

DUNDEE CITY COUNCIL

REPORT TO: Policy and Resources Committee

REPORT ON: Employment Equality Monitoring

REPORT BY: Head of Personnel

REPORT NO.: 312-2011

1 PURPOSE OF REPORT

1.1 The purpose of this report is to advise Committee of the employment equality monitoring information for calendar year 2010.

2 RECOMMENDATIONS

It is recommended that the Committee notes the employment equality monitoring statistics detailed in the attached appendices 1-7.

3 FINANCIAL IMPLICATIONS

3.1 None.

4 MAIN TEXT

4.1 The Equality Act 2010 (Statutory Duties) (Scotland) Regulations 2011 which came into effect on 6 April 2011 sets out new requirements for Local Authorities in terms of publishing employment information. The first of which must be published no later than 6 April 2012. Whilst there is no legal requirement currently to report equality information the council continues to report on a range of workplace monitoring areas by disability, ethnicity and gender for employees in post, applicants for vacancies, promotion and training as well as disciplinary and grievance, performance appraisal and for employees who have left the authority. In line with good practice, the Dundee City Council also monitors these workforce areas by religious belief.

4.2 Equality monitoring allows the Council to highlight possible inequalities, investigate the underlying causes and remove any unfairness or disadvantage in employment and recruitment. Monitoring also checks that the Council's equality policies are working.

4.3 The information detailed in this report has been compiled from a number of different and independent information systems. These systems are Resource Link (Payroll/Personnel system), National Recruitment Portal (Recruitment system), and individual Departments training records/databases.

4.4 For data protection purposes no record of less than five has been reported in the attached appendices.

4.5 In November 2009 Dundee City Council began using the National Recruitment Portal to administer and recruit Council vacancies. The portal has been developed by the

Scottish Government for all Scottish Local Authorities and will ensure a consistent approach across Scotland for Recruitment including applicant equality information.

- 4.6 The Equality and Human Rights Commission acted in an advisory capacity with regard to the categories of equality information requested on the National Recruitment Portal. Dundee City Council has adopted these equality categories and is currently in the process of updating Resource Link (Payroll/Personnel system).
- 4.7 The Personnel Department is currently engaging with community groups to identify barriers preventing the wider community from applying for Council vacancies. This will involve a series of meetings, looking at our recruitment and selections practices and the issuing of questionnaires to these groups to ascertain how best to encourage applications.
- 4.8 Due to the transitional arrangements for the introduction of the National Recruitment Portal equality information on paper based applications submitted before mid April was not input into the portal. This has inflated the non disclosure rates for each equality strand. The paper based applications for this period have therefore been excluded from the non disclosure figures detailed below for 2010. For information the figures including the omissions have are shown in brackets.

	2008	2009	2010
<i>Disability</i>	6%	3.5%	2.1% (4.9%)
<i>Ethnic Origin</i>	6%	2.76%	0.8% (3.6%)
<i>Gender</i>	0.5%	2.76%	1% (3.8%)
<i>Religious Belief</i>	36%	15%	6.8% (9.5%)

- 4.9 93% of job applicants now apply online via the National Recruitment portal or it associated sites. Due to the structure of the online application form job applicants are more likely to disclose their equality information with 89% answering the questions associated with the four equality strands detailed in this report.
- 4.10 An analysis of Dundee City Council's equality monitoring information for calendar year 2010 (2011 return) has been compared to the 2001 census information for Dundee and Scotland and also against the information provided in the four previous Equality Monitoring Reports. This analysis can be seen at appendices 5-6. The general distribution amongst the categories within the equality strands remains broadly similar to the census even though there is a significant proportion of employees who failed to answer the religious belief and ethnic origin questions.
- 4.11 In 2010 the Council recruited 467 employees. From the Information detailed in the attached appendices 3.4% of applicants stated that they have a disability and 2.4% of successful candidates stated that they have a disability. 5.7% of applicants came from the Black, Minority Ethnic Community (BME) with 2.1% of successful candidates coming from the BME Community. The Council's BME percentage is in line with the Scottish figure however it less than the census information for Dundee.
- 4.12 The Personnel Department undertakes an extensive manual exercise to obtain the information on employees who are subject to disciplinary and grievance procedures. In order to reduce the time taken, the Personnel Department is looking at alternative methods of producing this information.
- 4.13 The Corporate Training System has been completed and will be rolled out to Departments from April. Once implemented equality information relating to

employees who have undertaken training courses will be readily available as will the ability to report on training courses relating to the equality strands.

- 4.14 The Equality Act 2010 (Statutory Duties) (Scotland) Regulations 2011 came into force from 6 April 2011 and requires Local Authorities who employ more than 150 employees to publish their equality information not later than 6 April 2012. As a result of the introduction of the Equality Act Dundee City Council will require to review its current employment equality practices to ensure that it complies with the new statutory requirements.

4.15 **FUTURE ACTIONS**

- 4.16 The Personnel Department will continue to work with partners to identify barriers preventing protected communities applying for Council vacancies and identify actions, as required.
- 4.17 The equality monitoring statistics will be discussed by the Equality and Diversity Core Group and will remit the appropriate officer(s) to develop actions where required.
- 4.18 The Personnel department to review the current Employee Equality Monitoring systems and procedures to ensure that the Dundee City Council meets its obligation under the Equality Act.
- 4.19 Resource Link to be developed to ensure that disciplinary and grievance information is recorded to ensure management information can be obtained easily.

5 **POLICY IMPLICATIONS**

- 5.1 This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti Poverty, and Risk Management. An Equality Impact Assessment has been carried out and will be made available on the Council website <http://www.dundee.gov.uk/equanddiv/equimpact/>

There are no major issues.

6 **CONSULTATION**

- 6.1 The Chief Executive, Director of Finance, Depute Chief Executive (Support Services), Director of Education, Director of Leisure and Communities and the Chairs of the equality groups have been consulted and are in agreement with this report.

7 **BACKGROUND PAPERS**

- 7.1 Equality Impact Assessment

I Martin
Head of Personnel

(DATE)

Job Applicants and Existing Employees broken down by Religious Belief for 2010
