Dear Sir

**Environmental Assessment (Scotland) Act 2005: Screening Determination.  
Dundee Local Development Plan: Supplementary Guidance – Air Quality**

Dundee City Council intends to prepare Air Quality Supplementary Guidance. In accordance with Section 8(1) of the Environmental Assessment (Scotland) Act 2005, Dundee City Council, having consulted Scottish Environment Protection Agency, Scottish Natural Heritage and Historic Scotland, has determined that the Air Quality Supplementary Guidance is unlikely to have significant environmental effects.

This determination is based on the views expressed in Tables 1 and 2 of the Screening Report, copies of which were submitted to the consultation authorities on 12th March 2014 and by the responses received from these authorities, through the SEA Gateway, in their email of 7 April 2014. An Environmental Report will therefore not be prepared alongside the Developer Contributions Supplementary Guidance.

Dundee City Council has taken steps to publicise this decision by way of an advert, to be placed in a local newspaper. Copies of the screening report and this determination have been made available to view at the Council's offices at 50 North Lindsay Street, Dundee for inspection by the public at all reasonable times, and available on the Council website ([www.dundee.gov.uk](http://www.dundee.gov.uk))

If you require any further information, please contact Andrew Mulholland, Planning Officer on (01382)433612 or email [andy.mulholland@dundee.gov.uk](mailto:andy.mulholland@dundee.gov.uk)

Yours faithfully
