

## **5 WILDLIFE CENTRE - BIAZA AWARD (AN428-2006)**

The Committee is asked to note that Camperdown Wildlife Centre was awarded a commendation in recognition for pioneering work on events within Camperdown Wildlife Centre, in particular, the event connected with the new brown bear enclosure. BIAZA (British & Irish Association of Zoos and Aquaria) chose Camperdown Wildlife Centre from entrants from zoos throughout Britain.

The Award was for the best Public Relation project. This included the public viewing of the Brown Bear enclosure at Camperdown Wildlife Centre which allowed visitors to experience all of the new facilities before the bears moved in.
