## Description

The subjects comprise a two storey building of traditional stonewall construction under a pitched and slated roof. The upper ground floor provides a modern style open plan public bar area, and a separate nightclub/function suite is situated at lower ground floor.

We understand the premises have the potential for approximately 150 covers, plus additional standing room at upper floor level, and a 250 combined seating and standing capacity at lower ground floor level.

Ladies and gents' toilets, office, and staff toilets are provided to both floor levels, and each floor is entered by a separate access.

The premises are in good condition with both floors decorated in a modern style with timber flooring, plasterboard walls and ceilings incorporating wall and pendant lighting, natural light provided by numerous large timber framed windows, and a gas central heating system throughout.

We believe, the premises would be suitable for a variety of uses, subject to obtaining the appropriate planning permission.

## Location

The subjects are located on the east side of Session Street in a mixed use location, approximately a quarter of a mile north west of Dundee city centre, in close proximity to the main campuses of both Dundee and Abertay University.

The subjects are conveniently placed for access to the Cultural Quarter where surrounding properties include other licensed premises, restaurants, offices, other commercial uses, and a number of residential properties, including both modern and traditional flats and student accommodation. Hampton by Hilton, Travelodge, Grosvenor Casino and Tesco are also in close proximity.
