Tackling Modern Slavery – App

A new app has been launched by leading anti-slavery charity Unseen to complement the Modern Slavery Helpline. The app provides a simple guide to recognising the signs of modern slavery and makes reporting it to the Helpline as easy as a click of a button. The app puts callers through to the Helpline, or allows them to fill in an online form (see diagram below).

The app was developed for Unseen by the Helpline's founding partner BT and can be found by searching 'Unseen UK' in app stores now or at the links below. You can download it in the apple, google play and windows app stores for free.

Please promote the app across your networks as a further tool in the fight to eliminate human trafficking and exploitation. If you have any questions, please do let us know.

Thanks

Scottish Government Human Trafficking Team
