

17 BROUGHTY FERRY STUDY - CENTRAL BROUGHTY FERRY AREA - VARIATION OF RESTRICTIONS ORDER (AN29-2004)

Reference is made to the meeting of the Planning & Transportation Committee of 2 December 2002. Members will recall that following a decision to promote the Dundee City Council (Central Broughty Ferry Area) (Variation of Waiting Restrictions) Order, to complement the Brook Street Restriction of Driving Order, the order was duly advertised. The result of the consultation, namely that there were no objections to the Order, was reported to Committee.

For the avoidance of doubt it is recommended that the Committee now confirm the Order and remit the Director of Planning and Transportation to implement this order.
