#### 6 INTRODUCTION

The "CIPFA Pension Panel Principles for Investment Decision Making in the Local Government Pension Scheme in the United Kingdom April 2002" suggests that as one of the means of achieving effective decision making an annual business plan for the pension fund should be prepared and submitted.

Last year was the first time a plan was prepared for the Superannuation Funds as a whole. This is over and above individual Service Plans for both the Pensions Administration Section and the Treasury and Investment Section as part of the Finance Department's overall planning process.

One key consideration in the current plan is the triennial valuation of the Fund which will be measured at 31 March 2005.

# TAYSIDE SUPERANNUATION FUNDS BUSINESS PLAN 2005/06

#### 1 **INTRODUCTION**

In order to comply with "CIPFA Pension Panel Principles for Investment Decision Making in the Local Government Pension Scheme in the United Kingdom" Principle 1 - Effective Decision Making it is necessary that an annual business plan is prepared for the Funds. This document together with the Statement of Investment Principles will set out the investment philosophy and priorities for the Funds.

#### 2 **BACKGROUND**

The Tayside Superannuation Fund and Tayside Transport Superannuation Fund are merged for investment management purposes but remain separate entities subject to separate actuarial valuations and each producing their own set of accounts. At 31 December 2004 the value of the merged Funds was almost £1,100m.

Within Dundee City Council's Finance Department there are two sections with responsibility for the Superannuation Funds - Treasury and Investment and Pensions Administration. The structures of these sections are shown at Appendix 1. It should be noted that staff in the Treasury and Investment section have other duties outwith the Superannuation Fund.

The annual budget for 2005/06 for these sections is shown in Appendix 2.

#### 3 **INVESTMENT MANAGERS**

As stated in the Statement of Investment Principles (SIP) the objective of the Fund is to be 100% funded and to that end individual performance targets are set for each manager. These are stated in the SIP. However, these targets can only influence the asset side of the valuation and the liability side also affects the funding level.

Given the different styles of the managers and the decision to diversify their investment strategies it is unrealistic to expect all managers to meet their targets each year. However they will continue to be monitored quarterly by the Superannuation Investment Sub-Committee to establish if they are performing satisfactorily.

#### 4 **FINANCIAL POSITION**

Accounts for the year to 31 March 2004 are shown in Appendix 3. It is expected that the manager fees will begin to stabilise but they are linked to the value of funds so can rise if funds increase.

Revenue generated from the new securities lending programme is expected to increase as this becomes established.

Contributions to the Fund will again increase as the employer contribution rate is higher.

#### 5 **PERFORMANCE MANAGEMENT**

Investment Performance Measurement will continue to be provided by Northern Trust, the Fund's custodian.

Investment and administration costs will continue to be benchmarked against national performance indicators and also against information collated by the CIPFA Scottish Branch Treasury Management Forum Pensions Sub-Group.

The Funds will also be subject to periodic review by both internal and external audit.

#### 6 **ACTUARIAL SERVICES**

These are now provided from 1 July 2004 by Punter Southall, following a tendering exercise. A full valuation of the Main Fund and Transport Fund will be undertaken as at 31 March 2005. This will set the employer contribution rates for 2006/07, 2007/08 and 2008/09.

#### 7 **INVESTMENT CONSULTANCY**

Investment advice continues to be provided by Hymans Robertson. This new contract began on 1 July 2004 following a tendering exercise. They will provide an annual report to the Sub-Committee and regular advice to the Council's officers.

#### 8 **STAKEHOLDER SURVEY**

A survey of key stakeholders which took place last year was generally positive but some minor changes to services were made. The effect of these will continue to be monitored.

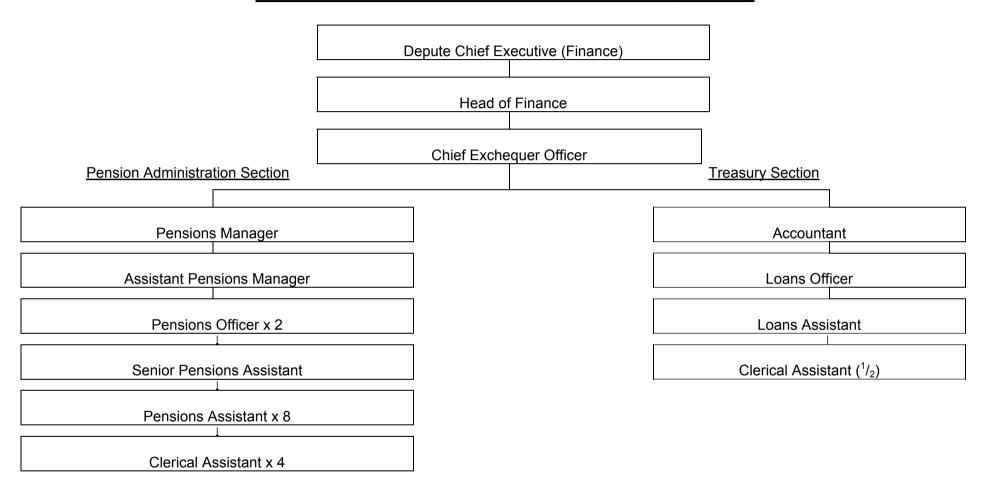

#### 9 FUNDING STRATEGY STATEMENT

Begin consultation with bodies.

#### 10 **KEY MEASURES AND TARGETS**

These are summarised in Appendix 4.
