to it in terms of borrowing to fund capital expenditure. The most significant of these is the Public Works Loans Board, although the Council can, in addition, borrow from the money markets and the European Investment Bank.

Control of Capital and Revenue Expenditure

The monitoring and control of both capital and revenue expenditure of an organisation of the size and complexity of the City Council is an on-going and substantial exercise which requires a positive contribution from staff and elected members to ensure that the Council's financial objectives are achieved and that the Council's financial resources are fully utilised. The following Statement of Accounts reflects the fact that this has been satisfactorily carried out in the course of the financial year.

Public Private Partnership (PPP)

In December 2003, the Scottish Executive confirmed their initial offer of revenue (level playing field) support of £5.73m per annum for a revised PPP project with a notional capital value of £80m for the replacement, extension and refurbishment of schools within the city. Robertson Capital Projects (RCP) were appointed preferred bidder in November 2005. In February 2007, the Council reached financial close with RCP and a Special Purpose Vehicle (Discovery Education Limited) was set up to construct and operate the schools for a period of 30 years.

Pension Liability (FRS 17)

Under Financial Reporting Standard 17 (Retirement Benefits) the Council is required to include figures in its Statement of Accounts relating to the assets, liabilities, income and expenditure of the pension scheme for its employees. It has been estimated that the Council had a net pension liability of £147.3m as at 31 March 2007. The estimated net pension liability at 31 March 2006 was £195.8m. The rising stock market helped assets grow more quickly than liabilities, whose increase was restricted by a reduction in the real interest rate and by a £16.1m commutation saving relating to changes to lump sum benefit options.

Statutory Trading Accounts

The Local Government in Scotland Act 2003 repealed CCT legislation and introduced a new requirement to maintain Trading Accounts for significant trading operations. In 2003/2004, the Council established a Statutory Trading Account for the services provided by Dundee Contract Services. The Statutory Trading Account (see Note 15 on pages 22 and 23) shows that a surplus of £0.808m was generated in 2006/2007 and this has been transferred to the Income & Expenditure Account. The statutory financial target is for the Trading Account to break-even over a three year rolling period. This requirement has been exceeded by £1.301m during the period 2004-2007.

Scottish Housing Quality Standard

Following consultation, and recognising the desire of a majority of tenants to remain with the Council, a Scottish Housing Quality Standard delivery plan was submitted to the Scottish Executive. The Scottish Executive had previously announced that they require all Scottish Council Housing to be brought up to the new Scottish Housing Quality Standard by 2015 and maintained at that standard thereafter. The standard states that Scottish Council Housing should be free from major repair, energy efficient and safe and secure. The Council's delivery plan was approved in October 2006 and sets out the achievement of the standard by 2015 and the phasing of the £140.8m investment in Council Housing core stock. The Council also intends to spend an additional £51m to supplement the SHQS by investing in a maintenance investment programme during the same period.

Equal Pay Costs/Single Status Agreement

The 2006/2007 Income & Expenditure Account includes a charge totalling £0.219m in respect of equal pay costs for certain categories of staff. In the 2005/2006 Income & Expenditure Account, a charge totalling £3.481m was included for this item. In addition to the costs associated with its own staff, these charges also reflect the Council's liability to meet a share (33%) of the equal pay costs for Tayside Contracts staff. The charges largely cover estimated equal pay costs for the 5-year period to 31 March 2006 and includes provision for Income Tax and National Insurance costs. The resolution of the equal pay issue is deemed to be a necessary step towards reaching agreement on the implementation of the Single Status Agreement, which will ensure ongoing equal pay for work of equal value for all employees of the Council. Work is ongoing within the Council towards implementing the Single Status Agreement.

Dundee Leisure

In March 2006, it was agreed that a Leisure Company with charitable status ("Dundee Leisure") would be established to manage and operate the Council's swimming and leisure facilities from 1 April 2006. A Management Agreement has been agreed between the Council and the Company, together with building leases for five different leisure facilities. As part of the Management Agreement, 118 full-time equivalent staff have transferred from the Council to the Company on existing terms and conditions of employment. The financial savings arising from the establishment of Dundee Leisure (mainly in respect of non-domestic rates and VAT) were reflected in future years' Revenue Budgets.

FOREWORD BY THE HEAD OF FINANCE

Dundee Airport

In February 2007, it was agreed that the operation of Dundee Airport should be transferred to Highlands & Island Airport Limited (HIAL) with effect from 1 September 2007. The City Council will enter into a long-term lease of the Airport facilities with the Scottish Executive. As part of the transfer of the Airport operation, the Airport staff will become HIAL employees under a TUPE transfer. The financial savings from the transfer of the operation of Dundee Airport to HIAL have been reflected in future years' Revenue Budgets.

Group Accounts

The Group Income & Expenditure Account shows a surplus of £0.067m, a movement of £17.765m from the surplus of £17.832m shown in the Council's Income & Expenditure Account. This is mainly due to incorporating the Council's share of deficits on the Income & Expenditure Accounts of the Police and Fire Boards. The impact of consolidation on the Balance Sheet is to decrease the net assets and reserves by £290.008m, when compared to the Council's Balance Sheet. This is mainly due to the impact of consolidating the Council's share of the Balance Sheets of the Police and Fire Boards. These Boards' Balance Sheets show large deficits, mainly due to the effect of accounting for pension costs under Financial Reporting Standard 17 (Retirement Benefits).

Acknowledgements

I would like to thank Councillor Fraser Macpherson, the former Finance Convener, all other Elected Members and officers of the Council for their active support and co-operation in the effective management of the Council's finances during another challenging year. Finally, I would conclude this report by thanking all the Finance Department staff who contributed to the management and control of the Council's finances and to the finalisation of the City Council's 2006/2007 Statement of Accounts.

STATEMENT OF ACCOUNTING POLICIES

General

The Financial Statements are intended to "present fairly" the financial position and transactions of the Council. They have thus been prepared in accordance with:-

- the "Code of Practice on Local Authority Accounting in the United Kingdom 2006 - A Statement of Recommended Practice" (the SORP), issued by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Local Authority (Scotland) Accounts Advisory Committee (LA(S)AAC)
- the Best Value Accounting Code of Practice 2006

The Financial Statements have also been prepared in accordance with the fundamental accounting principles and pervasive concepts identified in Financial Reporting Standard 18 (Accounting Policies) ie; relevance, reliability, comparability, understandability, materiality, accruals, going concern and primacy of legislative requirements. The historical cost accounting convention has been adopted in the preparation of the Financial Statements, modified for the revaluation to a "current value" basis of certain tangible fixed assets.

Major Changes in Accounting Policy

The Council continues to adopt the accounting policies recommended by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Local Authorities (Scotland) Accounts Advisory Committee (LA(S)AAC).

The 2006 SORP contains significant changes to both the format and content of the Statement of Accounts in 2006/2007, including the following three significant changes in accounting policy that affect the new Income & Expenditure Account:

- the removal of the notional interest element from capital charges (£24.442m in 2005/2006).
- the posting of credits for government grants/capital contribution write downs to service revenue accounts (£2.658m in 2005/2006).
- the inclusion of gains and losses on the disposal of fixed assets (net gain of £2.865m in 2005/2006).

In accordance with the Financial Reporting Standard 3 (Reporting Financial Performance), the previous year figures have been restated on a comparative basis. This restatement has no impact on the movement in the General Fund Balance for 2005/2006 or on the Net Assets shown in the Balance Sheet as at 31 March 2006.

In summary, the main changes necessary to restate the accounts in line with the 2006 SORP are as follows:

- the replacement of the Consolidated Revenue Account with a new UKGAAP-compliant Income & Expenditure Account incorporating the three new accounting policies set-out above (see page 13).
- a new Statement of Movement on the General Fund Balance, together with a new supporting note analysing the reconciling items (see pages 14 and 23).
- a new Statement of Total Recognised Gains & Losses (see page 15).
- a new note detailing the Movements on Reserves (see pages 32 and 33).
- consequential changes to the Housing Revenue Account: a new HRA Income & Expenditure Account and a new Statement of Movement on the HRA Balance (see pages 42 to 44).
- minor changes to the format of the Balance Sheet to reflect the presentation requirements of FRS25 (Financial Instruments: Presentation & Disclosure (see page 16).
- consequential changes to the Group Accounts including a new Reconciliation to the Single Entity Income & Expenditure Account and a new Group Statement of Total Recognised Gains & Losses (see pages 45 to 53).
- the re-grouping and re-ordering of the core and supplementary financial statements (and the notes thereto).

Tangible Fixed Assets - Basis of Valuation

Council houses are included in the Balance Sheet at existing use value for social housing, using the Beacon Principle. The revaluation of Council houses is carried out on a quinquennial basis, the next revaluation date being as at 31 March 2009.

STATEMENT OF ACCOUNTING POLICIES

Other operational properties owned by the Council have been included in the Balance Sheet at market value in existing use or, in the case of specialised assets for which there is no market value, at depreciated replacement cost. All property related assets are revalued by means of a rolling programme, covering all properties over a five-year cycle. The current cycle began on 1 April 2004.

Investment properties within all Council Departments are revalued annually and included at open market value. The date of valuation was 31 March 2007. Surplus assets held for disposal are included at market value. Assets under construction are included at cost unless market conditions indicate that market value is significantly lower than cost, in which case the asset will be included at the lower value.

Vehicles, plant and equipment are included in the Balance Sheet at the lower of net current replacement cost (using historical cost as a proxy for replacement cost) or net realisable value. Infrastructure assets are included at depreciated historical cost. Community assets are included at historical cost, where relevant.

Any assets which have suffered impairment in the year are included at the impaired value.

Tangible Fixed Assets - Basis of Charges to Income & Expenditure Accounts

The charges made to Service Income & Expenditure Accounts, Central Support Services and Statutory Trading Accounts, equate to the sum of depreciation (where applicable) and impairment. The Council's housing stock is depreciated using the Major Repairs Allowance as a measure for depreciation. The straight-line method of depreciation is used for all other assets that are subject to depreciation. Assets have been assigned various useful lives, typically 10-60 years for buildings, 3-10 years for plant and equipment and 10-30 years for infrastructure. Residual values have been assumed where appropriate. No depreciation is charged in the year of acquisition but a full year's charge is made in the year of disposal.

Leases

Leases are categorised as either "finance" or "operating", in accordance with Statement of Standard Accounting Practice 21 (Accounting for Leases and Hire Purchase Contracts). Reference is also made to Financial Reporting Standard 5 (Reporting the Substance of Transactions) in determining the appropriate categorisation. Hire purchase contracts that bear the characteristics of a finance or operating lease are accounted for accordingly.

Finance Leases:

Where the Council is the lessee in a finance lease, the asset acquired is capitalised and included in the Balance Sheet together with an equivalent deferred liability. Measurement is initially on the basis of the outstanding obligation to make future principal repayments. Thereafter, the asset is subject to depreciation, revaluation and impairment review, in accordance with the relevant accounting policies. Leasing payments are apportioned between the finance charge and the reduction of the outstanding obligation (deferred liability). The finance charge element is charged to the Income & Expenditure Account over the period of the lease. Where the Council is the lessor in a finance lease, the amounts due are recorded in the Balance Sheet as a debtor at the amount of the net investment. The total gross earnings are allocated to accounting periods to give a constant periodic rate of return on the net cash investment in the lease in each period.

Operating Leases:

Where the Council is the lessee in an operating lease, the rentals payable (net of benefits received or receivable) are charged to revenue on a straight line basis over the term of the lease. Where the Council is the lessor in an operating lease, the asset is recorded in the Balance Sheet as a tangible fixed asset and is subject to depreciation, revaluation and impairment review, in accordance with the relevant accounting policies. Rental income is recognised on a straight line basis over the term of the lease.

Investments

Investments in companies are shown at cost, less any provision required for loss in value. Superannuation Fund investments are shown at market value (mid market price). Common Good, Charitable Trust and Insurance Funds investments are shown in the accounts at cost less any provision required for overall loss in value. Dividend income from investments is recognised when the right to receive the dividend is established.

Stocks and Work in Progress

Stocks are valued at the lower of cost or net realisable value. Work in progress represents the value of work unbilled including attributable profit less any foreseeable losses.

Covenant Schemes

Assets which have been financed through Covenant schemes are included in the Balance Sheet at a value arrived at in accordance with the accounting treatment for tangible fixed assets. An amount is included in the Long Term Liabilities section as a Deferred Liability. The Deferred Liability represents the total indebtedness to the Development Company under Covenant schemes at 31 March 2007.

STATEMENT OF ACCOUNTING POLICIES

Provisions for Bad Debts

Provisions are made for bad debts on Non-Domestic Rates, Community Charge, Council Tax, Statutory Additions and on other items of income, where appropriate. In all cases the level of provision is based on experience and an assessment of the prospects of recovering the related debts.

Provisions for Liabilities

Provisions are made for the following:-

- potential abatements of Non-Domestic Rate income due to vacant properties and valuation appeals and potential reductions in Council Tax income due to exemptions and discounts.
- self-insured/uninsured losses chargeable against the Insurance Funds operated by the Council.

Significant Estimation Techniques

The Council's Balance Sheet at 31 March 2007 includes various provisions totalling £31.720m. These provisions have been calculated using the undernoted estimation techniques.

Bad Debt Provisions

Non Domestic Rates - the provision of £1.191m has been calculated by applying a fixed percentage to each year's outstanding debt.

Community Charge - the provision of £3.532m has been calculated by projecting future collection levels based on the actual collection achieved in 2006/2007.

Council Tax - the provision of £12.124m has been calculated using the non-collection rate anticipated when each financial year's Council Tax was set, or a lower figure where the anticipated collection rate has been exceeded.

Statutory Additions - the provision of £2.421m has been calculated by applying the overall percentage relating to the various charge elements (ie Non Domestic Rates, Community Charge and Council Tax) to which the Statutory Addition was applied.

Miscellaneous Invoiced Debt - the provision of £1.722m has been calculated by applying non-collection rates to an aged debt analysis. The percentage increases according to the age of the debt. Higher percentages are also applied to types of debt which have proven difficult to collect.

Housing Rents - the provision of £0.773m has been calculated by applying various percentages to a value-banded debt analysis. The percentage increases according to the value of the debt.

Housing Benefit Overpayments - the provision of £1.461m has been calculated by applying an anticipated non-collection rate to the total debt.

Other Provisions

Council Tax - a provision is required for potential loss of income arising from reductions in the net charge levied by the Council, due to exemptions and discounts. The provision of £0.700m is based on the movements for charge years prior to 2006/2007.

Non Domestic Rates - a provision is required for potential loss of income arising from the settlement of valuation appeals. The provision of £3.458m is based on the value of appeals outstanding and an estimate of the percentage that will be successful.

Insurance - a provision is required to meet self-insured losses. The provision of £4.338m is based on the outstanding value of unsettled claims, considered in conjunction with aggregate stop-loss arrangements within the Council's insurance cover.

Government and EC Grants

Grants are accounted for on an accruals basis and income has been credited to either the appropriate Service Income & Expenditure Account or to the Government Grants/Capital Contributions Deferred Account. Capital grants and contributions are amortised to the appropriate Service Income & Expenditure Account over the useful life of the related asset to match the depreciation of the asset.

Capital Receipts

Income from the sale of assets is accounted for on an accruals basis and is credited initially to the Usable Capital Receipts Reserve. Thereafter, the proportion applied to fund new capital expenditure in the year, and thus reduce borrowing in the year, is transferred to the Capital Financing Account. Alternatively, transfers may be made to the Capital Fund to fund capital expenditure in future financial years.

STATEMENT OF ACCOUNTING POLICIES

In the Consolidated Loans Fund, capital receipts are applied first to repay any outstanding debt on the asset sold. Any remaining sum is then applied to reduce the level of advances from the Consolidated Loans Fund.

Reserves

The Council maintains a number of reserve funds for purposes in line with relevant statute. Full details are given in the Movements on Reserves note on pages 32 and 33.

Basis of Funding and Charging for Capital

The Council's borrowing is managed through its Consolidated Loans Fund (CLF) which makes advances to individual service capital accounts to finance capital expenditure. Repayments to the Consolidated Loans Fund are made on an annuity basis. The total interest paid by the CLF, including Interest on Revenue Balances (IORB) is charged to the Income & Expenditure Account.

Repurchase of Borrowing

Losses or gains arising on the repurchase or early settlement of borrowing, where coupled with a refinancing or restructuring of borrowing with substantially the same overall economic effect, are recognised in the Income & Expenditure Account over the life of the replacement borrowing. The balance of the premium or discount is shown in the Balance Sheet as a Deferred Premium or Deferred Discount.

Public Private Partnership (PPP)

In accordance with Financial Reporting Standard 5 (Reporting the Substance of Transactions) as amended by Application Note F, the development costs associated with the Council's Schools' PPP project are charged to the Education Income & Expenditure Account in the year in which they are incurred.

Revenue and Capital Transactions

Revenue and Capital transactions are recorded in the accounts on an income and expenditure basis, i.e. recognised as they are earned or incurred, not as money is received or paid. All specific and material sums payable to and due by the Council as at 31 March 2007 have been brought into account. The recognition and measurement of income is in accordance with the Application Note to Financial Reporting Standard 5 concerning "Revenue Recognition".

Statutory Additions

Where a debt becomes the subject of a summary warrant, a 10% statutory addition is applied to the debt outstanding. The statutory addition is shown as a debtor in the Balance Sheet. In terms of applying receipts to these debts, it is the Council's policy to first apply these to the original debt. Only after the original debt has been extinguished will any receipts be applied to the statutory addition.

Pensions

The Council participates in two different pension schemes, with defined benefits related to pay and service, as follows:-

Teachers:

This is an unfunded scheme administered by the Scottish Public Pensions Agency. The pension costs included in the accounts reflect the contribution rate set by the Scottish Executive on the basis of a notional fund. The Scottish Teachers' Superannuation Scheme is an unfunded scheme administered nationally by the Scottish Executive. Guidance issued by CIPFA/LASAAC concludes that the assets and liabilities underlying the scheme are not identifiable at individual employer level on a consistent basis and, accordingly, there are no FRS17 disclosure requirements.

Other Employees:

Other employees, subject to certain qualifying criteria, are eligible to join the Local Government Pension Scheme. The pension costs included in the accounts have been determined in accordance with Financial Reporting Standard 17 (Retirement Benefits).

Central Support Services

Central Support Service costs are recharged to user departments, with the exception of Corporate and Democratic Core Costs and Non Distributed Costs. The Central Support Services administration costs shown in the Superannuation Funds Account are calculated in accordance with the provisions of the Local Government Superannuation (Scotland) Regulations 1987 (as amended).

Insurance

The Council's insurance arrangements are operated in accordance with the guidance contained in "Accounting for Insurance in Local Authorities in Scotland", issued by LA(S)AAC in December 2006.

STATEMENT OF ACCOUNTING POLICIES

Exceptional Items

Exceptional items are ones that are material in terms of the Council's overall expenditure and are not expected to recur frequently or regularly. Exceptional items are included in the net cost of the service to which they relate or on the face of the Income & Expenditure Account if that degree of prominence is necessary in order to give a fair presentation of the accounts. Further details are provided in the notes to the Core Financial Statements.

Prior Period Adjustments

Prior period adjustments are material adjustments applicable to prior years, arising from changes in accounting policies or the correction of fundamental errors. In accordance with Financial Reporting Standard 3 (Reporting Financial Performance) prior period adjustments are accounted for by restating the comparative figures for the preceding period in the Statement of Accounts and Notes, and adjusting the opening balance of reserves for the cumulative effect.

Financial Relationships with Companies

The Accounting Code of Practice requires local authorities to prepare supplementary Group Accounts to incorporate the results of subsidiaries, associates and joint ventures. A joint venture and three associates have been consolidated using the "equity" method in the Group Accounts on pages 45 to 53.

STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

The Authority's Responsibilities

The authority is required to:

- make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Head of Finance
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.

The Responsibilities of the Head of Finance

The Head of Finance is responsible for the preparation of the authority's statement of accounts in accordance with proper practices as set out in the CIPFA/LA(S)AAC Code of Practice on Local Authority Accounting in the United Kingdom ('the Code of Practice').

In preparing this statement of accounts, the Head of Finance has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with the Code of Practice.

The Head of Finance has also:

- kept proper accounting records which were up to date;
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

The Statement of Accounts presents fairly the financial position of the authority at the accounting date and its income and expenditure for the year ended 31 March 2007.

Note

The Income & Expenditure Account has been prepared in accordance with the Service Expenditure Analysis for Scotland that is set out in Section 3 of the 2006 CIPFA Best Value Accounting Code of Practice (BVACoP). This standard analysis seeks to promote consistency between local authorities in terms of both format and comparability of financial reporting. The Council's internal management structure is, however, somewhat different from the service structure set out in BVACoP. For completeness, Note 13 to the Core Financial Statements (see page 21) shows the Net Cost of Services of £262.526m re-classified in line with the Council's management/department structure.

STATEMENT OF MOVEMENT ON THE GENERAL FUND BALANCE

The Income & Expenditure Account shows the Council's actual financial performance for the year, measured in terms of the resources consumed and generated over the past 12 months. The Council is, however, required by statute to set its Revenue Budget and Council Tax level on a different accounting basis. The two main differences are that for the Revenue Budget and Council Tax purposes:

- capital investment is accounted for as it is financed, rather than when the fixed assets are consumed.
- retirement benefits are charged as amounts become payable to pension funds and pensioners, rather than as future benefits are earned.

The annual movement on the General Fund Balance compares the Council's spending against the Council Tax and other revenue that it received for the year, also taking into account the use of reserves built up in the past and contributions to reserves earmarked for future expenditure.

The following statement summarises the differences between the outturn on the Income & Expenditure Account and the movement on the General Fund Balance. A detailed analysis of the reconciling amounts is shown at Note 17 to the Core Financial Statements (see page 23).

NOTES TO THE CORE FINANCIAL STATEMENTS

1 ACQUIRED AND DISCONTINUED OPERATIONS

In 2006/2007 there were no acquired or discontinued operations (2005/2006 None).

2 EXCEPTIONAL ITEMS

In 2006/2007 a charge totalling £219,000 has been included in the Income & Expenditure Account in respect of equal pay costs for certain categories of staff. In the 2005/2006 Income & Expenditure Account, a charge totalling £3,481,000 was included for this item. In addition to the costs associated with its own staff, these charges also reflect the Council's liability to meet a share (33%) of the equal pay costs for Tayside Contracts staff. These charges largely cover equal pay costs for the 5-year period to 31 March 2006 and include provision for Income Tax and National Insurance costs.

In 2006/2007 a credit totalling £16,083,000 has been included in the Income & Expenditure Account, under "Non Distributed Costs". This credit relates to a recent change in the regulations governing the Local Government Pension Scheme in Scotland. Under new tax rules, scheme members are now able to exchange a part of their pension for additional lump sum benefits. This will impact on the valuation of the Council's accrued pension liabilities, depending on the number of members who decide to exercise the option. The Council's Actuary (Barnett Waddingham) has assumed a 50% take-up rate in the calculation of the Council's accrued pension liabilities as at 31 March 2007. The impact of this assumption is to reduce pension liabilities by £16,083,000 and, in accordance with proper accounting practice, this credit has been included in the 2006/2007 Income & Expenditure Account. This credit is, however, purely notional and is reversed out in the Statement of Movement on the General Fund Balance. Accordingly, there is no impact on the Council's General Fund or budgetary requirements. Also included under "Non Distributed Costs" in 2006/2007 are Past Service Pension Costs/Curtailments and Settlements (net charge of £71,000) and depreciation on surplus assets of £141,000.

3 EXTRAORDINARY ITEMS

In 2006/2007 there were no extraordinary items (2005/2006 None).

4 PRIOR PERIOD ADJUSTMENTS

In 2006/2007 a prior period adjustment has been made in respect of the various revised requirements contained in the 2006 SORP (2005/2006 None). The 2006 SORP contains significant changes to both the format and content of the Statement of Accounts in 2006/2007, including the following three significant changes in accounting policy that affect the new Income & Expenditure Account:

- the removal of the notional interest element from capital charges (£24.442m in 2005/2006)
- the posting of credits for government grants/capital contribution write downs to service revenue accounts (£2.658m in 2005/2006)
- the inclusion of gains and losses on the disposal of fixed assets (net gain of £2.865m in 2005/2006)

In accordance with Financial Reporting Standard 3 (Reporting Financial Performance), the previous year figures have been restated on a comparative basis. This restatement has no impact on the movement in the General Fund Balance for 2005/2006 or on the Net Assets shown in the Balance Sheet as at 31 March 2006.

In summary, the main changes necessary to restate the accounts in line with the 2006 SORP are as follows:

- the replacement of the Consolidated Revenue Account with a new UKGAAP-compliant Income & Expenditure Account incorporating the three new accounting policies set-out above (see page 13).
- a new Statement of Movement on the General Fund Balance, together with a new supporting note analysing the reconciling items (see pages 14 and 23).
- a new Statement of Total Recognised Gains & Losses (see page 15).
- a new note detailing the Movements on Reserves (see pages 32 and 33).
- consequential changes to the Housing Revenue Account: a new HRA Income & Expenditure Account and a new Statement of Movement on the HRA Balance (see pages 42 to 44).
- minor changes to the format of the Balance Sheet to reflect the presentation requirements of FRS25 (Financial Instruments: Presentation & Disclosure) (see page 16).
- consequential changes to the Group Accounts including a new Reconciliation to the Single Entity Income & Expenditure Account and a new Group Statement of Total Recognised Gains & Losses (see pages 45 to 53).
- the regrouping and reordering of the core and supplementary financial statements (and the notes thereto).

NOTES TO THE CORE FINANCIAL STATEMENTS

8 PENSION COSTS

The Council participates in two different pension schemes, with defined benefits related to pay and service.

Teachers

This is an unfunded scheme administered by the Scottish Public Pensions Agency. The employer's contribution rate for 2006/2007 in respect of teachers' pensions was 12.5% (2005/2006 12.5%). In 2006/2007 the Council paid £9.9m (2005/2006 £9.7m) to the Scottish Public Pensions Agency in respect of teachers' pension costs which represents 18.5% of teachers' pensionable pay including 6% employee contribution (2005/2006 18.5%). In addition the Council is responsible for all pension payments relating to added years it has awarded, together with the related increases. In 2006/2007 these amounted to £0.06m (2005/2006 £0.05m) representing 0.12% of pensionable pay (2005/2006 0.12%).

Other Employees

The Council administers the Tayside Superannuation Fund on behalf of various scheduled and admitted bodies. The Council itself is recognised as a scheduled body within Superannuation Regulations and therefore its employees can be admitted to the Fund. In 2006/2007 the Council paid an employer's contribution of £17.8m (2005/2006 £17.6m) into the Tayside Superannuation Fund, representing 16.1% of pensionable pay (2005/2006 16.1%). The employer's contribution rate in 2006/2007 was 275% of the employee's contribution rate, which is 6% for APTC and 5% for Manual Workers. The employer's contribution rate was determined by the Fund's Actuary based on the triennial actuarial valuation at 31 March 2005 with the resultant revised contribution rates effective from 1 April 2006. There was no increase in the contribution rate in 2006/2007. Under Superannuation Regulations contribution rates are set to meet 100% of the overall liabilities of the Fund.

In addition the Council is responsible for all pension payments relating to added years' benefits it has awarded, together with the related increases. In 2006/2007 these amounted to £1.9m (2005/2006 £1.9m), representing 1.7% of pensionable pay (2005/2006 1.7%).

The capital cost of any discretionary increases in pension payments (eg discretionary added years) agreed by the Council whether funded by the pension scheme or by the Council is as follows:

- a awarded in 2006/2007 £1.112m (2005/2006 £0.491m)
- b awarded prior to 2006/2007 for which payments are still being made £1.935m (2005/2006 £20.729m)

13 REVISED SERVICE EXPENDITURE ANALYSIS

The Income & Expenditure Account shown on page 13 has been prepared in accordance with the Service Expenditure Analysis for Scotland that is set out in Section 3 of the 2006 CIPFA Best Value Accounting Code of Practice (BVACoP). This standard analysis seeks to promote consistency between local authorities in terms of both format and comparability of financial reporting. The Council's internal management structure is, however, somewhat different from the service structure set out in BVACoP. For completeness, the Net Cost of Services of £262.526m (as shown in the Income & Expenditure Account) has been re-classified in line with the Council's management/department structure as follows:

15 DUNDEE CONTRACT SERVICES STATUTORY TRADING ACCOUNT

Legislation relating to Compulsory Competitive Tendering (CCT) was repealed with effect from 1 April 2003, as a result of the Local Government in Scotland Act 2003 (the Act). Section 10 of the Act sets out a requirement for Trading Accounts to be maintained and disclosed for significant trading operations. Further, a financial target is prescribed for significant trading operations: they must achieve break-even over a three year rolling period. In June 2003, CIPFA issued guidance on complying with the new requirements. The guidance was not overly prescriptive and allowed for a degree of discretion in the identification of the significant trading operations for which Statutory Trading Accounts must be maintained. The Council completed the process of identifying the relevant services in January 2004. The aforementioned and subsequent reviews have concluded that the Council should maintain a Statutory Trading Account for those services provided by Dundee Contract Services. The following disclosures are made in accordance with the Accounting Code of Practice.

Restated Target 2004/05 £000	Restated Actual 2004/05 £000	Restated Target 2005/06 £000	Restated Actual 2005/06 £000		Actual 2006/07 £000	Target 2006/07 £000	3-Year Actual 2004/07 £000	3-Year Target 2004/07 £000

In accordance with the 2006 SORP, the notional interest element of capital charges has been removed. For comparative purposes, the figures for 2004/2005 and 2005/2006 have been similarly adjusted. The effect of this restatement is to increase both the target and actual surplus figures by £92,000 in 2004/2005 and by £103,000 in 2005/2006.

Services Provided

Dundee Contract Services is a quality assured organisation geared to maintain, repair and modernise houses and other public buildings. It has the technical expertise and capability to undertake most types of building construction work and provides services of a specialist nature such as lift and gas central heating maintenance. The department also provides a comprehensive grounds maintenance service including new landscape works, forestry, fencing and arboriculture works for publicly owned sites, forests, open spaces and landscaped areas. It has its own joiners' workshop, mechanical workshops, sawmill, nursery and glasshouses. In addition, it operates its own plant and fleet of vehicles although transport and equipment is hired when considered necessary. A 24-hour emergency service is available which is required for securing and making safe dangerous buildings, dealing with burst pipes, dangerous trees and extensive flooding caused by severe weather conditions. This service is an integral part of the day to day repair and maintenance provided to council house tenants. The department's main customer is the housing department with income also being generated from other Council departments and other public bodies.

Financial Targets

The Council is required to achieve a statutory financial target of break even over a three year rolling period for significant trading organisations. In addition the Council has set a financial target of £1.247m in excess of the statutory requirement for the three financial years ending 31 March 2007.

NOTES TO THE CORE FINANCIAL STATEMENTS

15 DUNDEE CONTRACT SERVICES STATUTORY TRADING ACCOUNT (Contd)

Financial Performance

The surplus for the current financial year of £0.808m exceeds the break even requirements of the Local Government in Scotland Act 2003. It also exceeds the Council's own financial target for 2006/2007 by £0.845m. Actual income exceeded the target figure due to increased demand for services, particularly in respect of major contracts. This increased income was partially offset by a corresponding rise in expenditure on direct materials and sub-contractor costs.

The total income generated of £27.407m was £2.222m (8.8%) over the previous year's actual figure of £25.185m. In turn the department's profitability has increased in comparison to the previous year.

The statutory financial target is for the Trading Account to break even over a three year rolling period and this requirement has been exceeded by £1.301m during the financial years 2004/2005 to 2006/2007. The surplus achieved was also £0.054m over the Council's own financial target of £1.247m for the same period. This is largely a result of the increase in turnover experienced in 2006/2007.

Treatment of Surplus

There was no internal reapportionment of the surplus generated during the period under review.

16 EXTERNAL AUDIT FEES

The External Auditors of Dundee City Council are appointed by the Accounts Commission for Scotland, for a period of 5 years. The total fee payable to Audit Scotland in respect of the 2006/2007 financial year, for external audit services undertaken in accordance with the Code of Audit Practice, is £393,700 (2005/2006 £398,444). During 2006/2007, the External Auditor did not provide any other services to Dundee City Council other than the duties undertaken in accordance with the Code of Audit Practice (2005/2006 None).

NOTES TO THE CORE FINANCIAL STATEMENTS

22 COMMITMENTS UNDER CAPITAL CONTRACTS

In February 2007, the Council approved its 2007-2010 Capital Plan for General Services. This programme totals £127.0m of expenditure to be incurred in 2007/2008 and beyond. Of this expenditure £22.8m is legally committed under contracts and the remaining £104.2m relates to projects with committee approval to commence in 2007/2008 and beyond but for which contracts have not yet been entered into.

In addition, the Council approved a Standard Delivery Plan in October 2006 for the Scottish Housing Quality Standard (SHQS). The plan allows for £140.8m expenditure over the period to 2015. In June 2007, the Council approved the 2007-2010 Housing (HRA) Capital Budget that included expenditure relating to the above plan. This programme totals £58.3m of expenditure to be incurred over the period 2007-2010. Of this expenditure £8.0m is legally committed under contracts and the remaining £50.3m relates to projects with committee approval to commence in 2007/2008 and beyond but for which contracts have not yet been entered into.

The Council has a "Covenant" arrangement with a consortium of banks. This covenant was entered into prior to 1 April 2004 to allow capital expenditure to be carried out on Council projects with funding provided by the banks so that the expenditure did not require to count against the Council's Capital Section 94 Capital Consent at the time of being incurred. For this arrangement an undischarged liability of £0.449m existed as at 31 March 2007 (being £0.249m deferred liability and £0.200m loans outstanding).

There are no further outstanding obligations to make payments under this finance lease as at 31 March 2007.

Operating Leases

Operating lease rental payments of £2,380,000 were made during 2006/2007 (2005/2006 £2,546,000). These payments related to the asset categories Other Land and Buildings (£481,000) and Vehicles, Plant and Equipment (£1,899,000). In addition, the Council operates a contract car hire scheme and home computer initiative for its employees. In financial year 2006/2007, total payments of £1,386,000 (2005/2006 £1,196,000) were made by the Council to the lessors, offset by contributions of £1,023,000 (2005/2006 £739,000) from employees.

In respect of operating leases, the Council is committed to making payments to lessors of £3.123m in 2007/2008. This comprises the following elements:

	Other Land and Buildings £000	Vehicles, Plant and Equipment £000	Total £000

25 LEASES - DISCLOSURE BY LESSORS

Finance Leases

The Council had no assets leased to third parties on finance lease as at 31 March 2007 (31 March 2006 None).

Operating Leases

Dundee City Council has entered into a number of property agreements that are managed corporately by the Economic Development Department. These agreements are accounted for as operating leases. The aggregate rentals receivable from these agreements in 2006/2007 was £4.233m (2005/2006 £4.212m).

The gross value of these assets as at 31 March 2007 was £52.115m (31 March 2006 £51.403m). These assets are classed as Investment Properties and, in accordance with the relevant accounting policy, the accumulated depreciation as at 31 March 2007 relating to these assets was Nil (31 March 2006 Nil).

NOTES TO THE CORE FINANCIAL STATEMENTS

26 VALUATION OF THE COUNCIL'S ASSETS

Council houses are revalued on a quinquennial basis, but updated for disposals/acquisitions each year. The next revaluation is due in 2008/2009. Council houses are valued on the basis of Existing Use Value for Social Housing, using the beacon approach to valuation.

The Council has a five year rolling programme of revaluation for land, buildings and surplus assets, with 2006/2007 being the third year of this rolling programme. All related assets held on the Housing Revenue, Social Work, Waste Management and Environmental Health/Trading Standards were revalued as at 31 March 2007. The rolling programme of revaluation was carried out by a team of staff from the Council's Economic Development Department led by Mr John Dobbie FRICS and conducted in accordance with The Royal Institution of Chartered Surveyors Appraisal and Valuation Manual (the "Red Book"). Each valuer was either a Fellow or Professional Associate of the Royal Institution of Chartered Surveyors (RICS).

The following statement shows the progress of the Council's rolling programme for the revaluation of fixed assets:

	Council Dwellings £000	Other Land and Buildings £000	Operational Equipment £000	Investment Properties £000	Surplus Assets Held for Disposal £000	Grand Total £000
Valued at Historical Cost	-	-	-	-	-	-
Valued at Current Value in:						
2004/2005	-	12,437	2,515	-	1,211	16,163
2005/2006	-	6,011	2,223	-	5,244	13,478
2006/2007	-	<u>3,840</u>	<u>26,273</u>	<u>64,577</u>	<u>287</u>	<u>297,236</u>
	<u>-</u>	<u>22,288</u>	<u>31,011</u>	<u>64,577</u>	<u>6,742</u>	<u>326,877</u>

Operational properties of a specialised nature (e.g. schools) were valued on the basis of what it would cost to build a replacement, less allowances made to reflect the age, wear and tear and obsolescence of the existing asset (DRC - Depreciated Replacement Cost). Operational properties of a non-specialised nature (eg Council Offices) were valued by reference to the open market value of equivalent assets of a similar type and condition, as evidenced by recent market transactions, and on the assumption that they would continue in their existing use (EUV - Existing Use Value). Non-operational properties were valued by reference to their Open Market Value (OMV).

Vehicles, plant and equipment have been included in the balance sheet at the lower of net current replacement cost (using historical cost as a proxy for replacement cost) or net realisable value in existing use. Infrastructure assets are included in the balance sheet at the value of depreciated historical cost. Community assets are included in the balance sheet at historical cost where relevant.

Since 1 April 2000, Dundee City Council has been required to comply with the requirements of Financial Reporting Standard 15 (Tangible Fixed Assets). One of the main requirements of FRS15 is that depreciation should be provided for all assets, which are considered to have a finite useful life, where this can be estimated with reasonable certainty at the time of acquisition/revaluation. Depreciation does not have to be provided for land, non-operational investment properties and assets under construction. The only legitimate grounds for not charging depreciation is that the depreciation charge would be immaterial. The Council's housing stock is depreciated using the Major Repairs Allowance as a measure for depreciation. The depreciation charge for 2006/2007 is £8,664,765. The straight-line method of depreciation is used by Dundee City Council for all other assets and the total depreciation charge for 2006/2007 is £23,637,431. No depreciation is charged in the year of acquisition but a full year's charge is made in the year of disposal.

For each class of tangible fixed asset held by Dundee City Council, there are different useful economic lives. Land and Community Assets have an infinite life. Operational and non-operational buildings (except investment properties) have various useful lives depending on each individual building. The useful economic lives vary from 5 years, 10 years, 20 years and 30 years to greater than 50 years. Operational equipment has a useful life of between 3 and 10 years depending on the nature of the asset. For infrastructure assets, signage has a useful life of 10 years, traffic lights, footpaths etc have a useful life of 15 years, roads, sea defences etc have useful life of 30 years and bridges have a useful life of 60 years.

Investment properties are not subject to depreciation but are required to be re-valued annually. The increase in balance sheet values in 2006/2007 due to the revaluation of investment properties is £2,238,100.

Dundee City Council is also required to comply with Financial Reporting Standards 11 (Impairment of Fixed Assets and Goodwill). One of the main requirements of FRS11 is that an impairment review of fixed assets should be carried out if events or changes in circumstances indicate that the carrying amount of the fixed assets may not be recoverable. During 2006/2007, there were no assets which were subject to impairment due to consumption, however, a number of assets were subject to impairment as a result of a fall in prices.

Dundee Energy Recycling Limited (DERL)

Dundee Energy Recycling Limited is a special purpose company, established in order to construct and operate a new Waste-to-Energy Plant at Baldovie, Dundee. The plant was taken over from the construction contractor on 31 March 2000. On the same date, a 20 year contract commenced between the Council and DERL for the disposal of domestic refuse. The company was financially restructured in March 2004, as part of which the Council purchased the plant from DERL and leased it back at a commercial rate. The Council has 5,362,181 Deferred Shares of £1 par value in the company. A loan facility of £2.3m is in place to provide working capital and assist with the cash flow. The carrying value of the investment in the company in the Council's Balance Sheet is Nil (31 March 2006 Nil). The Council owned 40% of the £100 Ordinary Share Capital of DERL at 31 March 2007 (40% at 31 March 2006). Dundee City Council has two officers as Directors on the Board of DERL (maximum number of Directors is six). The Council's interest in DERL is considered to constitute a "joint venture" in terms of the Accounting Code of Practice. The DERL project was developed under the Private Finance Initiative (PFI).

30 PROVISIONS OTHER THAN BAD DEBTS

Council Tax

A provision has been made in respect of potential reductions to the amount of net Council Tax levied by the Council. Such reductions arise every year for a variety of reasons, the most common being delays by Council Tax payers in submitting requests for exemptions from, or discounts on, the charge levied. Provision is made with reference to the value of such transactions arising during the current financial year and is anticipated to cover the value of transactions which will arise in the subsequent financial year. The value of the provision is reviewed each year.

Non-Domestic Rate Income

This provision has been made in respect of potential abatements to the gross rates levied by the Council. An abatement is a credit against the original charge levied and can arise for a variety of reasons the most common of which are non-domestic properties falling vacant during the year and reductions in valuations due to the settlement of appeals. The provision is made based upon information provided each year by the Regional Assessor regarding the value of appeals outstanding and their likelihood of success. Negotiations to conclude appeals can take several years.

Self-Insured/Uninsured Losses

As part of the Council's Risk Management policy, certain categories of risk are not covered through a conventional insurance policy with an insurance company. In these circumstances the Council has a self-insurance arrangement which makes provision against potentially material risks. The provision disclosed below has been made taking into account all known liabilities likely to be incurred by the Council in respect of self-insured and uninsured losses. There is no set pattern for settlement of outstanding claims or provisions made for future claims. Settlement profiles are established by the happening of the event, the inclination of the potential claimant and the availability of Court time. The Council has no control over these factors. As well as operating its own Insurance Fund, the Council is also responsible for running off the ex-Tayside Regional Council Fund and the balance of the ex-Dundee District Council Fund.

EXPLANATION OF RESERVES

Fixed Asset Restatement Account (FARA)

This account reflects the difference between the book value of assets prior to the implementation of the new system for capital accounting (introduced 1 April 1994) and the revalued amount. Subsequent adjustments to valuations (including the quinquennial revaluation effective 1 April 1999) and expenditure not increasing the value of an asset are recorded here. The balance on this account is not available to fund future expenditure.

Capital Financing Account (CFA)

Appropriations between this account and the Statement of Movement on the General Fund Balance are required for Capital Financed from Current Revenue (CFCR) and for the difference between loan repayments and the amount of depreciation etc provided in the accounts. Capital receipts from asset sales that are applied to fund new capital expenditure in the year are transferred to this account from the Usable Capital Receipts Reserve. Insurance receipts are also credited to this account. The balance on this account is not available to fund future expenditure.

Usable Capital Receipts Reserve (UCRR)

Income from the sale of assets is credited initially to this reserve. Thereafter, the proportion applied to fund new capital expenditure in the year, and thus reduce borrowing in the year, is transferred to the Capital Financing Account. Alternatively, transfers may be made to the Capital Fund to fund capital expenditure in future financial years.

Capital Fund

Income from the sale of assets may be transferred to this fund from the Usable Capital Receipts Reserve. Other capital receipts may also be credited to this fund. The balance on the Capital Fund is available to meet capital expenditure in future financial years.

Renewal and Repair Fund

The monies held within this Fund are available for the purposes of repairing and renewing any buildings, plant or equipment belonging to the Council.

Insurance Fund Reserve

This represents the element of the Council's Insurance Fund that is not specifically earmarked as provisions for self-insured and uninsured losses.

NOTES TO THE CORE FINANCIAL STATEMENTS

31 RESERVES (Contd)

Pensions Reserve

The pension costs included in the Income & Expenditure Account have been determined in accordance with Financial Reporting Standard 17 (Retirement Benefits). The cost of providing pensions for employees, however, continues to be funded in accordance with the statutory requirements governing the Local Government Pension Scheme. An appropriation between the Pensions Reserve and the Statement of Movement on the General Fund Balance is required to offset the net change in the pension liability that has been recognised in the Income & Expenditure Account. This appropriation ensures that FRS17 has no net impact on the Council's General Fund. The actuarial gain or loss for the year is also credited to, or charged against, the Pensions Reserve. The deficit balance shown on the Pensions Reserve does not require to be funded.

General Fund

This represents the accumulated balances generally available to the Council which are not otherwise earmarked for specific purposes (apart from those balances held for DSM Schools and Car Parking). General Fund balances may also be committed at the Balance Sheet date in respect of underspends to be carried forward to the next financial year and amounts used in setting the Council Tax for the next financial year.

32 CONTINGENT ASSETS & LIABILITIES

A Contingent Liability exists at 31 March 2007 in respect of equal pay costs. A small number of City Council staff have indicated that they will be taking their claims for equal pay compensation through the Employment Tribunal process. Should they be successful, the Council will be required to make payments to these staff in excess of the amounts already provided for in the 2005/06 and 2006/07 accounts. It is estimated that the maximum liability to the Council is £235,000. No dates have yet been set for employment tribunals and the Council will be defending against these claims.

There were no Contingent Assets or Liabilities at 31 March 2006.

33 GENERAL FUND BALANCES

The Balance Sheet shows that the Council has a General Fund balance of £8.477m as at 31 March 2007 (31 March 2006 £6.596m). It is estimated that there are expenditure commitments amounting to £1.605m outstanding at 31 March 2007. These have arisen due to underspends in 2006/2007 and these underspends will be carried forward to 2007/2008 and fully utilised in the new financial year. It was agreed that the sum of £1.300m be taken from balances in setting the 2007/2008 Council Tax. In addition, there are earmarked balances within the General Fund of £0.511m and £0.648m in respect of the Devolved School Management Scheme and Car Parking respectively. When all of these items are taken into account, it is estimated that the Council has uncommitted General Fund balances of £4.413m as at 31 March 2007.

The holding of uncommitted balances is generally recognised as good professional practice and is a key element of a sound and prudent financial management strategy. The uncommitted element of the General Fund balance provides a contingency against unexpected events that necessitate expenditure not previously budgeted for. It also acts as a working balance to minimise overdraft positions resulting from uneven cash flows. In line with proper accounting practice, the Council has an agreed protocol covering the purpose, utilisation, management, control and review of all of its reserves and balances. In respect of the General Fund balances, this includes an annual review of the adequacy of these balances after taking into account the strategic, operational and financial risks facing the Council. This review is carried out as part of the budget-setting process and generally informs decisions as to any use of balances in setting the Council Tax level.

NOTES TO THE CORE FINANCIAL STATEMENTS

35 PENSIONS - DEFINED BENEFITS SCHEMES

In accordance with Financial Reporting Standard 17 (Retirement Benefits) the Council is required to include figures in the Statement of Accounts relating to assets, liabilities, income and expenditure of the pension schemes for its employees. As explained in the Accounting Policies the Council participates in two formal schemes; the Local Government Superannuation Scheme (Tayside Superannuation Fund), a Defined Benefits Scheme which is administered by the City Council, and the Teachers' Scheme. The Scottish Teachers' Superannuation Scheme is an unfunded scheme administered nationally by the Scottish Executive. Guidance issued by CIPFA/LASAAC concludes that the assets and liabilities underlying the scheme are not identifiable at individual employer level on a consistent basis and, accordingly, there are no FRS17 disclosure requirements. In addition the Council has liabilities for discretionary pension payments outside the main schemes.

The movement in the Council's pension liability can be analysed as follows:

2005/2006			2006/2007	
£000	£000		£000	£000

In 2006/2007 a credit totalling £16,083,000 has been included in the Income & Expenditure Account, under "Non Distributed Costs". This credit relates to a recent change in the regulations governing the Local Government Pension Scheme in Scotland. Under new tax rules, scheme members are now able to exchange a part of their pension for additional lump sum benefits. This will impact on the valuation on the Council's accrued pension liabilities, depending on the number of members who decide to exercise the option. The Council's Actuary (Barnett Waddingham) has assumed a 50% take-up rate in the calculation of the Council's accrued pension liabilities as at 31 March 2007. The impact of this assumption is to reduce pension liabilities by £16,083,000 and this credit is included within the Past Service Cost figure shown above.

NOTES TO THE COUNCIL TAX INCOME ACCOUNT

1 COUNCIL TAX INCOME

The Council Tax is based on the value of a domestic property together with a personal element which takes into account the number and circumstances of that property's occupants.

Each property is placed in one of eight valuation bands (A-H) in accordance with their value as at 1 April 1991. The Council Tax Charge levied for each property is calculated in proportion to the Council Tax Charge for a Band D property by applying fractions. A discount of 25% on the Council Tax charge is made where there are fewer than two residents of a property. Discounts of 50% are made for unoccupied property. Persons in detention, Students, Mentally Handicapped people etc, are disregarded for Council Tax purposes. Reductions in Council Tax payable are also granted for disabled people.

The valuation bands and the fractions used in calculating the Council Tax payable for each valuation band are set out below, together with details of the 2006/2007 charges levied. Details of the calculation of the Council Tax base are shown at Note 2.

NOTES TO THE NON-DOMESTIC RATE INCOME ACCOUNT

1 NON-DOMESTIC RATE INCOME/CONTRIBUTION FROM NATIONAL NON-DOMESTIC RATE POOL

With effect from 1993/94 all Non-Domestic Rate Income collected by local authorities (from non-domestic ratepayers) is paid into a national pool and redistributed to levying authorities. The Non-Domestic Rate Income is redistributed from the national pool in proportion to the resident population of each local authority concerned and therefore bears no direct relationship to the amount collected by those authorities.

A common non-domestic rate poundage (The Uniform Business Rate) is set by the Minister for Finance and Public Services for Scotland for each financial year. The rate poundage for 2006/2007 was 44.9p for properties with a rateable value of over £11,500, with a 0.4p supplement for properties with a rateable value of £29,000 or over. The purpose of this supplement is to finance the revised reduction for properties with a rateable value of £11,500 and under which is now based on a sliding scale.

GROUP ACCOUNTS

INTRODUCTION

The Statement of Recommended Practice (SORP) requires local authorities to consider all their interests in other organisations (including statutory bodies) and to prepare a full set of group financial statements where they have material interests in subsidiary and associated companies and joint ventures. The following Group Accounts are prepared on the basis of the 2006 SORP. The local authority group is defined as the local authority and its interests in entities which would be regarded as its subsidiaries or associates or joint ventures if the local authority was subject to the Companies Act. The Local Authority Group includes the Joint Boards on which the City Council has representation and are funded from requisitions. These Boards are consolidated as associates.

Dundee City Council's interest in Dundee Energy Recycling Limited is considered to constitute a joint venture in terms of the SORP. A joint venture is defined as "an interest on a long term basis in an entity and that entity is jointly controlled by the local authority and one or more other public or private sector entities under a contractual arrangement". Further, Dundee City Developments Limited and Dundee Leisure Limited are considered to be associates in terms of the SORP.

The group financial statements comprise a Group Income & Expenditure Account, Reconciliation of the Single Entity Deficit to the Group Deficit, Group Statement of Total Recognised Gains & Losses, Group Balance Sheet and Group Cash Flow Statement, together with relevant supporting notes.

BASIS OF CONSOLIDATION

As part of the consolidation process the City Council's accounts have been adjusted to incorporate the balances of directly managed funds which include the Common Good Fund and two Charitable Trust Funds (the Fleming Trust and the Burial Grounds Perpetuity Fund). The fixed assets owned by the Fleming Trust are valued at historical cost. A further adjustment has been made to incorporate a proportion of the Balance Sheet of Tayside Contracts, which is accounted for as a joint arrangement.

The Group Accounts have been prepared using the "equity" method of consolidation, with appropriate summarisation of the Income & Expenditure Account and Balance Sheet. This method of consolidation involves the following:

- bringing into the Group Income & Expenditure Account the Council's share of the profits and losses of the joint venture and share of the surpluses/deficits of the associates.
- bringing into the Group Balance Sheet the Council's share of the gross assets and gross liabilities of the joint venture and share of the net assets of the associates.

The Group Income & Expenditure Account shows a surplus of £0.067m, a movement of £17.765m from the surplus of £17.832m shown in the Council's Income & Expenditure Account. This is mainly due to incorporating the Council's share of deficits on the Income & Expenditure Accounts of the Police and Fire Boards.

The impact of consolidation on the Balance Sheet is to decrease the net assets and reserves by £290.008m, when compared to the Council's Balance Sheet. This is mainly due to the impact of consolidating the Council's share of the Balance Sheets of the Police and Fire Boards. These Boards' Balance Sheets show large deficits, mainly due to the effect of accounting for pension costs under Financial Reporting Standard 17 (Retirement Benefits).

There are no material differences in the accounting policies employed by the Council and by its associates and joint venture which would necessitate an adjustment upon consolidation.

TAYSIDE JOINT POLICE BOARD

Tayside Joint Police Board was established by Section 34 of the Local Government (Scotland) Act 1994 and the Tayside Combined Police Area Amalgamation Scheme Order 1995. This Order provided for Dundee City Council, Perth & Kinross Council and Angus Council becoming amalgamated for Police purposes into the Tayside Joint Police Board.

The Board consists of 18 Councillors appointed from the three Councils as follows: 7 members from Dundee City Council, 6 members from Perth & Kinross Council and 5 members from Angus Council. There has been no change to the overall composition of the Board from 2005/2006. The Board shares responsibility for Tayside Police with Scottish Ministers and the Chief Constable, who is responsible for operational matters. The Board is supported by two officers from Angus Council as officials to the Board.

Dundee City Council has included the Tayside Joint Police Board in the Group Accounts as an associate in terms of the SORP and accounted for it on a 'net equity' basis. The City Council's share is 45.4% based on the percentage of funding requisitions for the Board. The Board's accounting period is 31 March. For the purpose of consolidation and disclosure, draft statutory accounts for the year ended 31 March 2007 were used.

The Board's draft Income & Expenditure Account shows a net deficit for 2006/2007 of £28.880m, of which £13.112m (45.4%) has been included in the Group Accounts. The Board's draft Balance Sheet shows a net liability of £482.608m, of which £219.104m (45.4%) has been included in the Group Accounts.

TAYSIDE FIRE & RESCUE BOARD

Tayside Fire & Rescue Board, as the combined Fire Authority for Tayside, has statutory responsibilities under the Fire Services Act 1947 and Fire Precautions Act 1971. The 'Board' is constituted by Order which provides for members from Dundee City Council, Perth & Kinross Council and Angus Council to be represented and to manage the financial affairs of the service.

GROUP ACCOUNTS

TAYSIDE FIRE & RESCUE BOARD (Contd)

The Board consists of 18 Councillors appointed from the three Councils as follows: 7 members from Dundee City Council, 6 members from Perth & Kinross Council and 5 members from Angus Council. There has been no change to the overall composition of the Board from 2005/2006. The Board is supported by two officers from Perth & Kinross Council as officials to the Board. Dundee City Council has included the Tayside Fire & Rescue Board in the Group Accounts as an associate in terms of the SORP and accounted for it on a 'net equity' basis. The City Council's share is 52% based on the percentage of funding requisitions for the Board. The Board's accounting period is 31 March. For the purpose of consolidation and disclosure, draft statutory accounts for the year ended 31 March 2007 were used.

The Board's draft Income & Revenue Expenditure Account shows a net deficit for 2006/2007 of £9.083m, of which £4.725m (52%) has been included in the Group Accounts. The Board's draft Balance Sheet shows a net liability of £150.905m, of which £78.470m (52%) has been included in the Group Accounts.

TAYSIDE VALUATION JOINT BOARD

Tayside Valuation Joint Board was created in 1996 to take over from the Local Authorities in its area certain duties in relation to valuation for Rating and Council Tax. The Valuation Joint Boards (Scotland) Order 1995 provides the regulatory framework for the administration of the Board.

The Board consists of 15 Councillors appointed from the three Councils as follows: 6 members from Dundee City Council, 5 members from Perth & Kinross Council and 4 members from Angus Council. There has been no change to the overall composition of the Board from 2005/2006. The Board is supported by two officers from Dundee City Council as officials to the Board. Dundee City Council has included the Tayside Valuation Joint Board in the Group Accounts as an associate in terms of the SORP and accounted for it on a 'net equity' basis. The City Council's share is 34.68% based on the percentage of funding requisitions for the Board. The Board's accounting period is 31 March. For the purpose of consolidation and disclosure, draft statutory accounts to the year ended 31 March 2007 were used. The Board's draft Income & Expenditure Account shows a net surplus for 2006/2007 of £0.141m of which £0.049m (34.68%) has been included in the Group Accounts. The Board's draft Balance Sheet shows a net liability of £2.288m, of which £0.792m (34.68%) has been included in the Group Accounts.

DUNDEE CITY DEVELOPMENTS LIMITED

Dundee City Developments Limited was established in 1999 as a company limited by guarantee to continue the process of economic regeneration and to maintain momentum across a range of economic development initiatives in the city. Dundee City Council has provided this company with an interest free loan of £500,000 primarily to provide the company with initial working capital. The interest free loan is currently shown as a long-term investment in the Council's Balance Sheet. Dundee City Council has two officers on the Board of Dundee City Developments Limited (there can be up to ten other Board members). The company is limited by guarantee and the members liability is limited to a maximum amount of £1. Dundee City Council has included the company in the Group Accounts as an associate in terms of the SORP. The percentage for consolidation is 28.57%, based on the actual board membership as at 30 April 2007 (33% at 30 April 2006). The company has been consolidated in the Group Accounts on a 'net equity' basis. DCD's accounting period is 30 April. For the purpose of consolidation and disclosure, draft Statutory Accounts to 30 April 2007 have been used and adjusted to 31 March 2007. The company's draft Profit & Loss Account shows a profit of £0.165m for the year to 31 March 2007, of which £0.045m (28.57%) has been included in the Group Accounts. The company's draft Balance Sheet shows a net asset of £1.888m of which £0.539m has been included in the Group Accounts.

DUNDEE ENERGY RECYCLING LIMITED

Dundee Energy Recycling Limited is a special purpose company, established in order to construct and operate a new Waste-to-Energy Plant at Baldovie, Dundee. The plant was taken over from the construction contractor on 31 March 2000. On the same date, a 20 year contract commenced between the Council and DERL for the disposal of domestic refuse. The company was financially restructured in March 2004, as part of which the Council purchased the plant from DERL and leased it back at a commercial rate. The Council has 5,362,181 Deferred Shares of £1 par value in the company. A loan facility of £2.3m is in place to provide working capital and assist with cash flow. The carrying value of the investment in the company in the Council's Balance Sheet at 31 March 2007 is Nil (31 March 2006 Nil). The Council owned 40% of the £100 Ordinary Share Capital of DERL at 31 March 2007 (40% at 31 March 2006). Dundee City Council has two officers as Directors on the Board of DERL (maximum number of Directors is six). Dundee City Council has included the company in the Group Accounts as a joint venture in terms of the SORP. The DERL project was developed under the Private Finance Initiative (PFI).

The company has been consolidated in the Group Accounts on a 'gross equity' basis. DERL's accounting period is 31 December. For the purpose of consolidation and disclosure, figures from DERL's draft statutory accounts to 31 December 2006 have been used. The company's draft Profit & Loss Account shows a loss of £0.950m for the year to 31 December 2006, of which £0.380m (40%) has been included in the Group Accounts. The company's draft Balance Sheet shows a net asset of £3.853m, of which £1.541m (40%) has been included in the Group Accounts.

DUNDEE LEISURE LIMITED

Dundee Leisure Limited was established to manage and operate swimming and leisure facilities in Dundee from 1 April 2006. The Council pays a management fee to the company. The swimming and leisure facilities are owned by the Council and leased to the company. The Council has provided a loan facility up to £100,000. The company is limited by guarantee and the members' liability is limited to a maximum amount of £1. The Council has five elected members and two officers appointed as Directors to the Board (total number of Directors is 15). Dundee City Council has included the company in the Group Accounts as an associate in terms of the SORP. The percentage for consolidation is 46.67%, based on the actual board membership as at 31 March 2007. The company has been consolidated in the Group Accounts on a "net equity" basis. Dundee Leisure's accounting period is 31 March. For the purpose of consolidation and disclosure, draft management accounts to 31 March 2007 have been used. The company's draft Profit & Loss Account shows a profit of £0.170m for the year to 31 March 2007, of which £0.079m (46.67%) has been included in the Group Accounts. The company's draft Balance Sheet shows a net liability of £1.167m, of which £0.544m (46.67%) has been included in the Group Accounts.

SUPERANNUATION FUNDS ACCOUNTS

STATEMENT OF PRINCIPAL ACCOUNTING POLICIES

1 Basis of Preparation

The accounts for the Funds' have been prepared in accordance with Statement of Recommended Practice (SORP): "The Financial Reports of Pension Schemes" and the Code of Practice on Local Authority Accounting published by the Chartered Institute of Public Finance and Accountancy.

The accounts summarise the transactions and net assets of the Funds' for the financial year to 31 March 2007. They do not take account of liabilities to pay pensions and other benefits in the future.

2 Investments

Investments are included at market values, which are assessed as follows:-

- a UK quoted securities are valued at middle market prices at close of business on the last working day of the financial year.
- b Overseas securities are valued at middle market prices from the relevant overseas stock exchanges converted at closing rates of exchange on the last day of the financial year.
- c Unlisted investments, which comprise the Fund Manager's Unit Trusts and Open Ended Investment Companies, are valued at middle market prices on the last working day of the financial year as supplied by the Fund Manager.

3 Debtors and Creditors

The accounts have been prepared on an accruals basis; that is income and expenditure is included as it is earned or incurred, not as it is received or paid, except for Transfer Values which are included when they are paid or received.

4 Investment Income

Income from fixed interest, index linked securities and other interest receivable is taken into account on an accruals basis. Income from all other Marketable Securities is taken into account on the date when stocks are quoted ex-dividend.

5 Foreign Currency Translation

Income and expenditure arising from transactions denominated in a foreign currency is translated into sterling at the exchange rate in operation or the closing price of the previous day to which the transaction occurred. Where the transaction is to be settled at a contracted rate, that rate is used.

6 Investment Management Expenses

Investment Management expenses consist of direct charges in line with Management Agreements, Management Charges levied on pooled funds, overseas charges and non-recoverable withholding tax, less Brokers' commission rebate.

7 Acquisition Costs

Any acquisition costs of investment are included in the book cost of the investment.

NOTES TO THE SUPERANNUATION FUNDS ACCOUNTS

TAYSIDE SUPERANNUATION FUND

Operations and Membership

Dundee City Council is the administering authority for the Tayside Superannuation Fund (previously Tayside Regional Council). The Tayside Superannuation Fund is a pension fund for employees of various public bodies and non-profit making organisations. As at 31 March 2007, 44 bodies were participants in the scheme being 11 "scheduled bodies" and 33 other organisations admitted at the discretion of the scheme administrators and known as "admitted bodies". The scheduled bodies were as follows:

Dundee City Council; Perth & Kinross Council; Angus Council; Tay Road Bridge Joint Board; Tayside Joint Police Board; Tayside Fire Joint Board; Tayside Valuation Joint Board; Tayside Contracts Joint Committee; Angus College; Dundee College; Perth College.

Total membership of the fund decreased to 18,952 employees at 31 March 2007 from 19,049 employees at 31 March 2006. The number of pensioners on the roll at 31 March 2007 was 10,193 compared with 9,918 at 31 March 2006.

The monies belonging to the Superannuation Fund are entirely separate from any of the employing bodies which participate in the Superannuation scheme. After meeting the cost of current benefits, all surplus cash income is invested and the increasing value of investment is then available to meet future liabilities to employees within the Fund. The Fund is valued every three years by an independent actuary to determine the level of contribution necessary by employing bodies to ensure that the fund is able to meet all future benefits. Contributions made by employees are fixed by statute.

Further information can be found in the Superannuation Fund's Annual Report and Accounts which will be available upon request from the Head of Finance, Dundee City Council, Floor 4, 28 Crichton Street, Dundee DD1 3RF.

Contributions Receivable and Benefits Payable

The contributions receivable from and benefits payable on behalf of Contributing bodies in 2005/2006 and 2006/2007 were as follows:-

	Contributions Receivable		Benefits Payable	
	2005/2006	2006/2007	2005/2006	2006/2007
	£000	£000	£000	£000

TOTAL	<u>71,497</u>	<u>73,510</u>	<u>42,040</u>	<u>47,590</u>

Investment Administration

During the year, Dundee City Council charged the Tayside Superannuation Fund £1,064,310 for administering the Fund (2005/2006 £1,044,326). These are actual costs incurred for Salaries and Wages, Information Technology, Legal Services etc.

Market Value of Investments Managed Externally

The Fund's investment assets are under the management of five external fund managers. At 31 March 2007 the market value of these investment assets was £1,571.4m (31 March 2006 £1,432.7m), managed as follows:

	2006		2007	
	£m	%	£m	%
Baillie Gifford & Co	366.3	25.6	381.1	24.2
Fidelity Pensions Management	408.4	28.5	432.2	27.5

Sales	463.5	692.1

NOTES TO THE SUPERANNUATION FUNDS ACCOUNTS

Securities Lending

The total amount of stock released to third parties under a stock lending arrangement at 31 March 2007 was £107.9m (31 March 2006 £182.4m). This was covered by related collateral, at a level of 105.5%, consisting of UK and Overseas gilts, UK equities, certificates of deposit and letters of credit.

Additional Voluntary Contributions (AVCs)

As AVCs are invested separately from the investments of the scheme itself and secure extra benefits on a money purchase basis for these members that have elected to contribute, it has been decided not to include the relevant figures in the financial statements. All AVCs are managed by Standard Life and the contribution for 2006/2007 was £390,419 (2005/2006 £347,572) and value at 5 April 2007 was £3,973,655 (5 April 2006 £3,449,444).

TAYSIDE TRANSPORT SUPERANNUATION FUND

Operations and Membership

As a result of the 1985 Transport Act, the employees of the former Dundee City Bus Unit, which formed part of Tayside Regional Council's Roads and Transport Department, were transferred to a new company, Tayside Public Transport Company Ltd. A separate Superannuation Fund for those transferred employees was set up on 26 October 1986.

During 1991/92 Tayside Public Transport Company Ltd was subject to an employee buy-out. Any employees in post at the time of the buy-out may remain in the Fund, however any new employees are not eligible for entry into the Fund.

Tayside Public Transport Company Ltd was bought out by West Midlands Travel on 22 February 1997 and renamed as Travel Dundee.

At 31 March 2007 the number of contributing employees was 121 (125 at 31 March 2006) and the number of pensioners was 403 (400 at 31 March 2006). As with the Tayside Superannuation Fund an actuarial valuation is carried out every three years to ensure that the Fund can meet its future pension liabilities.

Further information can be found in the Superannuation Funds' Annual Report and Accounts which will be available upon request from the Head of Finance, Dundee City Council, Floor 4, 28 Crichton Street, Dundee DD1 3RF.

Investment Administration

During the year, Dundee City Council charged the Tayside Transport Fund £28,524 for administering the fund (2005/2006 £36,465). These are actual costs incurred for Salaries and Wages, Information Technology, Legal Services etc.

Market Value of Investments Managed Externally

The market value of the Fund's investment assets at 31 March 2007 was £41.9m (31 March 2006 £40.6m) and these investment assets were managed as follows:

	2006		2007	
	£m	%	£m	%
Baillie Gifford & Co	22.1	54.6	23.0	55.0
Schroder Properties Limited	4.0	9.8	4.2	10.0

	<u>40.6</u>	<u>100.0</u>	<u>41.9</u>	<u>100.0</u>

Purchases & Sales

Purchases and Sales in 2005/2006 and 2006/2007 amounted to:-

	2005/2006	2006/2007
	£m	£m
Purchases	25.8	26.1
Sales	21.5	21.2

Securities Lending

The total amount of stock released to third parties under a stock lending arrangement at 31 March 2007 was £4.2m (31 March 2006 £6.8m). This was covered by related collateral, at a level of 105.5%, consisting of UK and Overseas gilts, UK equities, certificates of deposit and letters of credit.

NOTES TO THE SUPERANNUATION FUNDS ACCOUNTS

ACTUARIAL VALUATION

Both the Tayside Superannuation Fund, and the Tayside Transport Superannuation Fund are subject to an actuarial valuation every three years. The actuarial valuations are carried out to determine the level of contributions required to be made by employing bodies in order to ensure that the Funds are able to meet all future benefit payments. The valuations carried out as at 31 March 2005 determined the employer contribution rates for the years 2006/2007, 2007/2008 and 2008/2009. The results of the valuations, the assumptions made and the bases of the valuations were as follows:-

TAYSIDE SUPERANNUATION FUND

The valuation carried out as at 31 March 2005 showed that the actuarial value and market value of the Fund's assets stood at £1,111.8m representing 91% of the Fund's then accrued liabilities. The conclusion reached by the valuation was that the required levels of contribution to be paid to the Fund by the City Council and the other participating bodies with effect from 1 April 2006 were:-

275% of employees' contributions for 2006/2007

295% of employees' contributions for 2007/2008

315% of employees' contributions for 2008/2009

The common rate of contribution is the rate which, in addition to the accumulated assets and contributions paid by members, is sufficient to meet 100% of the liabilities of the Fund. This rate takes into account the deficit at 31 March 2005. The deficit is spread over the average remaining working lifetime of the existing members (approximately 12 years).

The contribution rates following the 31 March 2005 valuation were calculated using the projected unit actuarial method and the main actuarial assumptions were as follows:-

Rate of return on investments	- equities	7.1% per annum
	- gilts	4.5% per annum
	- bonds and property	5.3% per annum
Rate of general pay increases		4.3% per annum
Rate of increases to pensions in payment		2.8% per annum
Valuation of assets		6 month smoothed market value

STATEMENT OF INVESTMENT PRINCIPLES

The Fund has an approved Statement of Investment Principles which can be found in the Superannuation Funds' Annual Report and Accounts which will be available upon request from the Head of Finance, Dundee City Council, Floor 4, 28 Crichton Street, Dundee DD1 3RF. This will also be made available on the Council's website (www.dundee.gov.uk).

NOTES TO THE SUPERANNUATION FUNDS ACCOUNTS

ACTUARIAL VALUATION

TAYSIDE TRANSPORT SUPERANNUATION FUND

The valuation carried out as at 31 March 2005 showed that the actuarial value and market value of the Fund's assets stood at £34.5m, representing 89% of the Fund's then accrued liabilities. The required level of employer's contribution to be paid to the Fund by Travel Dundee Ltd with effect from 1 April 2006 were:-

£500,000 for 2006/2007
£700,000 for 2007/2008
£900,000 for 2008/2009

The contributions take into account the deficit at 31 March 2005. This deficit is spread over 10 years in line with the maximum period likely to be adopted in the private sector.

The contributions following the 31 March 2005 valuation were calculated using the attained age actuarial method and the main actuarial assumptions were as follows:-

Rate of return on investments	- equities	7.1% per annum
	- gilts	4.5% per annum
	- bonds and property	5.3% per annum
Rate of general pay increases		4.3% per annum
Rate of increases to pensions in payment		2.8% per annum
Valuation of assets		6 month smoothed market value

STATEMENT OF INVESTMENT PRINCIPLES

The Fund has an approved Statement of Investment Principles which can be found in the Superannuation Funds' Annual Report and Accounts which will be available upon request from the Head of Finance, Dundee City Council, Floor 4, 28 Crichton Street, Dundee DD1 3RF. This will also be made available on the Council's website (www.dundee.gov.uk).

STATEMENT ON THE SYSTEM OF INTERNAL FINANCIAL CONTROL

This statement is given in respect of the 2006/2007 Statement of Accounts for Dundee City Council.

In respect of the Council's internal control system, I acknowledge my responsibility for ensuring that an effective system of internal financial control is maintained and operated in connection with the resources concerned.

The system of internal financial control can provide only reasonable and not absolute assurance that assets are safeguarded, that transactions are authorised and properly recorded, and that material errors or irregularities are either prevented or would be detected within a timely period.

The system of internal financial control is based on a framework of regular management information, financial regulations, administrative procedures (including segregation of duties), management supervision, and a system of delegation and accountability. Development and maintenance of the system is undertaken by senior officers of the Council. In particular, the system includes:

- comprehensive revenue and capital budgeting systems covering a three-year period;
- setting targets to measure financial and other performance;
- the preparation of monthly financial monitoring reports which indicate actual and projected expenditure against budget;
- formal revenue and capital budgetary control procedure manuals;
- annual financial reports which indicate actual financial performance against budget;
- clearly defined Standing Orders and Schemes of Administration covering Financial Regulations, Tender Procedures and Delegation of Powers;
- approved Anti-Fraud & Corruption Strategies, including "whistle blowing" arrangements under the Public Interest Disclosure Act 1998;
- clearly defined capital expenditure guidelines;
- formal project appraisal techniques and project management disciplines.

The Internal Audit Service is provided by an in-house team and is independent of the activities it audits. This is essential to enable auditors perform their duties in a manner that facilitates impartial and effective professional judgements and recommendations to management. The Service operates in accordance with the CIPFA Code of Practice for Internal Audit in Local Government in the United Kingdom and takes cognisance of the standards promoted by CIPFA and other external organisations such as Audit Scotland. In undertaking its duties internal audit has unrestricted access to all Council records and is responsible for providing an independent and objective opinion to the Council on the degree to which the internal control environment supports and promotes the achievement of the Council's objectives. The key thrust of internal audit's work therefore is to objectively examine, evaluate and report on the adequacy of internal control as a contribution to the proper, economic, efficient and effective use of resources. Within the Council the Chief Internal Auditor reports on internal audit matters to the Audit and Risk Management Sub-Committee, chaired by the Finance Convener and also reports to the Head of Finance and has open access to the Chief Executive and Depute Chief Executive (Finance). The existence of Internal Audit does not diminish the responsibility of management to establish the extent of internal control in the organisation's systems and dependence should not be placed on Internal Audit as a substitute for effective controls.

During the course of the financial year, the Council's external auditor issued various follow-up reports on previous audit reviews including Best Value and Community Planning, Financial Strategy and a review of Key Financial Systems. The Council have agreed action plans in respect of these areas and are now progressing with the implementation of the recommendations included in these reports.

As part of the new prudential regime for controlling capital expenditure, the Council established a Corporate Asset Management Group to develop its asset management strategy and plan. The Group's work is currently ongoing and the Council's Asset Management Plan will commence during 2007/2008. The Council is also reviewing its Option Appraisal guidelines in light of the Best Practice Guide issued recently by CIPFA.

My review of the effectiveness of the system of internal financial control is informed by:

- the work of senior officers of the Council;
- the work of the Council's internal audit service, as described above;
- the Council's external auditor in his annual audit report and other interim reports.

STATEMENT ON THE SYSTEM OF INTERNAL FINANCIAL CONTROL

In respect of the Joint Boards, Joint Committee and other Companies that fall within the Council's Group boundary, my review of their internal financial control systems is informed by:

- the Statements on the System of Internal Financial Control included in the respective financial statements of the Joint Boards and Tayside Contracts Joint Committee;
- assurances from Company directors and/or other senior Company officials;
- the work of the relevant bodies respective external auditors (and, where relevant, internal audit function) and other interim reports.

In conclusion, it is my opinion that reasonable assurance can be placed upon the internal financial control systems of the other bodies that fall within the Council's Group boundary.

INDEPENDENT AUDITOR'S REPORT

To the members of Dundee City Council and the Accounts Commission for Scotland

I certify that I have audited the financial statements of Dundee City Council and its group for the year ended 31 March 2007 under Part VII of the Local Government (Scotland) Act 1973. These comprise the Income and Expenditure Account, Statement of Movement on the General Fund Balance, Statement of Total Recognised Gains and Losses, Balance Sheet, Cash-Flow Statement, Council Tax Income Account, Non-Domestic Rate Income Account, Housing Revenue Account Income and Expenditure Account, Statement of Movement on the Housing Revenue Account Balance, the Group Accounts, the Pension Funds Accounts, Common Good Fund Account, Charitable Trust Funds Account and the related notes. These financial statements have been prepared under the accounting policies set out within them.

This report is made solely to the parties to whom it is addressed in accordance with the Local Government (Scotland) Act 1973 and for no other purpose. In accordance with paragraph 123 of the Code of Audit Practice approved by the Accounts Commission for Scotland, I do not undertake to have responsibilities to members or officers, in their individual capacities, or to third parties.

Respective responsibilities of the Head of Finance and auditor

The Head of Finance's responsibilities for preparing the financial statements in accordance with applicable laws and regulations and the Code of Practice on Local Authority Accounting in the United Kingdom 2006 - A Statement of Recommended Practice (the 2006 SORP) are set out in the Statement of Responsibilities.

My responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland) as required by the Code of Audit Practice approved by the Accounts Commission.

I report my opinion as to whether the financial statements present fairly the financial position of the local authority and its group in accordance with applicable laws and regulations and the 2006 SORP, and have been properly prepared in accordance with the Local Government (Scotland) Act 1973. I also report if, in my opinion, the Foreword is not consistent with the financial statements, if the local authority has not kept proper accounting records, or if I have not received all the information and explanations I require for my audit.

I review whether the Statement on the System of Internal Financial Control reflects the authority's compliance with the SORP. I report if, in my opinion, it does not comply with the SORP or if it is misleading or inconsistent with other information I am aware of from my audit of the financial statements. I am not required to consider, nor have I considered, whether the statement covers all risk and controls. Neither am I required to form an opinion on the effectiveness of the local authority's corporate governance procedures or its risk and control procedures.

I read the other information published with the financial statements, and consider whether it is consistent with the audited financial statements. This other information comprises only the Foreword. I consider the implications for my report if I become aware of any apparent misstatements or material inconsistencies with the financial statements. My responsibilities do not extend to any other information.

Basis of audit opinion

I conducted my audit in accordance with Part VII of the Local Government (Scotland) Act 1973 and International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board as required by the Code of Audit Practice approved by the Accounts Commission. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Head of Finance in the preparation of the financial statements, and of whether the accounting policies are appropriate to the local authority's and its group's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the financial statements.

INDEPENDENT AUDITOR'S REPORT

Opinion

In my opinion

- the financial statements present fairly, in accordance with applicable laws and regulations and the 2006 SORP, the financial position of the local authority and its group as at 31 March 2007 and its income and expenditure for the year then ended; and
- the financial statements have been properly prepared in accordance with the Local Government (Scotland) Act 1973.
