

# South Road Park

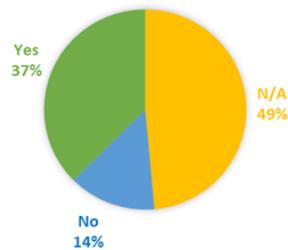

## Question 3:

SHOULD THERE BE BIODIVERSITY GRASSLAND/NATURALISED GRASSLAND IN THIS GREENSPACE?

## Question 4:

IS THE LOCATION OF THE PROPOSED BIODIVERSITY GRASSLAND / NATURALISED GRASSLAND IN THE RIGHT PLACE?

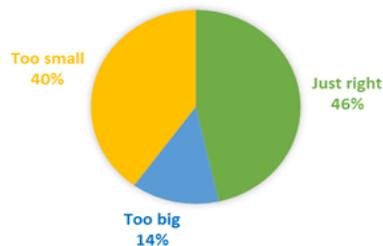

## Question 5:

If it is not in the right place, please let us know where would be more appropriate. If you have no comment skip to the next question. Total responses = 3

Extend an additional strip both side of the green circular path x1, perhaps a greater area should be covered to allow more biodiversity? This park is mainly used for cutting through and dog walking so leave more grassland to grow longer x1, The area near the top of Arran drive was used by dog owners, it looks a mess being so close to the road now x1

## Question 6:

WHAT DO YOU THINK ABOUT THE SIZE OF THE PROPOSED BIODIVERSITY GRASSLAND / NATURALISED GRASSLAND AREA FOR THIS GREENSPACE?

Note:

- Question 4 and 5 – N/A refers to those who chose not to answer the question
- Question 6 – N/A stripped out to give picture of those that did answer
