

Dundee City Archives: Reference Collection

What is listed in this index?

This index lists published reference items that we hold. This includes books, pamphlets, booklets, flyers and periodicals. These are all items which were printed and many copies were produced. This may mean that copies of these items are held in other archives or libraries. In some cases published material is held in our archival collections when they relate to the main collection. If there is anything in particular you are looking for please contact us.

How do I use this index?

The items in this index are sorted by category in alphabetical order. These categories are listed on the next page. Many of the categories are then split into subcategories, such as time periods or geography, e.g. UK, Scotland, Angus, Dundee. Alternatively you can search this document for keywords using the find option.

How do I access the records?

The location of the items in the reference collection is shown in the last column. Some items are available on the shelves in our Searchroom. Other items need to be ordered from our stores. You can order these on arrival at the Archives or you can pre-order them in advance of your visit via email when booking a space in our Searchroom (see below). Please quote the ID number and title of the item.

Visiting the Archives

Opening Hours: Monday to Friday: 9.30am to 1pm and 2pm to 4.30pm

We have limited space in our search room so users should make an appointment if possible. If you need disabled access please let us know before your visit. The Archives entrance is at [14 City Square](#). When you arrive please go to the reception at 20 City Square – on the right side of the square under the City Chambers. Tell the receptionist that you are visiting the Archives. A member of Archives staff will then take you to the searchroom.
