

Dundee Active Travel are working with pupils and the school community to encourage travel to school by walking, wheeling, and cycling. Travelling actively creates a healthier, more enjoyable, and safer route to school. We are also trying to reduce traffic congestion around the school to make the school environment safer and reduce air pollution.

This map is a great way to plan your active travel journey to school.

Both schools also have cycle and scooter parking making it easier for you to cycle and wheel to school.

Designated School Crossing Patrols are shown on your map. From time to time, designated crossings may not be manned. If any crossing point is likely to be without a patrol for an extended period, your school will let you know.

Disclaimer: while the map overleaf shows recommended routes to school, we cannot take responsibility for the journey itself. Take care to ensure that you and your child travel safely and always follow the Green Cross Code.
