

## **6 DUNDEE HEALTHY LIVING INITIATIVE - CHANGES TO ESTABLISHMENT (AN290-2004)**

The Committee is requested to approve changes to the establishment of the Dundee Healthy Living Initiative, of which Dundee City Council is a partner.

Following consultation with all partner organisations, it is proposed that operational and strategic roles are more clearly defined.

The existing Team Leader post, graded PO3-6, £26,250 - £28,578, has been re-focussed to have a lead role for the co-ordination of strategic developments and will be re-titled Team Leader (Strategic Development), with no change in grade.

The Committee is also requested to approve the establishment of a post of Operational Manager, at a grade of PO3-6, £26,250 - £28,578, to take charge of day to day operational issues.

The total cost of establishing this new post will be met in full by Tayside NHS Board.
