Dundee City Council CHANGING FOR THE FUTURE

Dundee Outdoor Access Strategy 2010

The Environmental Assessment (Scotland) Act 2005

Screening Determination under Section 8(1)

Section 8 (1) of the Environmental Assessment (Scotland) Act 2005 requires Local Authorities to determine if a plan is likely to have significant environmental effects.

Dundee City Council has determined, in consultation with the Scottish Environment Protection Agency, Scottish Natural Heritage and Historic Scotland, that the Dundee Outdoor Access Strategy 2010 is likely to have significant effects and that a strategic environmental assessment is required.

An environmental report will be prepared alongside the Dundee Outdoor Access Strategy 2010. The environmental report will identify, describe and evaluate the likely significant effect on the environment of the implementing the Dundee Outdoor Access Strategy 2010 and its reasonable alternatives as by the 2005 Act.
