Accommodation

In Dundee, there are currently a number of organisations that provide different types of accommodation to assist people who have a housing need.

Dundee City Council provides a homeless service where our workers can provide advice and assistance towards finding temporary emergency accommodation with the ultimate aim of finding permanent housing in the future.

There are a number of voluntary organisations that can provide emergency and quick access accommodation for homeless people. This type of hostel accommodation caters for many different groups and provides a broad range of services and facilities.

Some of the hostels offer direct access. This is called self-referral and you can just turn up and apply for a place. For other hostels you will need to be referred by an agency - such as the Homeless Services Unit, Social Work, Health Board or NHS.

Direct Access Hostels

There are a number of hostels which can provide accommodation immediately. If you are roofless and have no accommodation that night you should contact the East District Housing Office between 8.30am and 5pm. If outwith these hours then you should contact the Lily Walker Centre.

Resettlement Hostels

There are a number of resettlement hostels in the city that provide temporary accommodation. You cannot turn up at these hostels yourself; a referral must be made first. This can be done from a range of sources including the Homeless Services Unit and the Council's Social Work Department. Generally an assessment is carried out by interview, on the phone or face to face, with a homeless officer to find out which organisation is the most suitable for you depending on your circumstances or needs.

Type of accommodation available

You will find a range of accommodation options in this booklet that include: local hostels, Housing Associations, Homefinder Services and useful numbers of advice services. We have also included an explanation of how the hostels operate and who they cater for. Most of these housing providers and advice centres have disabled access to their office premises and may have adapted housing available. Some of the accommodation provided also has disabled access. If you have disabled access/accommodation requirements, please phone before visiting.

Homefinder Services

Dundee City Council's Housing Department has no direct involvement with any private landlords or letting agents within the city. Before signing for a tenancy in the private sector, you should check the terms and conditions of the proposed tenancy agreement and make sure you are able to afford the rent. If you are receiving state benefits, you should make sure that the rent will be covered by Housing Benefit (Housing Benefits can be contacted at Dundee House or by telephoning 01382 431205).

There are a number of private landlords and letting agents located throughout the city and they can be found in the telephone book, the "Yellow Pages" and the local press daily in the "Accommodation to Let" section.

There is information about renting from a private landlord in our online guide, 'Housing Options in Dundee' www.dundee.gov.uk/housingoptions.

You can also call to arrange a Housing Options interview at the East District Housing Office, Tel: 01382 307401 or the West District Housing Office, Tel: 01382 307301.

There is also the Dundee Homefinder Service operating in the city.

DUNDEE HOMEFINDER SERVICE

Jessie Devlin Close

1 Soapwork Lane

Dundee DD1 1HX

Tel: 01382 305999

Email: info@dundeehomefinder.org

Dundee Homefinder Service prioritises people who need accommodation urgently - for example those who are care of, homeless, overcrowded or living in poor conditions. You can apply to us direct. You do NOT need to have applied to the Council as a homeless person, but if you have they may refer you.

We provide help for you to set up and manage your home but the service is NOT for people who need a lot of support.

Please note - Due to recent changes in the benefits system we are unable to assist single people under the age of 35 who are in receipt of benefits. An important exemption is in place for those who have been resident in homeless accommodation at any stage for a period of at least 3 months and have received support.

Services available to:

- Single persons and couples who are in housing need and who are capable of resettling in private rented accommodation.
- Where a 'bond guarantee' has been granted, you must be willing to accept short term tenancy support. However, if you require high levels of support, you are unlikely to be suitable for the scheme.

Services offered:

- Finding private sector rented housing
- Providing a Deposit Guarantee Scheme
- Filling in forms and claiming benefits
- Finding furniture etc.
- Arrange low cost white goods
- Liaising with other agencies on your behalf

Referral arrangements:

- Self referrals or agency referrals on your behalf
