

7 PURCHASE OF FLOATING JETTY (AN65-2007)

The Committee is asked to approve the purchase of a floating jetty at Clatto Centre to replace the wooden fixed jetty which has been removed due to structural deterioration.

The cost for this facility to meet Department specification is £17,914 sourced from Varis Engineering, the sole Scottish supplier of this type of equipment.

External funding consent has been received from the Lottery to meet the above cost.

The equipment is able to be removed from site over the winter months thus avoiding unauthorised use.
