

4 CAMPERDOWN PARK PLAY AREA - INCLUSIVE MULTIPLAY UNIT REPLACEMENT (AN201-2015)

Reference is made to Article V of the Environment Committee of the 10th September, 2012, which approved the Camperdown Development Plan 2012/17 that identified the need to undertake improvements to the play area. The proposed works represent phase 2 of the Play Complex Restoration Programme and includes the replacement of the current inclusive play unit, which is over 15 years old, beyond economic repair and does not provide adequate play value for today's requirements, at a cost of £55,745. The proposed works will comprise:

- Removal of existing timber play equipment;
- Supply and installation of play unit offering inclusive access to children of all abilities featuring wheelchair access, steel slides and various play elements delivering a comprehensive play experience.

It is believed that the equipment offered by Sutcliffe Play Scotland will not only greatly enhance the Inclusive Play area but the whole of Camperdown Park. It is aesthetically pleasing, well laid out, and very much in keeping with the country park surroundings and existing adjacent play equipment.

Tenders have been obtained through the single stage (open) tender procedure by the Corporate Procurement Team for the design and installation of the replacement unit.

The successful tender offer was received from Sutcliffe Play Scotland at a value of £55,745.

After full evaluation and detailed verification of the proposals it was determined that the best overall proposal, based on value for money and quality of the submission, was that of Sutcliffe Play Scotland. Details of the quality price assessment are provided below.

Tenderer Name	Price Score 40%	Quality Score 60%	Overall Scores	Price & Quality Combined
Sutcliffe Play	14.6	60	74.6	1
Allplay	40.0	25.6	65.6	2
Kompan	17.2	37.8	55.0	3
HAGS	15.6	35.1	50.7	4
Wicksteed	15.6	22.9	38.5	5

The Executive Director of Corporate Services advises that the above costs of £55,745 can be met from allowances within the Capital Plan 2016-2021 for Environmental Improvements, Parks and Open Spaces. It is recommended that the Director of Environment be authorised to instruct these works.

In view of the timescales involved, this note was approved by the Director of Environment in consultation with the Convener of the Environment Committee, Labour Group spokesperson, Conservative member, Liberal Democrat member and the Independent member.
