

6 DUNDONALD STREET ENVIRONMENTAL IMPROVEMENTS - WOLSELEY STREET CAR PARK (AN5-2012)

Reference is made to Article VI of the City Development Committee of the 25th October, 2010 when the City Engineer was authorised to appoint Tayside Contracts to carry out works at Dundonald Street. Additional works to provide a further 18 space off-street car park have now been identified that require to be carried out in this area."

The City Engineer has obtained a quotation from the above contractor which demonstrates favourable rates for carrying out these works under the above contract and recommends that this be accepted.

The overall costs amount to £65,000, including £5,500 for professional fees. The Director of Finance advises that the expenditure can be met from the 2011/2012 Dundee Regeneration Partnership Fund and Dundee City Council's City Development Department Capital.

The Committee is requested to authorise the City Engineer to instruct these works.
