

3 LEISURE AND COMMUNITIES ROAD IMPROVEMENTS 2009/10 (AN166-2009)

On the instruction of the Director of Leisure and Communities, proposals have been prepared for resurfacing work within Camperdown Park (£46,000) and Castle Green Play Park, Broughty Ferry (£13,000).

It is recommended that the City Engineer be instructed to include this work within the existing Partnership Agreement with Tayside Contracts for delivering the road maintenance and minor road works service.

Approval is therefore sought to extend the Partnering Agreement with Tayside Contracts for this work up to a value of £59,000 including professional fees. The Head of Finance advises that the expenditure can be met from the Leisure and Communities Capital programme 2009/2010.
