

Private Landlord Checklist: A step-by-step guide

Feb 2017

PREPARATION	YES / NO
Ensure everyone named in the Title Deeds is Registered as a landlord—private landlords must register with their Local Authority to ensure that minimum legal requirements are met.	
Check the implications of renting your property for your mortgage and Tax purposes.	
Ensure you have correct landlord insurance in place for the property.	
Ensure you have a Energy Performance Certificate (EPC) that has been issued in the last 10 years.	
Ensure you have an up to date landlord's Gas Safety Certificate (this must be provided by an approved Gas Safe Engineer within the last 12 months).	
Check your property complies with the Repairing Standard — this sets condition and maintenance standards which landlords must adhere to. For more details CLICK HERE .	
Check if you need a HMO licence (mandatory licencing applies to houses or flats occupied by three or more unrelated people who share bathroom or kitchen facilities). For any queries on this, contact the HMO team on 08000 853 638.	
Ensure the property has satisfactory provision for detecting and warning of fires. The Repairing Standard includes a duty to ensure that homes have smoke and heat detectors. This requires more than one alarm. All alarms must be interlinked and mains wired with battery back-up. For more details CLICK HERE .	
It is a legal requirement to provide an Electrical Installation Condition Report (EICR). As part of the EICR you must ensure all electrical appliances have undergone Portable Appliance Testing (PAT tested). For more details CLICK HERE .	
All soft furnishings provided must meet safety standards.	
The Repairing Standard includes the duty for adequate Carbon Monoxide (CO detector(s) to be in each room where there is a gas appliance, except a cooker. For more details CLICK HERE .	
Letting agents and landlords are obliged by law to carry out risk assessments for Legionnaire's disease, and implement any necessary measures. For more details CLICK HERE .	
It is a legal requirement that all advertising of the property must include the Energy Performance Rating Certificate and Landlord Registration Number.	
Make sure you have a Tenant Information Pack ready for your new tenants—landlords have a legal duty to provide new tenants with this pack, which provides important information to tenants in the private rented sector. This can be issued electronically: For more details CLICK HERE .	
Collate a list of contact details for trades people you trust should something go wrong with the property. For more details CLICK HERE .	
Ensure all certificates (Gas Safety, EPC, EICR) are photocopied and are present in the property for the tenant to inspect.	
Compile a detailed inventory and take meter readings. For more details CLICK HERE .	

STARTING THE TENANCY	YES / NO
<p>Get the Tenancy Agreement right—if a short assured, issue the AT5 firstly. Sign, date and time the AT5 before you sign, date and time the Tenancy Agreement. The Tenancy Agreement should contain only fair and lawful terms. Model Tenancy Agreements can be found HERE. This should be issued in advance to allow perusal time.</p> <p>The most recent version of the AT5 can be found HERE.</p> <p>*Advice shall follow in due course regarding the new 'Private Residential Tenancy'*</p>	
Ensure your tenants have your contact details and know how to deal with disrepair issues which may occur, such as a broken boiler.	
Look around the property with your tenant(s). Show them where the stopcock is to turn off the water supply, how to switch off the electricity and how to reset the electricity if a fuse blows.	
Get a receipt for the Tenant Information Pack (this can be provided electronically if preferable).	
Hand over a copy of the keys to the tenant - A Key Agreement form will ensure you have signed authorisation to retain keys to the property and clarify when these can be used.	
Put the deposit into a Tenancy Deposit Scheme within 30 working days of the deposit being taken and notify the tenant in writing which Scheme is holding their deposit.	
Let the Council know a tenant is moving in so they have the information for Council Tax purposes. Tell the tenant you have done this.	
Arrange a visit in 3 months time to check the property and review things with the tenant.	
Consider joining a Landlord Accreditation Scheme or Association for ongoing guidance and support: DUNDEE LANDLORD ACCREDITATION , LANDLORD ACCREDITATION SCOTLAND	
**Remember - Do you wish to rent your property to 3 or more unrelated persons? If YES this would be a House in Multiple Occupation. This means you will need to adhere to a more stringent set of guidelines and requirements and will require a licence in addition to your Landlord Registration. See our HMO Factsheet for more information, and the Guidance Notes for full details HERE .	
**Info only—From 1st of December 2016 , the existing panels, PRHP and HOHP, have become known as the Housing and Property Chamber. The new Chamber will be the first of several Chambers of the First-tier Tribunal that will be formed to bring the Scottish Tribunals into an integrated structure.	

Contact your local Landlord Support Officer

Should you have any queries or concerns about any of the above, contact Laura:
