5 EQUAL OPPORTUNITIES IMPLICATIONS

6 BACKGROUND

The Hospital Fund and Johnston Bequest were vested in and administered by the Lord Provost, Magistrates and Councillors of Dundee under a special Act of Parliament entitled "The Dundee Churches and Hospital Act 1864" for the benefit of the poor of the town. The funds are now vested and administered by the Council under The Local Government Etc (Scotland) Act 1994.

The income from these funds is available principally for distribution to pensioners in financial need. Inclusion in the fund is by means of the prescribed application form which when completed should be signed by a member of the Council representing the wards comprising the former Corporation of Dundee boundaries. This will include each ward of the Dundee City Council.

The balance of capital available at 31 March 2005 is estimated to be £364,500, represented by property in Reform Street owned by the Hospital Fund and funds held on deposit with the Council's Loans Fund.

There are currently 311 pensioners in receipt of payments from the Fund and in 2004/2005 the annual payment made to each pensioner was £50, making a total of

£15,550 for the year. The estimated net income available to the Fund in 2005/2006 will support the issue of an additional one-application form to each elected member.

7 CONCLUSION

The above Fund can accommodate the payment of a further 29 pensions of £50 per annum in 2005/2006 and this would be achieved by the issue of one application form per elected member for the identification of appropriate constituents within each of their wards.
