

6. SUPPLY OF LIBRARY RESOURCES (AN258-2007)

The Committee is asked to approve the extension of the current Service Level Agreements with library suppliers for a further year up until 31 March 2009, on the basis that the suppliers are meeting all the conditions set by the Council (Article V of the meeting of 20th November 2006 refers). The current agreements ensure competitive discounts in all categories of stock purchased. Negotiations for future supply would be undertaken in late 2008.
