

City Chambers
DUNDEE
DD1 3BY

12th August 2011

Dear Sir or Madam

You are requested to attend a MEETING of the **HOUSING COMMITTEE** to be held in City Chambers, Dundee on Monday, 22nd August, 2011 following the meetings of the City Council, Education, Social Work and Health and Environment Committees called for 6.00 pm.

Yours faithfully

DAVID K DORWARD

Chief Executive

Members are reminded that, in terms of The Councillors Code, it is their responsibility to make decisions about whether to declare an interest in any item on this agenda and whether to take part in any discussions or voting.

This will include all interests, whether or not entered on your Register of Interests, which might be perceived as influencing your opinion/vote on any matter.

AGENDA OF BUSINESS

1 HOUSING DEPARTMENT SERVICE PLAN REVIEW 2010/2011

(Report No 355-2011 by Director of Housing enclosed).

2 DEMOLITION OF 1-56 RUSSELL PLACE, HILLTOWN

(Report No 387-2011 by Director of Housing enclosed).

3 STATUS SURVEY RESULTS 2011

(Report No 356-2011 by Director of Housing enclosed).

4 TENDERS RECEIVED - CITY ENGINEER

(Report No 372-2011 by City Engineer enclosed).

5 TENDERS RECEIVED - CITY ARCHITECTURAL SERVICES OFFICER

(Report No 388-2011 by City Architectural Services Officer enclosed).

6 DEMOLITION OF FIRE DAMAGED HOUSING STOCK AT 77-92 WHITFIELD AVENUE (AN134-2011)

Following a fire at 77 Whitfield Avenue on 12th July, 2011, it was deemed necessary to demolish the entire block on the recommendations of the Fire Brigade and the Police. It was agreed that the demolition should be carried out as soon as practicable. Four local demolition contractors were asked to submit tenders for the works.

Given the emergency nature of the works, the City Engineer and the Director of Housing, after consultation with the Convener of City Development and Spokespersons of the other Groups, accepted the lowest offer from Dundee Plant Co Ltd allowing works to commence on 18th July, 2011, with a contract period of five weeks. The contract amount was for £31,000.00 which together with allowances of £4,000.00 for professional fees, £12,000.00 estimated cost for public utilities and post demolition treatment and contingencies of £3,000.00, making a total of £50,000.00.

Committee is asked to note the foregoing for information.

7 NATIONAL HOUSING TRUST INITIATIVE (AN135-2011)

The National Housing Trust NHT is an innovative approach to boost the numbers of affordable houses and realise wider economic recovery benefits linking private sector/public sector partnerships.

Reference is made to Article I of the Minute of Meeting of the Housing, Dundee Contract Services and Environment Services Committee of 23rd August, 2010 approving Dundee City Council's participation in the National Housing Trust Initiative to provide properties for mid market rent within Dundee subject to suitable bids being received. It was agreed that up to a maximum of 75 units may be considered necessitating a prudential borrowing requirement from the General Fund of up to £6.337M. This prudential borrowing to be backed by Scottish Government guarantees.

Further reference is made to Article II of the Minute of Meeting of the Housing, Dundee Contract Services and Environment Services Committee of 14th March, 2011 that following the procurement process via the Official Journal of the European Union (OJEU) a bid from Ferrier Holdings to provide 16X2 bedroom flats at East Links Place, Broughty Ferry had been recommended for inclusion within the Framework Agreement subject to gaining necessary Planning Permission.

The Scottish Government has now indicated that it is to launch a second round of procurement for NHT in September 2011 and has requested that Councils interested in participating in this second round advise the Government accordingly.

The Council has capacity within the prescribed borrowing and numbers of units previously agreed and outlined above for the inclusion of additional units in the Framework Agreement. Therefore Committee is requested to endorse the Council's participation in the second round of NHT.

REPORT TO: HOUSING COMMITTEE 22 AUGUST 2011
REPORT ON: HOUSING DEPARTMENT SERVICE PLAN REVIEW 2010/11
REPORT BY: DIRECTOR OF HOUSING
REPORT NO: 355-2011

1. PURPOSE OF REPORT

This report reviews the performance of Housing Department in relation to its Service Plan 2010 - 2012 and adds new actions flowing from this review.

2. RECOMMENDATIONS

The Committee is recommended to:

- 2.1 approve the contents of Housing Department Service Review and instruct the Director to continue to seek improvement on the level of performance
- 2.2 approve the actions identified in the review to be included the Department's Service Plan.

3. FINANCIAL IMPLICATIONS

All actions are within the Department's approved budget.

4. MAIN TEXT

- 4.1 The Department has made the following improvements or sustained a target level in its priority performance indicators, the **bold text** identifies the objective set out in the Service plan and the **normal text** identifies the action from this objective -

Eradicate fuel poverty in Dundee as far as is practicable whilst meeting the Scottish Government's targets on reducing carbon emissions through the Climate Change Act in order that citizens of Dundee can live in warm, dry, affordable homes

- 35.7% of Housing stock meets the Scottish Housing Quality Standard, the target is 36%.
- All Council and Registered Social Landlord properties require to have an NHER rating of 5 by 2015. At the current time 70% of Council Houses have achieved this rating of 5.
- Dundee Energy Efficiency and Advice Project (DEEAP) income maximisation checks have raised £223,251 to help those in fuel poverty, the target is (£200,000) we have exceeded the target set for 2010/11.
- A total of 715 families have been registered to receive 20% fuel discount over the year. This exceeded the target set for 2010/11 which was 500.

Improve the quality of our letting service and sustainability of tenancies

- The percentage of lets to Homeless applicants have increased to 49%, this is above the target of 45%

Prevent and reduce homelessness by processing and implementing the homelessness strategy 2008 - 2012

- We have achieved a reduction in length of stay in Bed and Breakfast accommodation to 2 days, the target is 10 days.

The table below presents the Department's top priority performance indicators:

Key Performance Indicators

definition	06/07	07/08	08/09	09/10	10/11	Current Target	Bench mark	Improvement Status
% of Council houses passing the Scottish Housing Quality Standard	11	15	23	25.6	35.7	36	36	▲

Length of stay in B & B (days)	67	27	6	3	2	10	33	▲
% of houses meeting NHER rating Level 5 by 2015	30%		75%	66	70	100		▲

Status Yearly & Long term trend: ▲ = >5% improvement, ● = maintained, ▼ = >-5% deterioration

4.2 Highlights

The Department's key achievements during the year were:

- The safety of our tenants is paramount and we have made big improvements to our handling of gas safety in the last two years. We are now one of the top performing local authorities in Scotland for gas safety certification. The year end figure for 2010/11 shows that 99.8% of council houses have a current gas safety certificate. It also shows that 99.3% of all gas safety checks are carried out within 12months. The Scottish average for gas safety checks is recorded as being 93%.
- 70% of Council houses meeting NHER rating level 5
- All Housing Department staff has received training on Child Protection policy and referral arrangements. Child Protection procedures are currently being updated corporately.
- The Income maximisation workstream has just passed the '£1m barrier in additional Benefits raised for Dundee citizens Income maximisation and social tariff applications with both above target for 2010/11
- There are a total of 715 families who are registered for 20% fuel discount (Social Tariff) who are fuel poor, this is an increase on last years total of 537 and is above target of 500 which was set for 2010/11.
- The Homeless Prevention Team has achieved an average of 38% non application rate over 2010/11. This means we count the number of people who present to Lily Walker Centre for an appointment and the number that subsequently result in a homeless application, this leaves us with the non application rate. Homeless applications have fallen by 17% over 2009/10.
- We have reduced the length of stay in B&B accommodation to 2 days.
- Of the 31,137 repair jobs that qualified for the Right to Repair Scheme, 95% were completed on time. For those jobs where timescales were missed, compensation was paid in 100% of cases.
- A new lettings system has been introduced in 2010 and this new system allows us now to allocate more effectively and target those who are in housing need. The

number of vacant properties allocated to people on the homeless waiting list is in line with the national averages at 47%, Dundee achieved 49%. This is slightly above target, of 45% this can be a result of successful lets through the available now process. The time it takes for an application form to be processed is 3 days and this is one of the best performances in Scotland.

- 570 houses have benefited from minor/major adaptations to assist people to continue living in their current homes. For those people who require rehousing to assist with a disability 32 people have been rehoused into fully adapted housing and there are 59 households on the waiting list. In addition to this we have refurbished kitchens and bathrooms in 5 houses for current tenants making them more accessible and bringing them in line with SHQS Standards. Sixteen purpose built new houses have now been occupied, a further 16 units are being constructed and will be available for occupation in the autumn 2011.
- In 2010/11, there was a slight reduction in the number of Anti-Social behaviour complaints from 1,868 to 1,858. An annual programme of Estate Walkabouts involving tenants, councillors and other partner agencies has been arranged. Outcomes are reported to tenants / residents and councillors.
- The Housing Support Team continues to assist vulnerable tenants requiring support to help them maintain their tenancy. The number of clients which the Housing Support Team has worked with this financial year exceeds the target of 130 set; the team have worked with 132 clients.
- The new build policy was agreed in 2007 and this allowed for a programme of 135 homes. To date 33 houses have been purchased on the open market and the Council are building 69 units, 32 of which are being built for wheelchair users. Two units have been provided by the conversion of former 'Twa Semi's' community facility and planning is underway to achieve a site start on a further 12 units at Ann Street. Hilltown in 2011/12. The balance of 19 units has been revised through the Five Year Capital estimates by the Policy and Resources committee in June 2010. The remaining 19 mainstream houses scheduled to be built over 2013/14 and 2014/15.
- Dundee City Council Housing Department is committed to support training opportunities for staff and to make the provision of excellent customer service a priority for all. Staff had the opportunity to study for the Chartered Institute of Housing's Level 2 Certificate in an innovative partnership between the City Council and Dundee College. 40 members of staff have now completed their qualification. Housing has also implemented a formal staff induction process for all staff, and quarterly induction days have been implemented. Over the last financial year we have introduced a competency Employee Performance Development Review identifying staff members training/development needs which has been reviewed and consolidated into a training plan.

4.3 **New Actions and Improvements**

The Department has taken account the Housing Departments aim to eradicate fuel poverty in Dundee as far as is practicable whilst meeting the Scottish Government's targets on reducing carbon emissions through the Climate Change Act in order that citizens of Dundee can live in warm, dry and affordable homes and has added the following actions in its Service Plan for the year ahead:

- Develop a scheme to deliver photovoltaic panels to those tenants who can benefit from this technology and develop a delivery model which maximises return to the council from Feed in tariffs.

4.4 Appendix 1 sets out the Department's Service Plan with the most up to date performance indicators and an update on each of the actions included in the Service Plan plus the new actions inserted in the relevant section.

5. **POLICY IMPLICATIONS**

This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-Poverty, Risk Management. There are no issues to report.

An Equality Impact Assessment has been carried out and will be made available on the Council website <http://www.dundee.gov.uk/equanddiv/equimpact/>.

6. **CONSULTATIONS**

The Chief Executive, Depute Chief Executive (Support Services) and Director of Finance.

7. **BACKGROUND PAPERS**

Equality Impact Assessment.

ELAINE ZWIRLEIN

Identify opportunities to promote and support the low cost initiative for first time buyers to increase	Elaine Zwirlein/Roger Seaman	11/05/2011 National Housing Trust initiative underway	30/04/2015	On Schedule

Description	Owner/Officer	Latest Assessment	Target Date	Status
opportunities for low cost home ownership.				
Implement SHQS delivery plan to increase the number of social rented houses meeting the standard.	Elaine Zwirlein/Roger Seaman	05/05/2011 SHQS Root and Branch review completed and approved by Housing committee on 23rd August 2010. Latest returns to Scottish Housing Regulator due on the 15th June. This return will include the first details of expected exemptions and abeyances as per the latest guidance from the SHR.	30/04/2015	On Schedule
Implement resources to meet the SHQS that requires all councils and RSLs to reach a minimum NHER 5 by 2015.	Elaine Zwirlein/Roger Seaman	26/04/2011 Much the same as the above. The funding from Scottish Gas is from CESP (Community Energy Saving Programme) and the project at the Dalfield multis is due on site in summer, 2012. This will entail all 4 multis receiving overcladding and being provided with gas-fired district heating. This will increase the energy-efficiency of the flats and raise the NHER well above 5. There have been some contractual issues to resolve in getting this project to site but it is hoped that, once resolved, it may be possible to obtain further CESP funding to allow similar works to proceed at other multi-storey developments in the city and to increase the energy-efficiency of these other flats. If this is not possible, the Housing Department may have to apply to the Scottish Housing Regulator for exemptions to the SHQS for these msd properties.	30/04/2015	On Schedule
Prepare Housing Department Asset Management Plan.	Elaine Zwirlein/Roger Seaman	11/05/2011 Asset Management template agreed by Housing Strategy Manager. Housing input to Corporate Asset management plan complete	30/10/2010	On Schedule
Submit Root and Branch Review Report to Scottish Government.	Elaine Zwirlein/Roger Seaman	11/05/2011 Interim update sent to Scottish Government in September. Guidance awaited for full resubmission in Summer 2011. Guidance now received resubmission is in the form of a slightly extended annual return that is due with the SHR by the end of June 2011.	31/08/2010	On Schedule

REPORT TO: HOUSING COMMITTEE - 22 AUGUST 2011

REPORT ON: DEMOLITION OF 1-56 RUSSELL PLACE, HILLTOWN

REPORT BY: DIRECTOR OF HOUSING

REPORT NO.: 387-2011

1. PURPOSE OF REPORT

To seek approval for the demolition of the 57 properties at 1-56 Russell Place, Hilltown, Dundee

2. RECOMMENDATIONS

It is recommended that Committee:-

- 2.1. Agree to declare surplus and demolish 54 flats, complex and residents lounge at 1, 2a and 3-56 Russell Place, Hilltown, Dundee.
- 2.2. Remit the Director of Housing to award priority re-housing status to the remaining tenants together with the statutory Home Loss Payment of £1,500 and to manage the re-housing process in accordance with the details of paragraph 4.8 of this report.
- 2.3. Remit the Director of Housing to enter into discussions with the sheltered housing wardens regarding the redeployment process at the appropriate time.
- 2.4. Remit the Director of City Development to prepare tenders and seek offers for demolition and past demolition treatment at the appropriate time.

3. FINANCIAL IMPLICATIONS

- 3.1. Demolition and past demolition costs are estimated at £327,500. These costs will be met from an allowance in the 2011/2012 HRA Capital Budget.
- 3.2. Home Loss Payments for the remaining 48 tenants are estimated at £72,000. These costs will be met from an allowance in the 2011/2012 HRA Capital Budget.
- 3.3. Should full re-housing not be achieved during 2011/2012, allowances will be made in future HRA Capital Budgets.

4. MAIN TEXT

- 4.1. Reference is made to Housing Committee Report 489-2004 which specified the criteria for declaring properties "at risk" of demolition.

These criteria included:

- No sustainable demand.
- Void levels greater than 5% for 6 months.
- Unpopular house type.
- Consideration of development opportunities.
- Capital investment is economically unjustified.
- SHQS requirements.
- Financial Viability Study.
- Demand and supply of Council houses.
- Tenants and staff views.
- Last rents and management costs of properties.

4.2. There is no express demand for these properties from applicants on the Council's waiting list.

4.3. The present management performance of the properties above are:

1-56 Russell Place

Voids 8

Turnover 10.91%

Offers/Let

R&M Cost/house/year £637.47

Void Loss £17,756.36

Possible Total Income £212,232.96

4.4. The present investment requirement for 1-56 Russell Place to achieve the SHQS are:

Heating and rewire	£459,000
Kitchens and bathrooms	£253,800
Controlled entry/warden call	£80,000
Insulation/windows replacement	<u>£432,000</u>
SHQS costs	£1,224,800

In addition to the SHQS costs, the lifts that service the blocks require to be replaced.

The City Engineer has reported that the garage, which is directly below Russell Place requires substantial investment to address structural weakening in its concrete, this garage structurally supports 1-56 Russell Place.

SHQS costs (from above)	£1,224,800
Lift replacement	£100,000
Concrete strengthening	<u>£560,000</u>
	£1,884,800

Investment per house	£34,904
Citywide investment/house	£4,491

The above works would require tenants to decant to alternative properties 3 times to allow work to proceed.

4.5. The properties above have poor management performance, extremely high investment requirements and it is therefore recommended these properties are declared surplus and demolished.

4.6. Consultation

A Tenants Meeting was held on 13 June 2011 where an explanation of the condition of the property was made and an outline of the potential options was discussed. (47 tenants attended, some with members of their family). Thereafter, individual tenants were visited to explain this again and gain tenants views. Of the 36 tenants who gave an opinion, 35 tenants wanted to move once to a new house.

4.7. The demolition of these properties will provide the City Council an opportunity to develop this site, in line with the Hilltown Physical Regeneration Framework 2008, which promotes the Hilltown as a sustainable community embracing objectives designed.

- to create a "climate of confidence" for future investment in the Hilltown area of Dundee City.
- to review unpopular housing.
- to ensure that new development increases housing choice across a range of sectors and tenures.
- to create a masterplan of physical regeneration and renewal to guide change for the future of the Hilltown.
- to enhance the area as an attractive place to live.

4.8. Subject to the recommendations of this report being approved, the Director of Housing will:-

- enter negotiations with staff and Trade Unions regarding redeployment of personnel to other appropriate locations.
- enter discussions with local housing associations, who have sheltered complexes/properties in the Hilltown area, to increase allocation opportunities, thus enabling demolition as soon as practically possible.
- implement the policy of assisting sheltered tenants by utilising the Housing Support Team to support and assist tenants on an individual basis, to help them through the transitional period.

4.9. It is perceived that redevelopment of the land at 1-56 Russell Place will generate a small receipt for the HRA for the delivery of the SHQS citywide.

5. **POLICY IMPLICATIONS**

This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-Poverty, Equality Impact Assessment and Risk Management. There are no issues to report.

6. **CONSULTATIONS**

The Chief Executive, Deputy Chief Executive (Support Services), Director of Finance and all other Chief Officers have been consulted in the preparation of this report. No concerns were expressed.

7. **BACKGROUND PAPERS**

- Housing Committee 21 June 2004 (Report No. 489-2004)
Building Stronger Communities - Physical Regeneration in the Council Sector.
- Planning & Transport Committee - 14 January 2008 (Report No. 661-2007)
The Consultation Programme of the Draft Hilltown Physical Regeneration Framework.

ELAINE ZWIRLEIN
DIRECTOR OF HOUSING

JULY 2011

REPORT TO: HOUSING COMMITTEE - 22 AUGUST 2011

REPORT ON: STATUS SURVEY RESULTS 2011

REPORT BY: DIRECTOR OF HOUSING

REPORT NO: 356-2011

1. PURPOSE OF REPORT

To report the results of the Status comprehensive tenant satisfaction survey to Housing Committee.

2. RECOMMENDATIONS

It is recommended that Committee:

- 2.1. Remits the Director of Housing to bring forward a number of actions to further improve services in line with the results of the Status survey.
- 2.2. Agrees that the results of the Status survey are published on the Housing Department's internet / intranet sites and are displayed in reception areas so that both tenants and staff are aware of the survey results.
- 2.3. Agrees that a summary of results is reported in the Housing News, to be issued in the autumn of 2011.
- 2.4. Agrees that the Customer Satisfaction Measurement Tool (CSMT) is introduced to survey tenants on Repairs and Rent Recovery functions.
- 2.5. Agrees that the Status survey (or any other comprehensive survey recommended by the Scottish Housing Regulator or Scottish Housing Best Value Network) is carried out biennially, with the next survey programmed for January 2013. The survey will be issued to a structured sample of tenants to ensure that results reflect the target population.

3. FINANCIAL IMPLICATIONS

None.

4. MAIN TEXT

4.1. Background

The Housing Department carries out a range of service specific surveys to gather information on tenant/client satisfaction. We have not carried out a comprehensive customer survey in recent years and it was agreed that the National Housing Federation's standard tenant satisfaction survey called Status would be used for this purpose.

Scottish Housing Best Value Network (SHBVN) encourages all councils to use Status as this saves time and cost in trying to define a set of questions and enables benchmarking of results. The Status survey covers major areas of service delivery including: Advice and Support; Repairs & Maintenance; Consultation & Participation; Environment and Antisocial Behaviour.

To further improve our survey methodology the Housing Department took part in the pilot of the Improvement Service's Question Bank. This has now evolved into the CSMT which is a standard survey which covers the key drivers for customer satisfaction (Delivery, Timeliness, Information, Professionalism and Staff Attitude). It can be used to gauge service users' satisfaction with a particular service and enables results to be benchmarked. It is suggested that we use this survey to measure satisfaction with our Repairs and Rent Recovery Contact Centres in this financial year.

The Scottish Housing Regulator has recently commissioned a report by IPSOS MORI on capturing better information on tenant satisfaction. This includes the role that comprehensive surveys might have in the facilitation of assessment in the future. The report recommends that a set of core questions should be asked by landlords and that a standard survey should be central to any improvement strategy.

4.2. **Benchmarking**

Contact was made with the Main Group Discussion Forum on the SHBVN website requesting any council who had recently carried out the Status Survey to share their results with us for comparison. Two councils agreed to share their results and those results have now been compared with our own. It should be noted that not all questions have been completed by each authority and therefore not all questions are comparable. The collation of results of the three Authorities has been forwarded to SHBVN for inclusion in their Benchmarking Website.

4.3. **Methodology**

In January 2011 a postal survey and a reply paid envelope were issued to all of our tenants (13,695). Tenants were given until the end of February to return the surveys to us. The survey responses have been analysed. A total of 1199 surveys were returned giving a return rate of 9%.

4.4. **Profile of Respondents**

See appendix 1 for Profile of Survey Respondents and Equalities Information

The profile of respondents shows that younger age groups are under represented and older age groups, particularly age 65-74, are over represented in the survey responses. This should be taken into account when considering the results of the survey. The survey to be issued in 2013 is to be targeted to younger age groups to allow a more balanced response.

4.5. **Survey Results**

Copies of the full results have been passed to Group Leaders, Lord Provost and Depute Lord Provost. See appendix 2 for a summary of results.

The results are generally positive with high levels of satisfaction reported with:

the overall service provided; the overall quality of tenants' homes; the neighbourhood as a place to live; the way we deal with repairs and maintenance and keeping tenants informed about things that might affect them.

4.6. **Media and Feedback to Tenants**

The survey results should now be reported to our tenants, staff and the Best Value Review Group. It has been recognised that as a Department we need to improve the ways in which we feedback results of consultation with tenants and vary our methods of doing this. The results are to be made available to tenants in a variety of ways including:

- Internet.
- Reception area plasma screens.
- Housing Department Newsletter, the Housing News.

4.7. **Conclusion**

The deployment of the Status Comprehensive Survey has resulted in a good level of feedback across a number of service areas. The use of a standard questionnaire has enabled us to compare our performance with other local authorities. Similar benefits will be gained by moving towards the use of CSMT for other service specific feedback exercises.

The results of the Status survey overall are positive, with the Housing Department's results comparing favourably with other local authorities. There are a number of areas where further improvements can be made and the Director of Housing should be remitted to find service improvements as a result of customer feedback. This can be achieved by Unit Managers within the department drawing up action plans to be taken forward and completed prior to the next Status Survey to be issued in 2013.

5. **POLICY IMPLICATIONS**

This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-Poverty, Equality Impact Assessment and Risk Management. There are no issues to report.

6. **CONSULTATIONS**

The Chief Executive, Depute Chief Executive (Support Services), Director of Finance and all other Chief Officers of the Council have been consulted on this report. There were no concerns expressed.

7. **BACKGROUND PAPERS**

Capturing better information on tenant satisfaction, Research Report for the Scottish Housing Regulator by Ipsos MORI Scotland.

ELAINE ZWIRLEIN
DIRECTOR OF HOUSING

12 August 2011

PROFILE OF RESPONDENTS & EQUALITIES INFORMATION**1. Age**

The number of respondents compared to our tenant profile is shown in the table below:

Age Band	Survey Respondents		Tenant Profile from Rents System	
	Number	%	Number	%
16-24	26	2.30	805	5.88
25-34	70	6.21	1871	13.66
35-44	111	9.84	2113	15.43
45-54	170	15.07	2494	18.21
55-59	93	8.24	992	7.24
60-64	127	11.26	1122	8.19
65-74	264	23.40	1918	14.01
75-84	187	16.58	1647	12.03
85+	80	7.09	733	5.35
Total	1128*	100	13695	100

*1128 respondents answered the age question, 70 skipped the question and 1 preferred not to say =1199

The table shows younger age groups are under represented and older age groups, particularly age 65-74 are over represented in the responses. This should be taken into account when considering the results of the survey.

2. Gender

Gender	No. of Tenant Responses	Tenant (%)	No. Partner /Spouse Responses	Partner/Spouse (%)
Male	494	43.4	114	44.0
Female	640	56.3	143	55.2
Not applicable	3	00.3	2	0.8
Total	1137	100	259	100

3. Length of Tenancy

- 47.1% of respondents have been a Dundee City Council tenant for 21+ years.
- 16.5% 11-20 years.
- 13.2% 6-10 years.
- 9.1 % for 3-5 years.
- 6.7% 1-2 year.
- 5.5% under 1 year.

43.2% of respondents have been living in their current home for over 10 years. 38% have been in their current home for between 3 and 10 years and 18% for less than 3 years.

4. Household Composition

Single households accounted for 61.3% of responses and household of 2 or more adults accounted for 24.4% of respondents. 7.7% were from single parents and 3.4% were from 2-parent families.

5. Work Status

- 43% of respondents are wholly retired from work.
- 19% are permanently sick / disabled.
- 11% are employed full time (30 or more hours per week).
- 8% are unemployed and available for work.
- 6% are employed part-time (less than 30 hours per week).
- 5% are looking after family/home.

6. Total Net Income

(after deductions from income tax and national insurance)

- 48% of respondents' income is between £100-£199 weekly.
- 22.6% £200-£299 weekly.
- 17.8% up to £99 weekly.

7. Benefits

- 65.9% of respondents currently receive housing benefit.

8. Equalities

a. Ethnicity

- a. 95% of respondents are White British.
- b. 4% any other white background (includes White Scottish and White Irish).
- c. 1% Other.

b. Religion

- a. 62% of respondents are Christian (all denominations).
- b. 28% have no religion.
- c. 7% preferred not to say.
- d. 2% are other religion.
- e. 0.6% are Buddhist.
- f. 0.3% are Muslim.
- g. 0.09% are Sikh.

9. Disability

Almost 60% of respondents have reported suffering from some form of long-term illness, health problem or disability and 4.1% of responses indicated that someone in the household uses a wheelchair.

1. SURVEY RESULTS SUMMARY

1.1. General Results

- When asked how satisfied they were with the overall service 77% said they were satisfied compared to 12% who were dissatisfied and 11% who were neither satisfied nor dissatisfied.

Benchmarking - Taking everything into account, how satisfied or dissatisfied are you with the overall service provided.

DCC	COUNCIL A	COUNCIL B
77%	65%	78%

- 78% were satisfied with the overall quality of their home compared to 17% dissatisfied and 5% were neither satisfied nor dissatisfied.

Benchmarking - Satisfaction with the overall quality of your home

DCC	COUNCIL A	COUNCIL B
78%	70%	78%

- 72% were satisfied with the general condition of their property compared to 21% dissatisfied and 7% were neither satisfied nor dissatisfied.

Benchmarking - The general condition of this property

DCC	COUNCIL A	COUNCIL B
72%	61%	68%

- 80% were satisfied with their neighbourhood as a place to live compared to 14% dissatisfied and 6% were neither satisfied nor dissatisfied.

Benchmarking - The neighbourhood as a place to live

DCC	COUNCIL A	COUNCIL B
80%	71%	85%

- 67% were satisfied with the value for money for their rent compared to 18% dissatisfied and 15% were neither satisfied nor dissatisfied.

Benchmarking - The value for money for your rent

DCC	COUNCIL A	COUNCIL B
67%	62%	69%

- 1.2 When given the choice of several options, respondents chose the three most important as follows:

- Repairs & Maintenance.
- Overall Quality of your home.
- Improvements or replacement of your kitchen/bathroom/heating.

REPORT TO: HOUSING COMMITTEE - 22 AUGUST 2011
REPORT ON: TENDERS RECEIVED BY CITY ENGINEER
REPORT BY: CITY ENGINEER
REPORT NO: 372-2011

1 PURPOSE OF REPORT

1.1 This report details tenders received and requests a decision on acceptance thereof.

2 RECOMMENDATION

2.1 Approval is recommended of (1) the acceptance of the tender submitted by the undernoted contractor and (2) the undernoted total amount, including allowances, for the project.

Project Reference	Project Description	Contractor	Tender Amount	Total Amount	Finance Available
P11172	Housing Concrete Repairs	Anderson Specialist Contracting	£51,410.00	£77,410.00	£77,410.00
Total			£51,410.00	£77,410.00	£77,410.00

3 FINANCIAL IMPLICATIONS

3.1 The Director of Finance has confirmed that funding for the above project is available as detailed on the attached sheet.

4 POLICY IMPLICATIONS

4.1 This Report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti-Poverty, Equality Impact Assessment and Risk Management. Any issues are detailed on the attached sheets.

5 CONSULTATIONS

5.1 The Chief Executive, Depute Chief Executive (Support Services) and the Director of Finance have been consulted and are in agreement with the contents of this report.

6 BACKGROUND PAPERS

6.1 None.

7 FURTHER INFORMATION

7.1 Detailed information relating to the above Tenders is included on the attached sheet.
