SERVICES

No warranty is given with regard to the provision or working order of any services and any prospective purchaser should carry out their own investigations prior to purchase.

PLANNING

The property is a Category B Listed Building and is located within the Central Conservation Area. Any development/ refurbishment should seek to preserve and enhance the historic integrity of the building and its setting. All proposals should seek to reflect the relevant policy requirements set out in the Dundee Local Development Plan 2019.

The Council's Planning Team have advised that the proposed end use would be a significant material consideration in the determining of Planning Permission/Listed Building Consent. Retention of the existing building and redevelopment with an appropriate use should be considered the initial starting point for redevelopment. Façade retention may be an option but the proposed use and design of the replacement building would require compliance with strict planning and conservation requirements and be of a suitably high quality design. In general, either an office use throughout or commercial use at ground floor level with residential use at upper floors would be appropriate

Interested parties are encouraged to contact the Council's Planning Team to discuss proposals for the site at Planning Team, City Development Department, Dundee House, North Lindsay Street, Dundee, DD1 1LS or by e-mail: planning@dundeecity.gov.uk
