

10 PLANNING AND TRANSPORTATION COMMITTEE - 27 MAY 2003

Confirmation of Tree Preservation Orders at 9, 11, 15, 17 and 19 Silver Button Yard and 9 Chevaliers Pond (AN259-2003)

It is reported that on 27 and 28 January 2003 and 5 February 2003, the Council made provisional Tree Preservation orders on the above mentioned sites. The Order sought to protect 10 mature trees within a recently constructed residential development. Due to their arboricultural amenity, the Council considered that they merited protection.

After the initial service of these Notices, one of the householders concerned objected. The objection raised was that consent had previously been granted for the removal of one of these trees from their garden ground. The provisional Tree Preservation Order in question was No 4/2003. The tree in question was tree No T2. It is therefore sought to propose the modification of Tree Preservation No 4/2003 to this effect by deleting tree T2.

Members are asked to authorise the Director of Support Services and the Director of Planning and Transportation to undertake the necessary procedures and confirm the Tree Preservation Orders, subject to the proposed modification of Tree Preservation Order No 4/2003.
