Item		Action
No 1	Louise opened the meeting and welcomed all and noted apologies	
No 2	Presentation West End LCPP Presentation to enable the partnership to review existing plan and target resources effectively to meet local need	

LOCAL COMMUNITY PLANNING IN THE WEST END

Presented by Louise Butchart

There followed a full discussion around the presentation and who should be invited to join the partnership it was agreed to liaise with West End Community Council to update contact lists from within the area. This will support wider community engagement.

Children and Families

Data for the ward in the presentation suggest that there are a number of children living in low income families and a cluster of looked after children are identified in the Milnbank/Polepark area. It was noted that all the local primary schools provide informal food banks and school uniforms in reception areas.

It was agreed that a What Matters to You approach to targeted family work would be beneficial to families.

A sub group to meet prior to the November to plan this and would require representation from:

- Kingspark
- St Joseph's & Victoria Park
- Blackness Primary
- Ancrum Road
- The Friary

Discussion

This presentation highlighted the synergies between LCPP & LPP with both looking to improve the lives of people within the community

Key Points & Partnership Working Opportunities:

Due to a limited DCC staff resource in the ward, it was agreed that there are opportunities for partnership working in the following

- Improve Community Engagement _WECC Comms group & CR to meet to plan activities to engage with residents beyond the Perth Road and Blackness areas
- Encourage Youth Participation
- Safer Streets
- A Community Hub

There was a discussion in respect of representatives who could be involved in the LCPP in the future:

Dundee University/Abertay

Mosque

Al Maktoum

Hillcrest and Home Housing Associations

Dundee Hindu Cultural and Community Centre

Youth Services

Local people, particularly from out with Perth Road/Blackness

All members with existing contacts with any of the above to share details and to discuss Local Community Planning with potential members across the ward

Date and timing of meetings

This was discussed in full, and we need to consider when people may be available i.e. Strathmartine LCPP which has adopted a café conversation had attendance of 60 people, meeting was held at 10am to enable parents to attend after dropping off children to school and nursery. The Ferry LCPP has moved to a café conversation format, and it was noted that 27 people attended and this meeting which also took place during the day 3-5pm.

As stated earlier we need to improve community engagement and participation

Christine & Louise to liaise to arrange a poll for all to identify best timings for meetings, it was also noted that not all members will be required to attend every meeting.

Date of Next Meeting

Currently noted as November 20 at 9.30 at The Friary
